

Salt Lake Center for Science Education Rose Park Positive Behavior Plan

Positive Behavior Specialist: Ashley Paulsen

Date discussed with and received input from SIC (agenda attached): 9/13/23

Date discussed with and received input from SCC (agenda attached): 9/13/23

Date plan was completed:

Programs we **already** have in place that focus on peer pressure, mental health, and creating positive relationships:

Name of Program:	How program addresses the use of tobacco, alcohol, electronic cigarette products, and other controlled substances:
1. University of Utah Well-Being Team	Individual and group mental health services with licensed therapists on site during school hours.
2. Botvin LifeSkills Training	Evidence-based programming around substance abuse
3. Insight	Specific curriculum around substance abuse
4. Peer Court	Students are referred for specific interventions
5. Restorative Justice School	Preventions and interventions to address student discipline
6. Senior Seminar	High school to college transition support
7. Service Leadership Class/Peer Leadership Team	Positive personal choices and influence on peers. Plans pro-social opportunities for school.
8. District Anti-Harassment/Bullying Lessons	Address allyship, not being a bystander, refusal skills, empathy and kindness
9. LGBTQ+ Advisory	Students build community and are mentored by caring adults

10. SafeUT	Students have unlimited access to text or call for help
11. Promising Youth	Gang, substance use, and pro-social skill building through individual sessions and summer group programming
12. Counselor Small Group	School counselor facilitated groups focusing on social skills and decision making
13. Credit Recovery Programming	Resources to help students graduate

Programs we are **building** or adding to address peer pressure, mental health, and creating positive relationships:

Name of Program:	How program will address the use of tobacco, alcohol, electronic cigarette products, and other controlled substances:
1. Advisory	Pro-social activities and community building amongst peers and staff
2. Career Exploration/Transition Services	Providing a diverse range of career options with varying training through community resources
3. Welcoming Schools	Teacher trainings through the Human Rights Campaign Foundation: Inclusive Schools
4. Teacher Book Study	Promotes cultural awareness and SEL
5. Alternative to Suspension	When students have a drug/alcohol related offense they will engage in alternative to suspension program, which involves time outside of the school day engaged in positively impacting the school and/or local community through a guided project.

6. RULER Training for Faculty	Method of integrating SEL into school community, culture, and classrooms
-------------------------------	--

Other programs, clubs, service opportunities and pro-social activities we **already** have in place:

Name of Program, Club, Service Opportunity, or Pro-Social Activities:	How program, club, etc. addresses the use of tobacco, alcohol, electronic cigarette products, and other controlled substances:
1. Afterschool programming	Positive involvement with peers and other adults
2. Social Action Association	Service as an opportunity to think beyond oneself
3. Visible Light Club	A place of inclusion and belonging
4. BIPOC Student Union	Serves as support system for students academically and socially
5. SLCSE Mountain Biking Team	Healthy life choices leave little room for substance abuse
6. Washington DC Trip	Students work together towards a common goal
7. Camping Trips	Students develop skills that improve their own self-efficacy and develop positive relationships with peers and adults
8. Social Activities: Prom, Spirit Week, Field Day, Socials	Positive personal choices and influence on peers
9. Science Fair	Participation increases success in school performance and/or facilitates strong bonds with school which is a protective factor for substance use
10. History Fair	Participation increases success in school performance and/or facilitates

	strong bonds with school which is a protective factor for substance use
11. Poetry Out Loud	Participation increases success in school performance and/or facilitates strong bonds with school which is a protective factor for substance use
12. Theater/Music Program	Students work together towards a common goal and build self-efficacy, community, and relationships
13. Field Trips and Experiential Learning	Positive interaction with peers, teachers, and staff
14. Mock Trials	Competition in which students simulate a real trial
15. MESA	Club focused on math, science, and engineering learning and activities
16. Dungeons and Dragon Club	Opportunity for students to connect to school community
17. Coding Club	Explore computer science and get to know variety of students within our school community
18. Astrophysics Club	Students learn about astronomy and physics. Fields trips and experiential learning connect students to school community.
19. Afterschool Sports	Variety of sport opportunities. Inclusive of all abilities.
20. Homework Hall	Afterschool academic support

Other programs, clubs, service opportunities and pro-social activities we are **building** or adding:

Name of Program, Club, Service Opportunity, or Pro-Social Activities:	How program, club, etc. will address the use of tobacco, alcohol, electronic cigarette products, and other controlled substances:
---	---

1. Career Pathways Grant with U of U Center for Science and Mathematics Education	Program creates a bridge to support more students accessing CTE focused programming after school
2. Spynop	Digital media arts programming
3. You GOAT This!	Travel by van to discover new adventures: hike, neighborhood community service, meet new people, and explore new places
4. SheTech	Club for young women interested in STEM careers. Speakers, activities, and hands on learning
5. BEES	Partnership with University of Utah College of Science. 7-12 grade students have ability to work in research labs and gain exposure to additional scientific learning opportunities.
