

SAVE THE DATE

What: Girls Who Code Night

When: Friday, December 9, 2016 from 6 – 8 PM

Where: Normal West High School

Who: Girls Who Code club members (and other high school volunteers) will be leading three or four 20-30 minute sessions to teach K – 8 students about programming robots and coding!

Want to get involved? Attend a Girls Who Code meeting!
We meet on Mondays in Room 208 from 3:30 – 4:30 PM.

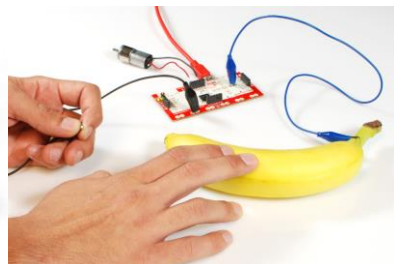

Can't attend? Check our website for coding links and volunteer sign-up information: www.unit5.org/gwc

Want to get reminders and the latest updates?
Join the Girls Who Code Remind text message group by texting the message @westgwc to the number 81010:

Sessions will likely include (but are subject to change):

For grades K – 5: Ozobot, Makey Makey, Sphero, Dash and Dot

For grades 6 – 8: MakeBlock mbot, 3D printing, MIT App Inventor

You can sign up online (coming soon!) or at a GWC club meeting to help lead a session. You will work in small teams to create activities for the K-8 students, and you will get to become an “expert” in your topic!
