Letter from Early Learning Coordinator

McLean County Unit District No.5

1809 West Hovey Avenue

Normal, IL 61761-4339

Dear Parent/Guardian:

Welcome to the McLean County Unit District No. 5 Schools!

Our district is very pleased to present this comprehensive handbook for your use during the coming school year. A significant effort is put forth to provide student transfers between buildings with a minimal degree of change. Although many daily procedures have been standardized, each school still maintains its own unique history, traditions, and school climate.

All handbook and school rules apply to all school-sponsored events, even those activities occurring off-campus. The handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the rules and policies. **Changes in State and federal laws may indicate amendments to sources identified in this handbook during the school year. Please see the Board's comprehensive policy manual on the District's website <http://unit5.org/board/policies/> or at the Board office, located at 1809 West Hovey Avenue, Normal, Illinois for current information.**

If you have questions regarding any aspect of our early learning program, please feel free to contact your child's teacher or the building principal.

We pledge to make every effort to assure that your child has a meaningful and enjoyable education in our school district.

Sincerely,

Kris Pennington

Awareness and Prevention of Child Sexual Abuse, Grooming Behaviors, and Boundary Violations

Child sexual abuse, grooming behaviors, and boundary violations harm students, their parent/guardian, the District's environment, its school communities, and the community at large, while diminishing a student's ability to learn.

Warning Signs of Child Sexual Abuse

Warning signs of child sexual abuse include the following.

Warning Signs of Grooming Behaviors

School and District employees are expected to maintain professional and appropriate relationships with students based upon students' ages, grade levels, and developmental levels.

Prohibited grooming is defined as (i) any act, including but not limited to, any verbal, nonverbal, written, or electronic communication or physical activity, (ii) by an employee with direct contact with a student, (iii) that is directed toward or with a student to establish a romantic or sexual relationship with the student. - Expressing unusual interest in a student's sexual development, such as commenting on sexual characteristics or sexualizing normal behaviors
- Giving a student gifts without occasion or reason
- Spending a lot of time with a student
- Restricting a student's access to other adults

Warning Signs of Boundary Violations

School and District employees breach employee-student boundaries when they misuse their position of power over a student in a way that compromises the student's health, safety, or general welfare. Examples of boundary violations include:

- Favoring a certain student by inviting the student to "hang out" or by granting special privileges
- Engaging in peer-like behavior with a student

- Taking and using photos/videos of students for non-educational purposes
- Initiating or extending contact with a student beyond the school day in a one-on-one or non-group setting

Prevention of Anaphylaxis

While it is not possible for the School or District to completely eliminate the risks of an anaphylactic emergency, the District maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. Secure Gun Storage

The Board of Education of McLean County Unit 5 has adopted a resolution directing the Superintendent to include information in student handbooks about safe gun storage and the legal obligations regarding the secure storage of firearms.

Unsecured firearms put children and staff at risk in our schools and beyond. Adults may be liable both criminally and civilly when a child gains unsupervised access to firearms which are not appropriately and securely stored.

According to the Everytown for Gun Safety Support Fund, “#NotAnAccident Index,” <https://everytownresearch.org/maps/notanaccident/>, every year, nearly 350 children under the age of 18 unintentionally shoot themselves or someone else. That is roughly one unintentional shooting per day. More than 1,200 children die by gun suicide each year. In the overwhelming majority of these incidents, the gun used was one that belonged to someone in their home.

One study found that although 70 % of parents believe their teen cannot access the gun(s) in their home, more than one-third were contradicted by their child’s report. The study also found that in households where parents said their child could not access a firearm, 21.8% of their children indicated that they could access a firearm within 5 minutes and 14.9% indicated that they could access a firearm in more than 5 minutes but less than 1 hour. Research shows that secure firearm storage practices are associated with up to an 85% reduction in the risk of self-inflicted and unintentional firearm injuries among children and teens. Storing firearms securely protects children in the home as well as students throughout the school district and community.

Nothing in the foregoing shall be read to establish an implied or contractual right of action for a victim of gun violence.

Section 2 - Attendance and Promotion

Attendance & Absences

Arrival and Dismissal

Morning Session: 7:45-10:15 AM

Afternoon Session: 11:45-2:15 PM

Full Day session: 7:45 AM-2:15 PM

There is no school supervision prior to the start of each session or following the dismissal times.

Leaving While School Is In Session

When a student needs to leave school early, parent(s)/guardian(s) should call the school or send a note indicating what time the child will be leaving. Students must be signed out in the office by a parent/guardian. If the student returns on the same day, he/she must be signed in by a parent/guardian in the office before returning to class.

Student Absences

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or

her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

For students who are required to attend school there are two types of absences: excused and unexcused. The school may require documentation explaining the reason for the student's absence.

Excused Absences

Absences for the reasons listed below are considered "valid causes" and will be marked as an excused absence. Documentation or proof of the reason may be required from a professional source in some cases.

1. Illness (including up to 5 days per school year for mental or behavioral health of the student) or injury
2. Serious illness or death in the family
3. Medical or dental appointment (an appointment card or other verification from the doctor's or dentist's office may be required.)
4. Unavoidable accident or emergency
5. Observance of a religious holiday or event
6. Circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety
7. Court appearance (beyond student's control)
8. College Visit / Military Visit (with verification)
8. Attending a military honors funeral to sound "Taps" if the child is in grades 6 through 12
9. Military Family Absence *
10. Other situations beyond the control of the student as determined by the Board of Education in Board Policy 7.70

*A student will be excused for up to five (5) days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-supported postings. Students are responsible for obtaining assignments and ensuring assignment completion.

Students who are excused from school will be given a reasonable timeframe to make up missed homework and classwork assignments.

