Towanda Families,

In case of inclement weather, Unit 5 will now be participating in E-Learning Days instead of Snow Days. This means that students will join their teachers and class remotely, should there be a need to stay home due to bad weather.

Below are details about what the day will look like:

--**Synchronous Instruction** will take place from **8:45am to 10:25am** on WebEx. As always, I will send out a schedule/link using Seesaw.

--**Asynchronous work** will take place in the afternoon using the attached Choice Board. Teachers will be available for questions and assistance via email if the need should arise.

Students should complete their choice of activities on the Choice Board. Place a check and initials on the activities completed and have a caregiver/parent sign the bottom of the form. Students should return this sheet to their teacher within 3 days upon returning to school.

Should an E-Learning Day occur, any additional information will be communicated from your child's teacher.

Please keep the Choice Board in a safe place so that it is accessible if an eLearning Day should occur. I will also post it digitally on Seesaw If you have any questions, please do not hesitate to reach out.

Mrs. Lange

** Please see the Snowy Day packet and February Choice Boards that were sent home in your child's orange folder. Please let me know if you have any questions.
