PHILOSOPHY OF EDUCATION/DISTRICT MISSION STATEMENT

Free public education for all children is a cornerstone of a democratic society that values the worth and dignity of each individual. The primary goal of this Board of Education shall be to offer each child in this district the educational opportunity that will enable him/her to function politically, economically, and socially in that democratic society.

The Board, as the agent responsible for the education of the children of the district, will provide a planned program of learning that incorporates into its curriculum the lessons and experience, within the classroom, needed to realize the educational goals of this district. The Board appreciates the need for constant improvement of the instructional program and will strive unremittingly to provide an educational system that assists each pupil in becoming a self-respecting individual who can function effectively and satisfyingly.

It is the expectation of this school district that all pupils achieve the New Jersey Student Learning Standards at all grade levels. The Board will seek out and work cooperatively with the available resources of home and community including business and industry, in the improvement of the educational program.

The Board will endeavor to employ a high caliber, well-prepared staff of adequate size and wide-ranging abilities. Moreover, the Board will provide pupils and staff, as needs dictate and means permit, with adequate educational supplies, equipment, and facilities.

The purpose of education in the schools of this district is to facilitate the development of each child to his/her greatest potential. The school staff shall recognize individual differences among pupils and encourage their achievement and progress, not only in basic skills but in that think independently and critically. The school staff shall help pupils to understand our democratic society; to believe in it and to act fairly in their relationships with others; to develop themselves attitudes of respect and helpfulness toward others; to want, and to be able to perform well, some portion of the work of the world; to acquire knowledge and skills necessary to do this with satisfaction to themselves and society; to understand and use effective methods in framing the questions and tackling the problems that they encounter in their lives to the end that they may function politically, economically, and socially in a democratic society.
**Academic Dishonesty BOE Policy 5701**

The Carlstadt BOE expects all students to be honest in their academic work and to follow all individual teacher testing rules. Academic dishonesty, which includes cheating, plagiarizing, and falsification, is considered a serious violation of the school rules. Teachers will use a variety of methods including software programs to review student work products. A student who is found guilty of academic dishonesty will be subject to a full range of penalties including but not limited to, a reprimand and loss of credit for the disqualified work. It is expected that students will follow the guidelines outlined in BOE Policy 5701.

**Affirmative Action**

The Carlstadt Public School district does not discriminate on the basis of race, color, religion, age, national origin, ethnicity, sex, gender, gender identity or expression, sexual orientation, mental or physical disability, or genetic information. The Board of Education has an established policy that provides equal educational opportunity.

Any individual who has been subjected to harassment or discrimination, or who has witnessed any incident of such harassment or discrimination, should report the matter without delay to the school Affirmative Action Officer.

Any inquiries regarding Affirmative Action should be made to:

**Ms. Allison Evans, Affirmative Action Officer**
201 672-3000 x 3104

**Alcohol, Drug and Narcotic Use**

The Board of Education regards the buying, selling, possession or consumption of alcohol, illegal drugs, non-authorized or non-medically prescribed prescription drugs and narcotics in a school building or on school grounds a very grave matter.

Any student who is suspected of purchase, possession, consumption, distribution and/or sale of illegal drugs/narcotics and/or alcohol in a school building or on school property or at any time when the student is accountable to the school for his/her conduct, shall be reported immediately to the building principal. The principal will investigate the incident and act in accordance with Board Policy.

**Attendance**

The Board of Education has an obligation to require that the pupils of this district be present in school in order that they may be taught. This policy is for the benefit of the pupils, their parents, and the community at large.

Pupil participation in all regularly-scheduled classroom learning activities in each area of study is essential in order to receive the maximum benefits of a thorough
educational program. The entire process of education requires a regular continuity of instruction, classroom participation, learning experiences and study. The regular contact of pupils with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose. Therefore, any pupil who for any reason fails to attend a minimum of 160 days of school, within any academic year, shall be subject to an administrative review by the building principal before the pupil can be considered for promotion. **Any Student who attends less than 150 instructional days shall be permitted to move to the next grade level only for extenuating circumstances (Board Policy 5410).**

School attendance shall be a factor in the determination of a pupil’s promotion or retention. Only extenuating circumstances should permit the promotion of a pupil who has been in attendance fewer than one hundred fifty days during the school year. The following individuals may assist the principal in this review: superintendent, teachers, school counselor/member of the child study team.