Unexcused Absences

All other absences are considered unexcused. Requests for excused absences for reasons other than those listed above should be made to the Board of Education. Unexcused absences include but are not limited to:

1. Truancy
2. Oversleeping
3. Missing the bus
4. Lack of ride to school
5. Private vehicle breakdown or failure to start
6. Working
7. Personal business
8. Participation in non-school sponsored activities
9. Vacation

Reporting Absences

Each day that a student is absent, the student's parent or guardian is required to call the school attendance line at 309.557.4460 (Brigham) or 309.557.4474 (Sugar Creek) or 309-557-4464 (Fairview) before 8:30 AM for AM students and 12:30 for PM students to explain the reason for the absence. If a call has not been made to the school by 9:45 AM/ 1:45 PM on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

Tardiness

All students are expected to be in their classroom when school begins. Students who are more than 5 minutes late must be signed in at the office.

Cross Reference:

Board Policy 7.70, *Attendance and Truancy*

Prearranged Absences

Any time that parents/guardians know in advance their child will be absent from school due to family vacation or unavoidable circumstances not considered as excused, the parent/guardian must contact the Principal to request a Prearranged Absence. Please note that pre arranging an absence does not excuse absences that would otherwise be unexcused.

Chronic Absenteeism

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with (excused) and without (unexcused) valid cause, as defined in Section 26-2a of the School Code, and out-of-school suspensions for an enrolled student.

The early years are an extremely important period in a child's learning and development. Missed learning opportunities in the early years make it difficult for a child to enter kindergarten ready for success. Attendance patterns in the early years serve as predictors of chronic absenteeism and reduced educational outcomes in later school years.

The school district will collect and review its chronic absence data and determine what support and resources are needed to positively engage chronically absent students and their families to encourage the habit of daily attendance and promote success. The school will make every effort to inform parents of excessive student absences. However, it is the responsibility of the parent to see that their child is in regular attendance.

Students who are at risk of reaching or exceeding chronic absence levels, the school staff will attempt to identify the cause of the student's absenteeism, including interviews with the student, his or her parent/guardian, and staff members or other people who may have information. For students who are chronically absent, the school will provide supportive services, consistent with Board Policy 7.70, including parent-teacher conferences, student and/or family counseling, or information about community service agencies. The school staff may visit the family and offer the family guidance, help, and resources for avoiding chronic absenteeism and promoting regular attendance. If after conducting

outreach and working with the family to get the child to school, if a wait list has been established, students with chronic absenteeism may be dropped from the program. Written notification of drop will be provided to parent/guardian. Regular attendance is essential for successful completion of school.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Emergency School Closings

When it is necessary for school to dismiss early or be canceled, verification will be given to the news media, as well as by a school message system, so parents will know when to expect their children home. School may be dismissed early due to weather (such as snow or excessive heat), on Staff Improvement Days or on other special days as determined by the Board of Education.

The decision to dismiss early due to inclement weather is made prior to 11:00 AM and the media will be notified at that time. It is best to tune in one of the following radio stations if you suspect that early dismissal is a possibility – WJBC 1230 AM, WBNQ 101.5 FM. This information will also be available on the District's website, www.unit5.org. Please do not call the school or Unit Office for this information.

Please arrange with your children what they are to do in case of early dismissal. It is difficult for last minute arrangements to be made for students.

All school functions are canceled when school is dismissed early.

Grading & Promotion

Progress Reporting

Early Learning Progress reports are issued to students three times per year (November, February, May). For questions regarding progress monitoring, please contact the classroom teacher.

If the student turns five (5) on or before September 1 of the upcoming school year he/she is age eligible for kindergarten and is not eligible for the early learning program.

Section 3 – Food Program

The early learning program participates in the National School Lunch Program and receives Federal funds to provide healthy meals (breakfast and lunch) to all of the enrolled children. The amount of reimbursement the program receives is based on the information you provide on the Household Eligibility Application which is provided during registration. Part of the USDA requirement is to complete the application. The information will be kept confidential and only available to staff directly connected with administering the NSLP.

Section 4 - Transportation and Parking

Bus Transportation

The district provides bus transportation to and from school for all early learning students living within district boundaries. Early Learning buses also have a bus monitor in addition to the driver.

- Bus service will be available if inclement weather causes early dismissal. See information under Section 2 – Attendance and Promotion "Emergency School Closings".

Bus Conduct

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the Building Principal.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the student may be suspended from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Bus Discipline

The driver may report students who refuse to follow the bus behavior rules or maintain appropriate behavior to the school office for disciplinary action.

Generally, the following procedures will be used in disciplining a rider:

- **On the first offense**, the teacher will speak with the student to address the reported incident.
- **On the second offense**, the Principal will meet with the student to address the reported incident. A copy of the bus report will be sent home.
- **On the third offense**, the Principal will meet with the student to address the reported incident and the parents will be telephoned. The result of this telephone conference may be suspension from riding the bus for up to 3 days. A copy of the bus report will be sent home.

Students may accept private transportation to or from school only as arranged by their custodial parents. Parents may call the office regarding transportation arrangements with anyone other than an appropriate family member or a Unit 5 school bus.

Use of Video Cameras on School Buses

Video cameras may be used on school buses as necessary in order to monitor conduct and maintain a safe environment for students and employees. The content of the videotapes are student records and are subject to District policy and

procedure concerning school student records. Only those people with a legitimate educational or administrative purpose may view the videotapes. In most instances, individuals with a legitimate educational or administrative purpose will be the superintendent, principal, transportation director, bus driver, and sponsor, coach, or other supervisor. If the content of a videotape becomes the subject of a student disciplinary hearing, it will be treated like other evidence in the proceeding.

Section 5- Health and Safety

Immunization, Health, Eye and Dental Examinations

School Nurse

The primary function of the school nurse is to promote student health and safety and maintain student records. All elementary Certified School Nurses are assigned to multiple schools. If a student becomes ill or injured at school when the nurse is not present, another school official will provide care. Please contact the school nurse at your child's school any time you have questions or concerns.

This handbook is not intended to be all inclusive. Students will be excluded from school for any health condition that in the professional, clinical judgment of the Certified School Nurse places that student or others in the school community at a health or safety risk. Certified School Nurses utilize Evidence Based Practice and collaboration with healthcare professionals and organizations to make decisions best for the students and school community.

