

Oshkosh Area School District
Health Services

Dear Parent or Guardian,

The health office staff will be performing the following **free screenings**.

- Vision** (Grades: KG (student's who did not have one in 4K or did not pass), 2nd, & 4th)

- Hearing** (Grades: KG & 4th)

If our student's screening identifies a concern you will be notified via US mail. We would encourage you to follow up with your physician at that time. If you do not receive anything that means your child passed his/her screening and requires no further action.

If you would like to **opt out** of these **free screenings**, please notify your school nurse as soon as possible.