The New Jersey Administrative Code also requires school districts to make a mandatory referral to the court program designated by the New Jersey Administrative Office of the Courts for 10 or more “unexcused” absences. We encourage you to have your child attend school regularly. **Work missed during all absences must be made up outside of regular school hours and within a reasonable time. If work is not made up, pupil will receive a failure for the work missed.**

**PARENT/GUARDIAN PROCEDURE FOR REPORTING ABSENCE**

1. Parent/Guardian must report their child absent from school for each day they are absent and include the reason for the absence. Please logo onto the Genesis Parent Portal and click on the attendance link by 9:00 AM. When necessary additional information may be shared with the school nurse by calling 201-672-3012 and leave a message any time of the day or night.
2. We remind you that students should remain at home until they are fever free for 24 hours and /or until vomiting symptoms have been resolved.
3. Attendance is updated daily in the Genesis parent portal. Parents/Guardians shall utilize the portal to monitor student attendance and follow up with school staff if necessary.

**PROCEDURE FOR CHECKING PUPIL ABSENCE**

1. On the first day of pupil absence, the principal or his/her designee shall call the home of the absent pupil to determine reason for absence. Telephone communication must be made with the parent, guardian or designated individual.
2. If a satisfactory reason is given for the absence, all subsequent steps of this procedure are not necessary.

3. The building principal shall report to the Attendance Officer any absence that cannot be confirmed. The Attendance Officer shall make a visit to the home to determine the reason for absence and report the nature of absence to the building principal. If home contact cannot be made, an appropriate form shall be left by the Attendance Officer requiring the parent or guardian to contact the school as indicated on the form.

4. If it is impossible to confirm an absence on more than three (3) days, the Attendance Officer shall immediately issue a five (5) day notice.

5. A pupil who is absent from school without the knowledge of the parent(s) or guardian shall be considered truant.

6. Early dismissal for medical reasons is to be discouraged. Whenever it is necessary for a student to be dismissed from school early, a written request, signed by a parent or guardian must be submitted to the building principal. No telephone requests will be granted. The parent(s) or guardian must come to school for the child. This must be adhered to as a safeguard for the school as well as the student. Carlstadt does not encourage early dismissal or special absences from school inasmuch as the absence from class means much work lost.

PROCEDURE REQUIRED UPON RETURN TO SCHOOL

1. Even though telephone confirmation is temporarily acceptable, the pupil must, upon return to school or within two (2) school days, present a written explanation to the classroom teacher signed by the parent(s) or guardian, stating the reason for and the date of absence(s).

UNEXCUSED ABSENCES

2. In the event of an unexcused absence, a conference shall take place to include the parent(s) or guardian, pupil, principal, superintendent and attendance officer.

2. As a last resort, suspension will be necessary, and a hearing before a special committee of the Board of Education shall be required before re-admitting the student.
UNCONFIRMED ABSENCES

1. The principal must notify the local law enforcement agency and report a child as “potentially missing” when it is impossible to confirm an absence of three (3) consecutive days, in accordance with Chapter 228, P.L. 1984.

PARENT RESPONSIBILITIES AT END OF DAY STUDENT DISMISSAL

2. Parents/guardian are reminded of the need to make arrangements for the prompt pick-up of primary grades at the end of the school day.

3. Older students may walk home after school only if the crossing guards are still on duty. After their shift ends at 4:00 pm, students will need to be picked up by an adult. We understand that occasional problems can happen that may delay your arrival to pick up your child and we assure you we will safeguard your child until your arrival. We also ask you to understand it is unreasonable to expect teachers and office staff to provide after school daycare on multiple occasions.