Health Information

Health information gathered through screening registration forms, physical exams, oral/written communication by a health care provider or parent/guardian may be shared by the certified school nurse with those individuals (i.e. teachers or other school personnel) who have an educational interest in enhancing the health and safety of the student. This information may be shared via written or electronic communication or by direct personal contact. If you do not wish this information to be shared, please send a written request to the school office by the end of the first week of attendance.

Emergency Numbers

Emergency information will be maintained for all students and should be filled out during the registration process. It is important to have the name and phone number of a person other than the parent/guardian to call in case of a school emergency when parents cannot be reached. Please contact your school office if any changes in this emergency information occur during the school year.

Illness or Accidents at School

All accidents and illnesses which occur at school or at a school function are to be reported to the office. If they are considered serious or if the accident or illness remains in question to the school nurse or office staff, parents will be notified.

The Illinois General Assembly does not require school districts to carry student accident insurance. If a student is injured at school or during a school activity, the parent/guardian's health insurance company should be contacted for coverage.

Additionally, the State of Illinois All Kids health insurance program is available to all children in the state regardless of income level. This program provides health insurance for children, which includes accident insurance. Information about the All Kids program can be found at www.illinois.gov/hfs/medicalprograms/allkids

Student Concussions and Head Injuries

If a student sustains a physician-diagnosed concussion, either during school hours or outside of school, parents are requested to notify the school. If a student's parent/guardian is requesting academic accommodations after a concussion, the Unit 5 Concussion Staging Form must be completed by the student's physician (elementary, junior high, high school) or athletic trainer (high school only) and submitted to the school nurse.

A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with the Unit 5 Concussion Staging Document, signed by the student, the student's parent/guardian, and the student's physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

School Insurance

A low cost accident policy is offered to all students. While the schools have no obligation in case of an accident, the District is glad to cooperate with the agency and offer this limited, yet liberal policy for your consideration. Briefly, students may be insured for the school year for the accidents, which occur while engaged in any school-sponsored activity or between home and school. Enrollment information and claim forms for the collection of insurance payments due to accidents may be obtained in the school offices.

Physicals and Immunizations

ILLINOIS LAW REQUIRES that all students entering an early child-hood program, kindergarten, sixth or ninth grades, or transferring from out of state have a physical examination within one calendar year **PRIOR** to the date of entry. The examination must be reported on the Illinois DHS-Certificate of Child Health Examination form & include a complete immunization record and medical history. Students transferring from another Illinois school must present copies of their current Illinois school health records.

Section 27-8.1 of the Illinois School Code states: "If a child does not comply then the **LOCAL SCHOOL AUTHORITY SHALL EXCLUDE THAT CHILD FROM SCHOOL** until such time as the child presents proof of having had either the health examination or those required immunizations which are medically possible to receive immediately."

All students entering ECE, Pre-K, Kindergarten, 6th grade, and 9th grade must submit a current physical exam and complete immunization record by the FIRST DAY OF SCHOOL. Children without physicals and immunizations will NOT be allowed to start school until the school nurse receives the records. NO appointment cards will be accepted.

I understand that if my student will be entering a pre-kindergarten program (for the first time), kindergarten, sixth, or ninth grade, that I must show proof that (s) he has received a new physical exam on the IL-DHS physical exam form BEFORE THE FIRST DAY OF SCHOOL. *Sports physicals are NOT accepted for this requirement.* Immunizations are *also* required BEFORE THE FIRST DAY OF SCHOOL for several grades; click on

the link below or check with your healthcare provider for details. http://www.isbe.net/pdf/school_health/immunization-requirements.pdf. It is strongly recommended that you turn in these requirements by the walk in registration date each year either in person or by mailing it to the school.

Parents or guardians who object to health examination or immunizations on religious grounds must present an Illinois Certificate of Religious Exemption to Required Immunizations and/or Examinations Form found at: <http://www.dph.illinois.gov/sites/default/files/forms/religious-exemption-form-081815-040816.pdf>. The form must be signed by the child's parent or legal guardian, **AND** the child's health care provider responsible for performing the child's health examination. If a child cannot be fully immunized because of health reasons (medical contraindication), the physician must state this fact on the health examination certificate.

In the event of a diagnosed case of a communicable disease the school nurse will consult with the McLean County Health Department to determine the need to exclude students not protected by immunizations, utilizing the most current Illinois Department Public Health Rules and Regulations.

The following immunizations are required by the State of Illinois for children in grades Pre-K through 12. The specific requirements for each are determined in Section 665.240 (Basic Immunization) and Section 665.250 (Proof of Immunity) of Title 77 of the Illinois Administrative Code.

1. DPT/DTap/Tdap
2. OPV/IPV
3. Measles/Mumps/Rubella (MMR)
4. Varicella
5. Hepatitis B (required for early learning programs and 6th grades and up)
6. Hib (required for early learning programs)
7. Pneumococcal (required for early learning programs)
8. Meningococcal (required for 6th-8th grades and 12th grade)

Dental Exams

Public Act 93-946 requires all Illinois children in **kindergarten, second, and sixth grades** to have an oral health exam. Each child shall present proof of exam by a dentist prior to **May 15** of the school year.

Vision Exams

Illinois law requires all children in **kindergarten** or **enrolling for the first time in an Illinois school** to have an eye examination completed by an eye doctor. Each child shall present proof of exam by an eye doctor prior to the **first day of the school year**.

Exemptions

A student will be exempted from the above requirements for:

1. Religious grounds if the student's parent/guardian presents to the building principal an Illinois Certificate of Religious Exemption to Required Immunizations and/or Examinations Form found at: <http://www.dph.illinois.gov/sites/default/files/forms/religious-exemption-form-081815->

[040816.pdf](#). The form must be signed by the child's parent or legal guardian, **AND** the child's health care provider responsible for performing the child's health examination.

