

# Salinas City Elementary School District

## Other Food Sales

The Governing Board believes that foods and beverages sold to students on school campuses during the school day should promote student health and reduce childhood obesity. Any food sales conducted outside the district's food service program shall meet nutritional standards specified in law, Board policy, and administrative regulations and shall not reduce student participation in the district's food service program.

The Governing Board encourages all Schools, Parent Clubs, and Student Organizations to run fundraisers where the majority of the items for sale are not food items. (Student Wellness)

The Board authorizes the Superintendent or designee to approve the sale of foods and beverages outside the district's food service program, including sales by student or adult organizations, sales through vending machines, and/or sales at school student stores for fundraising purposes.

Food sales are prohibited during school hours, and within 30 minutes before and after school hours, unless the organization is legally organized as a nonpartisan, charitable organization, the purpose of the solicitation is nonpartisan and charitable, and the solicitation has been approved in accordance with Board policy and as listed in Regulation. (5CCR 1500) (Education Code 51520)

When the district or a student or adult organization sponsors vending machines, the Superintendent or designee shall determine how and where vending machines may be placed at school sites, district offices, or other school facilities.
