SUBJECT: FY 2013-14 Second Interim Report and Budget Revisions-ACTION

ATTACHMENTS: Second Interim Report, Budget Revisions to the Operating Budget per Second Interim

RECOMMENDATION: That the Board approve the FY 2013-14 Second Interim Report as presented with a *Positive* certification; and that the Board approve the supporting Budget Revisions.

ANALYSIS: State law requires our Board to certify the District Second Interim Report as of January 31, 2014 in a State adopted format, along with determination of a *Positive*, *Qualified* or *Negative* declaration, to the County Superintendent of Schools for the current year and the two subsequent years. Initial implementation of the LCFF has stabilized District funding and provided a slight increase which meets operating needs. An even greater LCFF funding increment composed largely of Supplemental and Concentration funds in FY 2014-15 will improve our fiscal position and facilitate implementation of LCAP programs. Reserves must be at least 3% per State law, and are recommended to be 15% by School Services of California. We achieve the 3% in all years, and after eroding Reserves during the past austere funding period, are positioned further build that reserve to prudent levels.

The attached Second Interim Report presents the following information for the General Fund: Adopted Budget, actual transactions through January 31, 2014, and the Projected Year totals as of this report. The Projected Year totals include updates to the Adopted Budget based on currently projected revenues and expenditures. The Second Interim Changes to the First Interim-approved Operating Budget highlight differences from the budget execution as of October 31, 2013.

The Second Interim Report is submitted to the Board for approval with the *Positive* certification for FY 13-14 and the two subsequent years based on our ability to meet our financial obligations and to maintain a reserve for economic uncertainty of 3%. The Criteria and Standard Report assists the District and the MCOE Superintendent of Schools in evaluating the fiscal condition of the District based on the information in this Second Interim Report.

FISCAL IMPACT: The District is able to maintain Reserves and certify *Positive* for all three years.

The net increase in Unrestricted Revenues is \$552,723 and positive ending fund balances are maintained for all years. Reserves are projected to be \$2.818M this year, and \$2.810M in both FY 14-15 and FY 15-16.

PROGRAM IMPACT: Current budget execution and the subsequent two years' projections will allow the District to implement and execute LCAP programs in support of improved education delivery with the projected LCFF funding levels.

Multiyear Projection Assumptions
Second Interim 2013/14 Budget and Two Following Years
General Fund

Revenues

1. Although the Revenue Limit Calculation Formula has been replaced with the Local Control Funding Formula, the Average Daily Attendance (ADA) is a common factor in both methods. Using historical trends and current enrollment information, which became available in January and February with CALPADS and final CBEDS counts, the following forecast is used for our growing student population.

2013/14 CBEDS is adjusted to 12 less: 8912 ADA @ 94.96% attendance = 8,463

2014/15 CBEDS: 9039 ADA @ 94.83% " " 8,572

2015/16 CBEDS: 9154 ADA @ 94.83% " " 8,681

The Grade Spans with different funding amounts were estimated at current distribution as follows: K-3rd Grade at 60% of enrollment/attendance and 4-6th Grade at 40%.

2. IMPORTANT: MCOE served special education student ADA of 113 was NOT included in the LCFF revenue calculation because their Grade Span information will not be available until May. Therefore, the increase to the SELPA billback charges, which was just estimated at \$622K more, was not increased for the new transfer method. This way, there is an exact offset.
3. Using a combination of District calculations for unrestricted revenue, the School Services of California (SSC) LCFF Simulator Tool and the FCMAT LCFF Calculator, the estimated 11.78% for the first year of the 8 year Target, provides Gap Funding of \$33,519,396. This is without property taxes of \$12,8673,150, Transportation add-on \$315,709, and EPA funds of \$7,607,632. This 2013/14 base funding does not include Supplemental/Concentration funding of \$1,952,400.

For the 2014/15, The Governor increased the GAP percentage from 16.49% to 28.05% resulting in net base revenue of \$36,156,582 and a Supplemental/Concentration total of \$7,397,360.

For the 2015/16 estimate, SSC recommends a conservative approach of increasing the funding that yielded a net base revenue of \$37,596,302 and a Supplemental/Concentration total of \$8,4376,920. That recommendation is reflected on the Multiyear Projection (MYP).

Other changes in the MYP calculations are the decreases in COLA per SSC Dartboard. For 2014/15, the COLA went from 1.8% to 0.86% while 2015/16 has a slight decrease from 2.3% to 2.2%.

Revenues

4. Another factor that increased the Supplemental/Concentration Grant amounts was the CALPADS unduplicated student count at 85% as opposed to the data used at First Interim of 79% for this year, and 80% and 81% in future years. The 85% is now used across all three years. This amount is budgeted under restricted resource code 7091 until CDE informs otherwise. This creates large carry over amounts in the restricted General Fund because the LCAP is still in planning stages and the expenses have not been identified.
5. In 2013/14, CSR, now Grade Span Adjustment (GSA), funding for K-3 of \$3,314,745, as received in 2012/13 has been eliminated. In its place is a per ADA funding of \$723. This created a target of \$3.7 Million to be split out over 8 years. The annual estimate of \$438,371 will only cover the cost of about 6 more classroom teachers and will not be enough to reach the goal of 24:1 ratio over 8 years.

