For Immediate Press Release

September 28, 2023

Quitman County School District receives a successful “B” rating based on the 2022-2023 school year assessment data. Improving from a “C” rating to a “B” is truly a remarkable feat and a testament to the unwavering dedication and hard work of our students, teachers, support staff, and administration. We are very proud of our students who scored proficient, advanced or showed growth on the state assessments.

This improved rating is not just a letter grade but also a reflection of the positive impact our school district has on the lives of its students and community at large. It signifies we are moving in the right direction, providing a high quality education that equips students with the knowledge and skills necessary for a bright future.

As we celebrate this accomplishment, we must recognize that our journey toward excellence is ongoing. This “B” rating serves as motivation to strive for even higher levels of achievement and to further enhance the learning experiences of all our students within our district. We are gaining momentum and working to become an “A” rated district.

**Final Schools Rating**

- **Quitman County Elementary- B**