2. Health examination or immunization requirements on medical grounds if a physician provides written verification;
3. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
4. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Vision and Hearing Screenings

Vision and hearing screenings will be conducted at state-mandated grade levels. Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo the mandated vision screening IF a report of an eye examination within the last 12 months by an optometrist is on file at the school. The vision examination report must be completed and signed by the optometrist. This section of the student handbook constitutes notice to parents and guardians of students in the grades mandated for vision and hearing screenings. Vision and hearing screenings will be conducted for all students in the mandated grades unless the parent provides a written request that the student not be screened, or, in the case of vision screening, provides a current eye examination report.

Communicable Diseases

For everyone's protection, sick children must be at home, not at school. When reporting the student's absence, please report the reason for the child's absence. The school needs to be informed of any student having a special health problem or communicable disease. Children with the following conditions should not be in school:

- A **fever** within the last 24 hours of 100° F or higher
- Vomiting or diarrhea within the last 24 hours
- A frequent or disruptive cough or other signs of an acute **respiratory infection**
- Any **contagious illness** such as "strep throat" that requires antibiotic therapy. Once a student has been **fever free and on antibiotics for at least 24 hours free without the use of fever-reducing medications**, he/she may return to school.
- Any **undiagnosed skin rash**. A student with a rash may attend school upon presenting a **physician's note** stating the rash is not contagious.
- Pronounced **lethargy or fatigue** that interferes with participation in learning activities.

Care of Students with Chronic Health Conditions

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses like Diabetes of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, State statutes, federal regulations and State rules.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means. Federal law protects students from discrimination due to a disability that substantially limits a major life activity. Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

It is the parent/guardian's responsibility to inform the School Nurse or Principal of their child's health concern. The School Nurse will then work with the family, the student, the student's physician and the classroom teacher to develop a Plan of Action. It is the parent's responsibility to ensure that The Plan and all medication and procedure forms (if needed) are completed and signed by the physician and parent before they will be implemented. Please contact your School Nurse for further information.

Treats and Snacks

Due to health concerns, allergies and scheduling, snacks for any occasion must be arranged in advance with the classroom teacher other than students in the full day preschool program. Full day students will be served a snack in the afternoon. All snacks must be store bought. No homemade snacks are allowed at school. Snacks are not to require refrigeration and must have a clearly printed label. We strongly encourage you to select a snack with nutritional value, such as fresh fruits and vegetables. Birthday recognitions cannot include food items. The decision will be left up to each school as to how they would like to recognize a student's birthday, but it cannot include food items.

Head Lice

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the student is checked by the school nurse or building principal and the child is determined to be free from an active infestation.

Bed Bugs

The Superintendent or designee may implement procedures to further a healthy school environment and prevent or reduce the adverse health effects of bed bugs and spread of disease. Policy #7.250-AP1 Administrative Procedure - Bed Bug Protocol will be followed to provide a healthy, pest-free environment.

Physical Education/ Participation

Students who have restrictions for participation in physical education due to medical prohibitions beyond three days must present documentation from the physician, signed and dated, stating the restriction and length of time it is to be in effect. A parent note is sufficient for 3 days of exemption from PE. An excuse may also be based on religious prohibitions. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

Medication at School

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed healthcare provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian and healthcare provider with prescriptive authority must complete a *School Medication Authorization Form* requesting that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

Except when the school nurse or trained personnel, as defined by State law, administers an undesignated epinephrine injector, e.g.: EpiPen®, an opioid antagonist, undesignated asthma medication, or undesignated glucagon to a person that the school nurse or trained personnel in good faith professionally believes is having an anaphylactic reaction, an opioid-related overdose, respiratory distress, or life-threatening low blood sugar under a standing protocol from a licensed physician, no District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form* is submitted by the student's parent/guardian. Teachers and other non-administrative school employees, except nurses, shall not be required to administer medication to students. However, provided a *School Medication Authorization Form* has been completed and signed by the student's parent/guardian and healthcare provider with prescriptive authority, teachers and other non-administrative school employees may dispense medication to students, administer medication to students, or supervise a student's self-administration of prescription or non-prescription medication as provided in Board Policy 7.270; and coaches and sponsors of school-related activities may be required to dispense and supervise a student's self-administration of medication.

No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in Board Policy 7.270 and its implementing procedures.

Nothing shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector and/or asthma medication prescribed for use at the student's discretion. A student may self-administer other medication, including medication required under a qualifying

plan, dispensed by a delegated school employee, provided the student's parent/guardian and healthcare provider with prescriptive authority has completed and signed a *School Medication Authorization Form*. A student's self-administration of medication other than an epinephrine injector or asthma medication must be under the direct supervision of a delegated school employee. A qualifying plan means: (1) an asthma action plan; (2) an Individual Health Care Action Plan; (3) an Illinois Food Allergy Emergency Action Plan and Treatment Authorization Form; (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973; or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication, epinephrine injector, or medication required under a qualifying plan, or the storage of any medication by school personnel. A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of asthma medication, an epinephrine injector, opioid antagonist, and/or medication, or the storage of any medication by school personnel.

School District Supply of Undesignated Asthma Medication

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated asthma medication in the name of the District and provide or administer them as necessary according to State law. Undesignated asthma medication means an asthma medication prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated asthma medication to a person when they, in good faith, believe a person is having respiratory distress. Respiratory distress may be characterized as mild-to-moderate or severe. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

District Supply of Undesignated Epinephrine Injectors

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) of the School Code and maintain a supply of undesignated epinephrine injectors in the name of the District and provide or administer them as necessary according to State law. Undesignated epinephrine injector means an epinephrine injector prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine injector to a person when they, in good faith, believe a person is having an anaphylactic reaction. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

District Supply of Undesignated Opioid Antagonists

The Superintendent or designee shall implement Section 22-30(f) of the School Code and maintain a supply of undesignated opioid antagonists in the name of the District and provide or administer them as necessary according to State law. Opioid antagonist means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. Undesignated opioid antagonist is not defined by the School Code; for purposes of this policy it means an opioid antagonist prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated opioid antagonist to a person when they, in good faith, believe a person is having an opioid overdose. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law. See the website for the Ill. Dept. of Human Services for information about opioid prevention, abuse, public awareness, and a toll-free number to provide information and referral services for persons with questions concerning substance abuse treatment.

