

### **Independent Study Program**

The Governing Board authorizes independent study as an optional alternative instructional strategy for students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan to serve students whose health or other personal circumstances make classroom attendance difficult. As necessary to meet student needs, independent study may be offered for short- or long-term placements on a full-time or part-time basis.

The Board shall hold a public hearing when considering the scope of its existing or prospective use of independent study as an instructional strategy, its purposes in authorizing independent study, and factors bearing specifically on the maximum realistic lengths of assignments and acceptable number of missed assignments for specific populations of students. (Education Code 51747; 5 CCR 11701)

The Superintendent or designee may provide a variety of independent study opportunities, including, but not limited to, through a program or class within a comprehensive school.

Student participation in independent study shall be voluntary and no student shall be required to participate. (Education Code 51747, 51749.5, 51749.6)

Independent study for each student shall be under the general supervision of a district employee who possesses a valid certification document pursuant to Education Code 44865 or an emergency credential pursuant to Education Code 44300. Students' independent study shall be coordinated, evaluated, and documented, as prescribed by law and reflected in the accompanying administrative regulation. (Education Code 51747.5)

The minimum period of time for any independent study option shall be three consecutive school days, and can be shorter in the event of an emergency closure. (Education Code 46300 )

### **General Independent Study Requirements**

The Superintendent or designee may offer and approve independent study for an individual student upon determining that the student is prepared to meet the district's requirements for participation and is likely to succeed as well as or better than the student would in the regular classroom setting.

The minimum instructional minutes shall be the same for all students at each school including students participating in independent study, except as otherwise permitted by law. (Education Code 46100)

Because excessive leniency in the duration of independent study assignments may result in a student falling behind peers and increase the risk of dropping out of school, independent study assignments shall be completed no more than one week after being assigned for all grade levels and types of programs.

# Salinas City Elementary School District

When necessary, based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due. However, in no event shall the due date of an assignment be extended beyond the termination date specified in the student's written agreement.

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student fails to make satisfactory educational progress and/or misses three assignments. Satisfactory educational progress shall be determined based on all of the following indicators: (Education Code 51747)

1. The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and engagement specified in Education Code 52060
2. The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments
3. Learning of required concepts, as determined by the supervising teacher
4. Progress towards successful completion of the course of study, as determined by the supervising teacher

The Superintendent or designee shall ensure that students participating in independent study are provided with content aligned to grade level standards at a level of quality and intellectual challenge substantially equivalent to in-person instruction.-(Education Code 51747)

The Superintendent or designee shall ensure that all students participating in independent study for 15 school days or more receive the following throughout the school year: (Education Code 51747)

2. For students in grades 4-6, opportunities for both daily live interaction and at least weekly synchronous instruction

1. Not generating attendance for more than ten percent of required minimum instructional time over four continuous weeks of the district's approved instructional calendar
2. Not participating in synchronous instructional offerings pursuant to Education Code 51747.5 for more than 50 percent of the scheduled times of synchronous instruction in a school month as applicable by grade span

4. A clear standard for requiring a student-parent-educator conference to review a student's written agreement and reconsider the independent study program's impact on the student's achievement and well-being

The Superintendent or designee shall, for students who participate in an independent study program for 15 school days or more, develop a plan to transition students whose families wish to return to in-person instruction from independent study expeditiously, and, in no case, later than five instructional days. (Education Code 51747)

When any student enrolled in classroom-based instruction is participating in independent study due to necessary medical treatment or inpatient treatment for mental health or substance abuse under the care of appropriately licensed professionals, the student shall be exempt from the live interaction and/or synchronous instruction, tiered reengagement strategies, and transition back to in-person instruction requirements specified above. In such cases, evidence from appropriately licensed professionals, of the student's need to participate in independent study, shall be submitted to the Superintendent or designee. (Education Code 51747)

The Superintendent or designee shall ensure that a written agreement exists for each participating student as prescribed by law. (Education Code 51747, 51749.5)
