August 07, 2023

Dear Parents/Guardians,

This letter is to inform you Lahaina Intermediate School has surveillance cameras on buildings throughout our campus. The surveillance cameras are intended to promote a higher level of security for building exteriors and common areas on our campus. Surveillance cameras provide an added sense of personal safety, including the security of personal belongings of all students, staff, employees and visitors to our campus. The use of video surveillance cameras is to deter outsiders from entering our campus/offices for inappropriate purposes such as theft, vandalism and violence and to deter students from inappropriate behavior and provide hard evidence for those who chose inappropriate actions.

All cameras are situated in specific areas and record motion-activated video of only those areas that are considered public places, where there is no expectation of privacy-school entrances, hallways, exterior of buildings and other open areas on campus. The cameras are **not** installed or situated where staff or visitors may have a reasonable expectation of privacy, such as classrooms, offices, teacher workrooms, restrooms or locker rooms.

These surveillance cameras are just one means that we are using to create a safe, secure and orderly learning environment for everyone on our Lahaina Intermediate School Campus. If you have any questions or concerns regarding these surveillance cameras, please call the main office at (808) 727-6600

Sincerely yours,

Jay Petrakis
Vice Principal

Stacy Bookland
Principal