School District Supply of Undesignated Glucagon

The Superintendent or designee shall implement 105 ILCS 145/27 and maintain a supply of undesignated glucagon in the name of the District in accordance with manufacturer's instructions.

When a student's prescribed glucagon is not available or has expired, a school nurse or delegated care aide may administer undesignated glucagon only if he or she is authorized to do so by a student's diabetes care plan.

Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Program Act allows a parent/guardian of a student who is a minor or any other individual who is at least 21 years of age to register with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer a medical cannabis infused product to a student.

A designated caregiver is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:

1. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
2. Copies of the registry identification cards are provided to the District; and
3. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*, specifying the times where or the special circumstances under which the medical cannabis infused product must be administered.

After administering the product to the student, the designated caregiver shall immediately remove it from school premises or the school bus. The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students.

State law does not require school personnel to administer medical cannabis to students. Trained school nurses and administrators are allowed, but not required, to administer a medical cannabis infused product to a student who is a registered qualifying patient. Prior to the administration of a medical cannabis infused product under subsection, a school nurse or school administrator must annually complete training curriculum developed by the State Board of Education, in consultation with the Department of Public Health, on the administration of medical cannabis infused products and must submit to the school's administration proof of its completion.

A trained school nurse or administrator is allowed to administer a medical cannabis infused product to a child who is a student while on school premises, at a school-sponsored activity, or before or after normal school activities, including while the student is in before-school or after-school care on school-operated property or while the student is being transported on a school bus if:

1. The student possesses a valid registry identification card issued by IDPH;
2. A copy of the registry identification card is provided to the District; and
3. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*, specifying the times where or the special circumstances under which the medical cannabis infused product must be administered.

The written authorization and a copy of the registry identification card(s) must be kept on file in the office of the school nurse. Medical cannabis infused products must be stored with the school nurse at all times in a manner consistent with storage of other student medication at the school and may be accessible only by the school nurse or a school administrator.

Medical cannabis infused product includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

Discipline of a student for being administered a product by a designated caregiver pursuant to this Board Policy 7.270 is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Void Policy

The School District Supply of Undesignated Asthma Medication section of Board Policy 7.270 and this Handbook is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated asthma medication from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school asthma medication.

This School District Supply of Undesignated Epinephrine Injectors section of Board Policy 7.270 and this Handbook is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated epinephrine injectors from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school epinephrine injectors.

The School District Supply of Undesignated Opioid Antagonists section of Board Policy 7.270 and this Handbook is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for opioid antagonists from a health care professional who has been delegated prescriptive authority for opioid antagonists in accordance with Section 5-23 of the Substance Use Disorder Act, or (2) fill the District's prescription for undesignated school opioid antagonists.

The School District Supply of Undesignated Glucagon section of Board Policy 7.270 and this Handbook is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for glucagon from a qualifying prescriber; or (2) fill the District's prescription for undesignated school glucagon.

The Administration of Medical Cannabis section of Board Policy 7.270 and this Handbook is void and the District reserves the right not to implement it if the District or school is in danger of losing federal funding.

Administration of Undesignated Medication

Upon any administration of an undesignated medication permitted by State law, the Superintendent or designee(s) will ensure all notifications required by State law and administrative procedures occur.

Disclaimers

Upon implementation of Board Policy 7.270, the protections from liability and hold harmless provisions applicable under State law apply.

No one, including without limitation parent(s)/guardian(s) of students, should rely on the District for the availability of undesignated medications. Board Policy 7.270 and this Handbook do not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medications.

Building Security

For the safety of our students, Unit 5 has adopted a closed-building concept. All exterior doors are locked.

All visitors to the building are required to check into the office to report their purpose for being in the school. Visitors will be given an appropriate ID Badge to wear during their stay. We encourage everyone to cooperate in providing a safe learning environment for the children.

Section 6-Discipline and Conduct

General Building Conduct

Students enrolled in the Unit 5 schools shall conduct themselves in a mature manner, acting with due regard for the supervisory authority vested by the Board of Education in district employees. Good self-discipline is positive and encourages the student to exercise his/her individual rights, within established guidelines, and to respect the rights and welfare of others.

Education proceeds effectively with appropriate and consistent discipline. Teachers and other certified employees shall maintain discipline in the schools. In all matters relating to the conduct and discipline of the students, they stand in the relationship of parents and guardians to the students. They shall exercise such control over students as would be exercised by a kind, firm, and judicious parent. This relationship shall extend to all activities connected with the school program and may be exercised at any time for the safety and supervision of the students.

When a certified employee acts to help a student conduct himself properly, emphasis shall be placed upon the growth of the student toward self-discipline. A progressive form of discipline, tempered by the conditions and circumstances of the offense, shall be followed. Unit 5 does not permit the use of corporal punishment as a means of disciplining students. A teacher is granted the right to remove a student from the classroom for disruptive behavior. Physical contact or restraint may be appropriate when a teacher or other supervisor is required to employ it in self-defense, for the safety of students, or to help maintain control. In all instances necessitating disciplinary action, due process will be afforded the student as outlined in the Illinois School Code, 105 ILCS 5/10-22.6.

Any student who is disobedient or insubordinate or who gives evidence of inappropriate behavior may be suspended, not to exceed ten days, by the Principal. Such suspension will be reported immediately to the Superintendent and the student's parents or guardians, along with a full statement of the reasons for such suspension. The parents or guardians of the suspended student shall be informed of the due process procedures and of their right to have a review of the suspension by the Board of Education. The Principal shall inform the Superintendent if the parents or guardians wish to request or waive the review.

A student may be expelled only by the Board of Education on recommendation of the Superintendent for gross disobedience or misconduct. Expulsion shall take place only after the parents or guardians have been requested to appear with a hearing officer to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place, and purpose of the meeting. If the Board's decision is to expel the student, the reasons for dismissal and the date on which the expulsion is to become effective will be stated.