Expenditures

1. Certificated and Classified salary and benefit costs increase by 1.5% for step and column in 2013-14, 2014-15, and in 2015-16, plus ten new classroom teachers are needed each year to show progress towards the reduction of class sizes towards the goal of 24:1.
2. The PERS employee contribution rate of 11.442% is expected to increase to 12.542% in 2014/15 and 13.30% in 2015/16. These new rates and increased costs are carried through the future years in object code 3201/3202.
3. No other salary schedule increases are planned for and health insurance cost is kept at current contribution through June 2015 and assumed through 2015/16.
4. Supplies and services from unrestricted resources reflect a 3% inflation factor for each future year as well as in the Categorical resource expenses. However, true reductions for restricted programs may and can occur in several areas. It is the District's policy that restricted programs (other than RRMA, Sp Ed, & Trans) be self-supported. Therefore, all categorically funded positions are maintained while funding is available and corresponding reductions will be implemented when funding is reduced or eliminated. Again, LCAP expenses are not yet identified and the carry over is reserved for that plan.
5. As the result of a new Actuarial Study which showed our OPEB liability increasing from \$11 Million to \$16 Million, interfund transfers into the retiree health insurance saving account, Fund 67, are budgeted across all years.

Expenditures

6. Capital and Equipment objects 6XXX include the following projects and purchases in the unrestricted budget:

2013/14: As stated in the original Budget, \$568,000 is the District's portion for modernizing IT infrastructure with substantial e-rate funding as the result.

2014/15: The IT infrastructure is estimated at \$510,000. Also planned is the purchase of 30 lunch tables at \$20,000. Both Roosevelt and then Lincoln School are in need of new roofs and new windows. \$500,000 of these building needs are included.

2015/16: The remaining IT infrastructure is estimated at \$80,000. Also planned is the purchase of 30 additional lunch tables at \$20,000. Both Roosevelt and Lincoln Schools are in need of new roofs and new windows. Another \$500,000 is set aside for these building needs.

Capital and Equipment objects 6XXX include the following projects and purchases in the restricted budget for 2014/15 and 2015/16 :

RRMA funds for the purchase of a maintenance pick-up truck for each year at \$30,000 per year.

SSC School District and Charter School Financial Projection Dartboard 2014-15 Proposed Budget

This version of SSC's Financial Projection Dartboard is based on the Governor's 2014-15 State Budget Proposal. We have updated the cost-of-living adjustment (COLA), Consumer Price Index (CPI), and ten-year T-bill planning factors per the latest economic forecasts. We have also updated the Local Control Funding Formula (LCFF) factors. We rely on various state agencies and outside sources in developing these factors, but we assume responsibility for them with the understanding that they are general guidelines.

¹ Go to the SSC LCFF Simulator at www.sscal.com. Your LCFF amounts for multiyear planning purposes will be provided based on your district-specific data.

² For the forecast years, the total dollar amount needed to fund the statutory COLA is applied to the LCFF Simulator.

³ The forecast for Lottery funding per ADA includes both base (unrestricted) funding and the amount restricted by Proposition 20 (2000) for instructional materials. Lottery funding is initially based on prior-year annual ADA—and is ultimately based on current-year annual ADA—times the historical statewide average excused absence factor of 1.04446.

⁴ District reserve requirements as stated in the State Board of Education (SBE) adopted criteria and standards based solely on district size is not as relevant when financial volatility and exposure is disparate under the LCFF. We recommend that every district first observe the current SBE-required reserve for the traditional economic uncertainties. We also recommend the establishment of a separate reserve based on the annual LCFF revenue increase projected for the district in Year 2 and Year 3 of the multiyear projection. We recommend that the district develop a plan to, over time, set aside one year's growth in LCFF funding as a reserve due to the potential volatility inherent in the LCFF.

A retiree is eligible for coverage, the same as an active employee until age 65, if they had 15 years service with the District. The District is contributing a percentage of payroll salaries and a set amount per employee to build a savings while at the same time, it pay-as-you-go on current expenses.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

No

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review.

DATA ENTRY: Click the appropriate Yes or No button for items A2 through A9; Item A1 is automatically completed based on data from Criterion 9.

A1. Do cash flow projections show that the district will end the current fiscal year with a negative cash balance in the general fund? (Data from Criterion 9B-1, Cash Balance, are used to determine Yes or No)

No

A2. Is the system of personnel position control independent from the payroll system?

A5. Has the district entered into a bargaining agreement where any of the current or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?

No

A6. Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?

No

A7. Is the district's financial system independent of the county office system?