PARENT RESPONSIBILITIES AT END OF DAY STUDENT DISMISSAL

Parents/guardians are reminded of the need to make arrangements for the prompt pick-up of primary grades at the end of the school day.

Older students may walk home after school only if the crossing guards are still on duty. After their shift ends at 4:00 pm, students will need to be picked up by an adult. We understand that occasional problems can happen that may delay your arrival to pick up your child and we assure you we will safeguard your child until your arrival. We also ask you to understand it is unreasonable to expect teachers and office staff to provide after school daycare on multiple occasions.
Board of Education Meetings

The Board of Education is a nine — member elected Board. Regular meetings of the board shall be held at 6:30 p.m. in the Cafeteria at Carlstadt Public School, 550 Washington Street, Carlstadt, as per the calendar posted on the district website.

Any parent who wishes to take their child home for lunch must sign their child out at the front office. Upon return, parents must sign their child back in at the front office before the end of the lunch period. For the safety of the students, parental telephone calls requesting that their child walk home during the lunch period will be denied. There will be no exceptions to this rule.

You will be receiving additional information regarding the lunch program in September.

Parents/Guardians will be responsible for a $20.00 returned check fee.

Students are responsible for the safe keeping of their own cell phones and other electronic devices and accessories. These devices need to be secured in their own locker with the lock fully closed and engaged. The Carlstadt BOE is not responsible for misplaced items. The recommended option is to leave these devices safe and secure at home unless absolutely necessary.

Classroom Treats
Birthday treats are not permitted at any grade level. Please refer to Board Policy 8505, School Nutrition, for additional information.

**Discipline**

The Board of Education has the authority to make reasonable and necessary rules governing the conduct of students in school. These rules will apply to all students going to, during, and returning from school, and while visiting another school in the district. Teachers have the responsibility for maintaining a suitable environment for learning. They may send a student to the appropriate school official for disciplinary action needed to maintain that environment.

Administrators have the responsibility for maintaining and facilitating the educational programs. The principal is authorized by the state statute to suspend students for cause. The Principal will forward to parents the Student Code of Behavior and the contract to be signed in September.

**Dress Code**

The Board of Education believes that what students wear to school should be appropriate, should be within reasonable limits, and should not distract from educational activities.

This dress code discourages unsuitable clothing in the school and all clothing that is dirty and unsightly. It stresses that there is a difference between school clothes and Saturday play clothes, and the latter has no place in school. On the other hand, the dress code encourages clothing that is neat and clean, that will make students aware of their social responsibility, that will promote high standards of personal conduct, and that will not only bring credit to our school and community, but also instill a sense of pride.
1. Dresses, skirts and shorts will be no shorter than “fingertip” length.
2. No clothing of military issue.
3. No clothing that has any symbols that hold the American flag up to ridicule.
4. No signs, patches or symbols that are offensive to public decency or morals or promote the use of drugs, alcohol, tobacco or violence.
5. No written language that has negative connotation or is subject to suggestive language.
6. No midriff sweaters or shirts.
7. No tank tops for girls or boys.
8. No fishnet or perforated tops.
9. No excessively short or tight fitting clothing that is deemed to be inappropriate.
10. No clothing that is dirty or unsightly.
11. No hats or hoodies (with the hood up) at any time in classrooms or hallways
12. No unsafe clothing, including but not limited to metal taps, platforms, high heels over one (1) inch, clogs, flip flops and any other shoes without back straps.

When students are inappropriately dressed, parents may be called to bring in a change of clothes. If a student repeatedly violates the dress code, demerits will be issued.

**Early Intervention**

Early Intervention services are available for children from birth to three years old who exhibit delays in communication, motor skills, cognition, or behavior. Call the County Office at 201-336-6875 or the Student Personnel Services Office (800) 322-8174 for additional information.

**Early School Dismissal**

Whenever it is necessary for a student to be dismissed from school early, a written request, signed by a parent/guardian, must be received before the pupil will be permitted to leave early. No telephone requests will be granted. Parent must come to school for the child. This must be adhered to as a safeguard for the school as well as the student. Carlstadt does not encourage early dismissal or special absences from school.
Emergency School Closing and Delayed Openings

During the year there are times when the weather is such that it would be better for the students to remain home than come to school.