School personnel may order the removal of a child with a disability (IEP) from the child's current placement for not more than ten consecutive school days for any violation of school rules, and additional removal of not more than ten consecutive school days in the same school year for separate incidents of misconduct. The parents or guardians of the special education student are afforded all rights and privileges to have a hearing pertaining to either the decision about the relationship of the behavior to the suspension and expulsion itself.

The discipline policy of Unit 5 has been formulated by the Board with input from teachers, parents, and administrators. The policy is subject to an annual review.

General Expectations

- Students shall not run, talk loudly or yell in the hallways nor shall they push, shove or hit others.
- Students shall not write on walls, desks or deface or destroy school property.

- Chewing of gum is not permitted in the school building.
- Skateboards are not permitted at school.
- Water guns, play guns, and/or real guns are not permitted at school.
- No portable listening devices, electronic devices or cameras are permitted without permission from the principal

Student Behavior Philosophy

In support of our mission to educate each student to achieve personal excellence, the District will endeavor to create a safe and secure climate, free from the threat of harm to person or property in all school related settings.

It is the shared responsibility of schools, families and communities to achieve this by teaching, recognizing and reinforcing appropriate behavior. To the greatest extent possible the District will use positive behavior management strategies to encourage all students to maintain personal conduct consistent with District expectations, avoiding any cause for disciplinary action. Students are accountable for conducting themselves within the parameters of District expectations and for complying with reasonable corrective actions imposed for violations. When violations occur, incidents will be investigated thoroughly to determine appropriate disciplinary action, intervention and/or supports. Discipline will be administered in a fair and equitable, but not necessarily equal, manner in consideration of individual circumstances.

Parents/guardians are encouraged to review District expectations with their student(s) at the beginning of each school year.

Student Behavior

The goals and objectives of Board Policy 7.190, Student Behavior are to provide effective discipline practices that:

- (1) Ensure the safety and dignity of students and staff;
- (2) Maintain a positive, weapons-free and drug-free learning environment;
- (3) Keep school property and the property of others secure;
- (4) Address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and
- (5) Teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
 2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
 3. Traveling to or from school or a school activity, function, or event; or
 4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
 5. During periods of remote learning.
-

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct. Parents/guardians should review Board Policy 7.190, Student Behavior, for a complete list of prohibited student conduct, which includes, but is not limited to:

1. Using, possessing, controlling, or transferring a “weapon”, as that term is defined in the *Weapons* section of this policy, or a look-alike weapon, or violating the *Weapons* section of this policy.
2. Using or possessing an electronic mobile device including but not limited to mobile (i.e. cellular/smart) phone, video recording device, personal digital assistant (PDA), iPod, mp3 player, laptop, netbook, iPad, tablet, or other similar electronic device in any manner that disrupts the educational environment or violates the rights of others.

Students are allowed to possess and use electronic mobile devices in school, provided they do not cause a disruption, and are not used, seen or heard during instructional time unless:

- (a) The supervising teacher grants permission;
 - (b) Use of the device is provided in a student’s IEP; or
 - (c) It is needed in an emergency that threatens the safety of students, staff, or other individuals.
3. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member’s request to stop, present school identification, or submit to a search.
 4. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
 5. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
 6. Taking or relocating school or personal property without permission. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person’s personal property.
 7. Entering school property or a school facility without proper authorization.
 8. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, a school bus, or at any school activity.
 9. Engaging in any activity, on or off campus, that: interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations where the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; or d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions, supports and progressive discipline, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose a disciplinary consequence.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

Where practicable and reasonable, school officials will consider forms of non-exclusionary discipline before using transitioning. Disciplinary measures may include, without limitation, any of the following:

1. Notifying parent/guardian.
2. Disciplinary conference.
3. Withholding of privileges.
4. Return of property or restitution for lost, stolen, or damaged property.
5. Detention provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
6. Community service with local public and nonprofit agencies that enhances community efforts to meet human, education, environmental, or public safety needs. The District will not provide transportation. School administration may use this option as an alternative to another disciplinary measure giving the student and/or parent/guardian the choice.
7. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this handbook or school disciplinary rules.
8. Planned transition to another program.
9. Temporary removal from attendance in a group setting

No early childhood student may be expelled. Planned transitions to settings that are able to better meet a child’s needs are not considered an expulsion.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or transitioning a student to another program because behavioral interventions, other than a suspension or transition to another program will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or transition to another program

Transition to Another Program

When persistent and serious challenging behaviors emerge, the early childhood program shall document steps taken to ensure that the child can participate safely in the program; including observations of initial and ongoing challenging

behaviors, strategies for remediation and intervention plans to address the behaviors, and communication with the parent or legal guardian, including participation of the parent or legal guardian in planning and decision-making.

The early childhood program shall, with parental or legal guardian consent as required, utilize a range of community resources, if available and deemed necessary, including, but not limited to, developmental screenings, referrals under the Individual with Disabilities Education Act, and consultation with infant and early childhood mental health consultants and the child's health care provider. The program shall document attempts to engage these resources, including parent or legal guardian participation and consent attempted and obtained. Communication with the parent or legal guardian shall take place in a culturally and linguistically competent manner.

If there is documented evidence that all available interventions and supports recommended by a qualified professional have been exhausted and the program determines in its professional judgment that transitioning a child to another program is necessary for the well-being of the child or his or her peers and staff, with parent or legal guardian permission, both the current and pending programs shall create a transition plan designed to ensure continuity of services and the comprehensive development of the child. Communication with families shall occur in a culturally and linguistically competent manner.

Temporary Removal from Attendance in a Group Setting

In the case of the determination of a serious safety threat to a child or others, or if the student is determined to have brought a firearm, a knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "lookalikes" of any firearm to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school, the temporary removal of a child from attendance in group settings may be used. Temporary removal of a child from attendance in a group setting shall trigger the process detailed in this section, with the child placed back in a group setting as quickly as possible.

