

A NEW AI solution that lets participants scan an EOB right from their mobile app

- Auto-fills expense details
- Located on homepage of mobile app
- Simply click “start Scanning”
- Select the type of EOB to scan
- Select the Insurance Carrier

- Select the upload method and the document that needs to be uploaded into the scanner
- EOB is scanned and expense details automatically filled into an EOB summary.
- From there, participants can easily choose to make a payment, or file a claim in their account.
