Employment Services

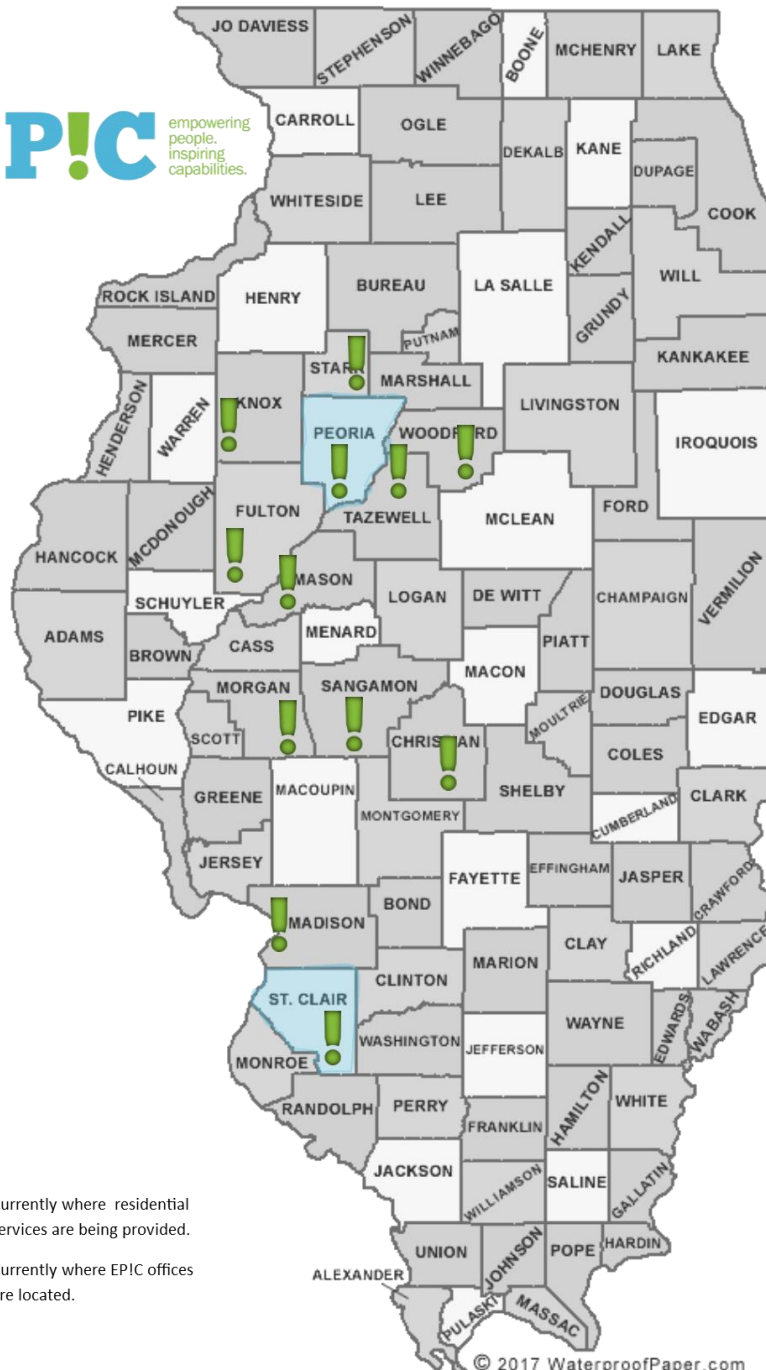

Our Mission

At EP!C we enrich the lives of people with intellectual and developmental disabilities.

Our Vision

EP!C envisions a world where people with developmental disabilities are inspired, respected, engaged in their community, and empowered to achieve their personal best and where families, guardians, and advocates receive the knowledge, resources, and support they need.

From its small beginnings as a class of 10 children, EP!C has evolved through the years to meet the needs of the disabled and to continue to develop new and innovative programming and services.