Cross Reference:

7.190, Student Behavior

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons

A student, who uses, possesses, controls, or transfers one of the following weapons at school, on school grounds, on a school bus, at any school-sponsored activity or event, or at any activity or event that bears a reasonable relationship to school, shall be expelled for at least one calendar year but not more than two calendar years:

1. A firearm, meaning any gun, rifle, shotgun, a weapon as defined by Section 921 of Title 18, United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1);
2. Ammunition;
3. A knife, billy club, brass knuckles, or other knuckle weapon regardless of its composition;
4. A look-alike firearm;
5. Any other object if used or attempted to be used to cause bodily harm.

Students should report suspected possession or use of such items to any counselor, teacher, or administrator. Arrangements to bring such items to school for classroom demonstrations must be made in advance with one of the Assistant Principals.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent or designee, and the Superintendent or designee's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

Required Notices

A school staff member shall immediately notify the office or the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent/guardian. "School grounds" includes modes of transportation to school activities and any public way within 1,000 feet of the school, as well as school property itself.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion, and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated educational employees and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Associate Principal and Assistant Principal are authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 days for safety reasons.

Student Handbook

The Superintendent or designee, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District's student disciplinary philosophy, disciplinary policies and rules, shall be distributed to the students' parent/guardian within 15 days of the beginning of the school year or a student's enrollment.

Fighting

Fighting presents a substantial threat to both personal safety and reasonable order within the school and will not be tolerated. A fight will be defined as "two or more individuals involved in aggressive physical contact with one another." Students need to avoid a physical confrontation at all costs. If this situation is present, students must walk away and report to an adult immediately. Students involved in a first incident of fighting will be subject to suspension from school. Fights may be reported to appropriate law enforcement agencies. Subsequent incidents will result in a suspension of up to ten days and a possible recommendation for expulsion from school.

Vandalism/Damage to Property

Students will be held responsible for damaging or defacing school property or the property of others in any way. Students will pay appropriate restitution for the repair, clean up, or replacement of affected property and will be subject to other disciplinary action as deemed appropriate by the school administration. The offender may be reported to appropriate law enforcement agencies.

Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals. Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school sponsored or school sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the District or school if the bullying causes a substantial disruption to the education process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any nonschool-related activity, function, or program.

Definitions from Section 27-23.7 of the School Code (105 ILCS 5/27-23.7)

Bullying includes *cyber-bullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the district's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the requirements listed below; each numbered requirement, 1-12, corresponds with the same number in the list of required policy components in 105 ILCS 5/27-23.7(b) 1-2.

1. The District uses the definition of *bullying* as provided in this policy.
2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.
3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the District Complaint Manager, building Principal, nondiscrimination coordinator, or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District Complaint Manager or any staff member. Anonymous reports are also accepted.

Complaint Manager: Name: M. Curt Richardson

Address: 1809 West Hovey Ave; Normal, IL 61761
Email: richardmc@unit5.org
Telephone: (309) 557-4082

4. Consistent with federal and State laws and rules governing student privacy rights, the Superintendent or designee shall promptly inform the parents/guardians of every student involved in an alleged incident of bullying and discuss, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.
5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:
 - a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of a bullying incident was received and taking into consideration additional relevant information received during the course of the investigation about the reported bullying incident.
 - b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.
 - c. Notifying the Building Principal or school administrator or designee of the reported incident of bullying as soon as possible after the report is received.
 - d. Consistent with federal and State laws and rules governing student privacy rights, providing parents/guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the Building Principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported incident of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs

7. A reprisal or retaliation against any person who reports an act of bullying **is prohibited**. A student's act of reprisal or retaliation will be treated as *bullying* for purposes of determining any consequences or other appropriate remedial actions.
8. A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as *bullying* for purposes of determining any consequences or other appropriate remedial actions.
9. The District's bullying prevention and response plan must be based on the engagement of a range of school stakeholders, including students and parents/guardians.
10. The Superintendent or designee shall post this policy on the District's Internet website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must also be distributed annually to parents/guardians, students, and school personnel, including new employees when hired.
11. The Superintendent or designee shall assist the Board with its evaluation and assessment of this policy's

outcomes and effectiveness. This process shall include, without limitation:

- a. The frequency of victimization;
- b. Student, staff, and family observations of safety at a school;
- c. Identification of areas of a school where bullying occurs;
- d. The types of bullying utilized; and
- e. Bystander intervention or participation.

The evaluation process may use relevant data and information that the District already collects for other purposes. Acceptable Use of the District's Electronic Networks

All use of the District's electronic networks shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or prohibited behavior by users. However, some specific examples are provided. The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or legal action.

Terms and Conditions

The term electronic networks includes all of the District's technology resources, including, but not limited to:

1. The District's local-area and wide-area networks, including wireless networks (Wi-Fi), District-provided Wi-Fi hotspots, and any District servers or other networking infrastructure;
2. Access to the Internet or other online resources via the District's networking infrastructure or to any District-issued online account from any computer or device, regardless of location;

Privileges - Use of the District's electronic networks is a privilege, not a right, and inappropriate use may result in a cancellation of those privileges, disciplinary action, and/or appropriate legal action. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use - The user is responsible for his or her actions and activities involving the electronic networks. Some examples of unacceptable uses are:

- A. Using the electronic networks for any illegal activity, including violation of copyright or other intellectual property rights or contracts, or transmitting any material in violation of any State or federal law;

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.

This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The District specifically denies any

responsibility for the accuracy or quality of information obtained through its services.

Indemnification - By using the District's electronic networks, the user agrees to indemnify the District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify or suspect a security problem on the network, the user must promptly notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep user account(s) and password(s) confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the networks.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of malware, such as viruses and spyware.

If possible, the notice should also include the web address of the original source.
- B. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of public domain documents must be provided.
- C. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.
- D. The fair use rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- E. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Email - The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the District. The District provides email to aid students in fulfilling their duties and responsibilities, and as an education tool.

- A. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student to an email account is strictly prohibited.

- B. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
- C. Electronic messages transmitted via the District's Internet gateway carry with them an identification of the user's Internet domain. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- D. Any message received from an unknown sender via the Internet, such as spam or potential phishing emails, should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- E. Use of the District's email system constitutes consent to these regulations.