When school is canceled for a full day due to emergency conditions:
1. School closure will be posted on www.carlstadt.org.
2. WNBC Channel 4 will post on T.V.
3. Parents will be notified by telephone via emergency notification system.

When school is canceled for the afternoon session:
1. School closure will be posted on www.carlstadt.org.
2. The students will remain in school until 12:45 p.m.
3. Parents will be notified by telephone via emergency notification system.

VERY IMPORTANT: Please arrange with your child, early in the school year, where to go if it is necessary to have a one-session day due to emergency conditions. This is especially important if you are a working parent and will not be at home. Sometimes it is not possible to contact each parent when this is deemed necessary.

When a delayed school opening is planned:
1. An announcement will appear on WNBC channel 4.
2. School delay will be posted on www.carlstadt.org.
3. Students will report at 9:45 a.m. and lunch will be served at the regular time.
4. Parents will be notified by telephone via emergency notification system.
5. Should students be asked to report at 11:00 a.m., Lunch will not be served.

The delayed school opening will be used when it appears that we cannot open school at the regular time, but improving weather conditions are forecast. An example of this would be icy road conditions that will thaw with rising temperatures.

VERY IMPORTANT: Please DO NOT call Police Headquarters. In times of emergency, their telephone lines need to be clear. Y.M.C.A. – Program is canceled when school closes for either one-session or full day.

Field trips may be planned by the teachers to places of interest or for the purpose of enriching the child’s experiences. These trips are properly chaperoned by the faculty and, when advisable, by parents of the children. The consent of the parents is necessary before pupils are allowed to go on these trips. Proper conduct is stressed so that the trip can be orderly and that the maximum amount of pleasure and knowledge can be gained by all the participants. Teachers may exclude pupils with prior behavior problems from participating in class trips after administrative consultation.

*The cost is divided among those taking part in the trips. These costs will vary, depending on the distance traveled and admission charged. When a pupil is absent the day of the trip, there may not be a refund.*

During the school year our guidance counselor will discuss courses and answer questions which the pupils might have regarding high school. It is the duty of the parents to discuss with their children the courses which they are able to take. This cannot be emphasized too strongly since the decision made at this time may influence the entire life of the child. High School pupils become the responsibility of the Carlstadt — East Rutherford High School Board of Education.

Students with Disabilities 3-21: Project Child Find
The Carlstadt Public School district recognizes the importance of providing services to children with special needs through its Project Child Find efforts. Children in this age group who exhibit developmental delays in language, cognition, physical and/or emotional development, may be eligible for services from the public school. If your child is determined to be potentially eligible for services, the local public school district will evaluate your child. The evaluation is available to preschoolers; to highly mobile students with disabilities, such as migrant and homeless students; and to all students who may have a disability.
Children found to be eligible for special education and related services are entitled to free and appropriate special education programming and related services. Parents should contact the district, if they have concerns, when their child is 2 years, six months of age.

If you suspect that your child has a disabling condition or you would like further information, please call the Office of Special Services at (201) 672-3000 extension 3111.

Information is provided to parents of children from birth through 3 years of age regarding early intervention services.

Truancy

Unauthorized absence from school is considered truancy and will be treated as such. This includes absence from any class during the school day for which the student is scheduled. Family vacations do not count as excused absences. Parents/guardians are strongly advised to schedule vacations during times when school is not in session. Students are responsible for making up all missed work and truancy will be reviewed whenever the issue of retention is being considered.

Disciplinary action shall be taken in compliance with the School Discipline Response Code. Parents are also advised that excessive absences will be referred to the Bergen County Division of Family Guidance and/or Municipal Court.
Weapons

Weapons (guns, knives, other) are not allowed on school property at any time. Students should understand that they face immediate removal from school’s general education program and that the appropriate law enforcement agency will be notified. BOE Policy #5611