Internet Safety

Internet access is limited to only those acceptable uses as detailed in these procedures. Internet safety is supported if users will not engage in unacceptable uses, as detailed in these procedures, and otherwise follow these procedures.

Staff members will supervise students while students are using District Internet access to ensure that the students abide by the Terms and Conditions for Internet access contained in these procedures.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

Annual Notice to Parents about Educational Technology

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as operators. SOPPA is intended to ensure

that student data collected by operators is protected, and it requires those vendors, as well as school districts and the IL State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

Section 8-Search and Seizure

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school resource officers.

Access to Student Social Networking Passwords & Websites

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School authorities officials may not request or require a student or his or her parent or guardian to provide a password or other related account information in order to gain access to the student's account or profile on a social networking website if school authorities have reasonable cause to believe that a student's account on a social networking website contains evidence that a student has violated a school disciplinary rule or procedure.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. The Principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, **weapons**, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Discipline of Students with Disabilities

The school will comply with the Individuals with Disabilities Education Act (IDEA) when disciplining a child with a disability as defined under IDEA. Behavioral interventions will be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. No child with a disability shall be expelled if the child’s particular act of gross disobedience or misconduct is a manifestation of his or her disability as determined through a manifestation hearing. Any special education student whose gross disobedience or misconduct is not a manifestation of his or her disability may be expelled pursuant to the expulsion procedures.

Isolated Time Out, Time Out, and Physical Restraint Isolated time out, time out, and physical restraint shall only be used if the student’s behavior presents an imminent danger of serious physical harm to the student or others, and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The School may not use isolated time out, time out, or physical restraint as discipline or punishment, convenience for staff, retaliation, as a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. Information may not be released pursuant to subparagraphs (3) or (6) above unless the parent receives prior written notice of the nature and substance of the information proposed to be released, and an opportunity to inspect and copy such records and to challenge their contents.

Challenging Student Records

Parents may challenge any entry in their child's school student records except for academic grades and references to expulsions or out-of-school suspensions if the challenge is made at the time the student's school student records are forwarded to another school to which the student is transferring. Challenges can be made on the basis of:

1. Accuracy;
2. Relevance; or
3. Propriety.

Challenges must be in writing, request a hearing, and contain notice of the specific entry or entries to be challenged and the basis of the challenge. When a challenge is received by the district, an initial informal conference with the parents will be scheduled within 10 business days. If the challenge is not resolved by the informal conference, a hearing will be held. A hearing officer, who shall not be employed in the attendance center in which the student is enrolled, shall be appointed by the district. The hearing officer will conduct a hearing within a reasonable time, but no later than 15 days after the informal conference, unless an extension of time is agreed upon by the parents and school officials. The hearing officer will notify parents and school officials of the time and place of the hearing.

At the hearing each party shall have the following rights:

1. The right to present evidence and to call witnesses;
2. The right to cross-examine witnesses;
3. The right to counsel;

4. The right to a written statement of any decision and the reasons therefore;

A verbatim record of the hearing will be made. A written decision of the hearing officer will be transmitted to the parents and the school district no later than 10 business days after the hearing and will be based solely on the information presented at the hearing. Any party has the right to appeal the decision of the hearing officer to the Regional Superintendent within 20 school days after such decision is transmitted. If the parent appeals, the parent shall inform the school and within 10 business days the school will forward a transcript of the hearing, a copy of the record entry in question and any other pertinent materials to the Regional Superintendent. The school may initiate an appeal by the same procedures. The Regional Superintendent will make findings and issue a written decision to the parents and the school within 20 school days of the receipt of the appeal documents. Final decisions of the Regional Superintendent may be appealed to the circuit court of the county in which the school is located.

Title IX – Civil Rights

Parent/Guardian Involvement**Parent-Teacher Conferences**

Periodically during the school year, scheduled Parent-Teacher Conferences may be held. We believe these conferences are one of the best methods of sharing information about your child. Parent(s)/Guardian(s) will be notified as to the date and time of these scheduled conferences. In addition to these conferences, parents or teachers are encouraged to request additional conference times whenever the need arises. Please call ahead or send a note indicating the desire for a conference. Catching the teacher in the hall or after school without prior notification or during Open House activities does not provide for the best parent-teacher communication.

Parent Groups

Parent groups help build a bridge between home and school. All parents are encouraged to become active members. A good working relationship between parents and school personnel is essential to a child's growth and educational progress. Unit 5 Early Learning Program offers a wide variety of family involvement opportunities throughout the year.

Volunteers and Visitors

In order to ensure the safety of all students, Unit 5 requires a background check for the following volunteer groups: tutors, mentors, classroom assistants, office/clerical assistants, media center/library assistant, chaperones, and extracurricular assistants/workers. Please check with the office staff at your child's school for additional details.

Volunteers help increase the effectiveness of our educational program. They assist in a wide variety of ways including help in the IMC, office, and classrooms.

All parents, guardians, and other visitors are required by law to report to the principal's office upon arrival at any school. They need to sign-in in the office and wear an ID Badge indicating they are visitors. When visitors leave, they should stop in the office to sign-out and return the ID Badge.

Parents and guardians are invited to visit classrooms during the school year, but to avoid testing days, and the weeks prior to and following vacation periods. Small children with parents frequently disturb the classroom process. Students who have school age guests visiting in their homes from out of town must obtain permission from the principal to bring those guests to school.

Protective Orders and Divorce Decrees

It is the policy of Unit 5 that each school cooperates as much as is reasonably possible with all parents/guardians of students in Unit 5. It is also important that teachers and administrators not become involved or embroiled in custody matters and enforcement of protective orders. If a situation arises in which a parent defies a protective order or custody agreement at school, every effort will be made to contact the other parent and/or the local police. The police agency should have information about the orders of protection and enforcement of those orders.

Enforcement of Visitation Rights

The Unit 5 school district is not to become involved in the enforcement of visitation rights. Administrators and teachers cannot become involved in determining who is to have what week and/or daily custody or visitation rights even when the schools have a copy of a divorce decree that states visitation and custody rights.