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 1,733,345.07
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. 140,000.00
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

P.G. Computers is contracted to assist our under-staffed IT Department in maintaining computer services throughout the District.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 52,636,007.35

C. Percentage of Plant Services Costs Attributable to General Administration

- (Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 3.56%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	3,322,663.64
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	(863,237.60)
2. Carry-forward adjustment amount deferred from prior year(s), if any	(1,010,211.22)
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (2.24%) times Part III, Line B18); zero if negative	0.00
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (2.24%) times Part III, Line B18) or (the highest rate used to recover costs from any program (2.24%) times Part III, Line B18); zero if positive	(132,246.88)
D. Preliminary carry-forward adjustment (Line C1 or C2)	(132,246.88)
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	4.52%
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-66,123.44) is applied to the current year calculation and the remainder (\$-66,123.44) is deferred to one or more future years:	4.61%
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-44,082.29) is applied to the current year calculation and the remainder (\$-88,164.59) is deferred to one or more future years:	4.64%
LEA request for Option 1, Option 2, or Option 3	3
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	(44,082.29)

Approved indirect cost rate: 2.24%
Highest rate used in any program: 2.24%

SELPA: Monterey County (AS)

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA.

After reviewing all sections of this form, please select which of the following methods your LEA chooses to use to meet the 2013-14 MOE requirement.

If you select the local expenditures only method to meet the MOE requirement, then the level of effort in the local expenditures only method will be the base level of effort the next time you use that method to meet MOE. For example, choosing the local expenditures only method will mean that the dollar amount listed in B2a of Section 3 or B2c of Section 3 will become the base for the next time you use the local expenditures only method to meet the level of effort requirement.

☒ Combined state and local expenditures

☐ Local expenditures only

SECTION 1 Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to local only MOE standard, combined state and local MOE standard, or both.

1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
2. A decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
 - a. Has left the jurisdiction of the agency;
 - b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
 - c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

List exempt reductions, if any, to be used in the calculation below:

SECTION 2 Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205(d))

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

	State and Local	Local Only
Current year funding (IDEA Section 611 Local Assistance Grant Awards - Resources 3310 and 3320)

Increase in funding (if difference is positive)	0.00

Maximum available for early intervening services (EIS) (15% of current year funding - Resources 3310, 3315, and 3320)	0.00 (b)

Available for MOE reduction.
(line (a) minus line (c), zero if negative)

(cannot exceed line (d), Available for MOE reduction).

If (b) is less than (a).

Enter portion used to reduce MOE requirement

SECTION 3

	Column A Projected Exps. FY 2013-14 (LP-I Worksheet)	Column B Actual Expenditures FY 2012-13 (LA-I Worksheet)	Column C Difference (A - B)
A. COMBINED STATE AND LOCAL EXPENDITURES METHOD			
1. Total special education expenditures	8,081,703.02		
2. Less: Expenditures paid from federal sources	1,116,396.89		
3. Expenditures paid from state and local sources	6,965,306.13	5,765,041.45	
Less: Exempt reduction(s) from SECTION 1		0.00	
Less: 50% reduction from SECTION 2		0.00	
Net expenditures paid from state and local sources	6,965,306.13	5,765,041.45	1,200,264.68
4. Special education unduplicated pupil count	722	645	
5. Per capita state and local expenditures (A3/A4)	9,647.24	8,938.05	709.19

If one or both of the differences in lines A3 and A5, Column C, are positive (current year projected state and local expenditures, in total or per capita, are greater than prior year's net state and local expenditures), the MOE requirement is met; Part B can still be completed.

If both lines A3 and A5, Column C, are negative, the MOE is not met based on combined state and local expenditures, and Part B must be completed.

SELPA: Monterey County (AS)

B. LOCAL EXPENDITURES ONLY METHOD

If MOE was not met in Part A and this Local Expenditures Only Method applies, complete either B1 or B2, but not both. Complete B1 if the MOE "actual vs. actual" requirement was met last year using local expenditures (whether or not the requirement was also met using combined state and local expenditures); otherwise, complete B2.

Click on the button that applies:

☐ 1. Last year's local expenditures met MOE requirement:

- a. Expenditures paid from local sources
Less: Exempt reduction(s) from SECTION 1
Less: 50% reduction from SECTION 2
Net expenditures paid from local sources

- b. Per capita local expenditures (B1a/A4)

**Actual

Difference

**Projected Exps.

Difference

☐ 2. Enter in the second column, Base FY, the special education expenditures paid from local funds and the special education unduplicated pupil count, for the most recent fiscal year when MOE actual vs. actual requirement was met based on local expenditures. Enter the fiscal year in the column heading. If you have not previously used this method to meet the level of effort requirement, the earliest base year that can be used is 2006-07.

- a. Expenditures paid from local sources
Less: Exempt reduction(s) from SECTION 1
Less: 50% reduction from SECTION 2
Net expenditures paid from local sources

- b. Special education unduplicated pupil count

- c. Per capita local expenditures (B2a/B2b)

If one or both of the differences in Column C for the checked section (B1 or B2) are positive, the MOE requirement is met.

After reviewing all sections of this form, please select which of the above methods your LEA chooses to use to meet the 2013-14 MOE requirement and make the selection on Page 1.

ADA Average daily attendance. There are several kinds of attendance, and these are counted in different ways. For regular attendance, ADA is equal to the average number of pupils actually attending classes who are enrolled for at least the minimum school day. Up through 1997-98, ADA included excused absences but, effective 1998-99, excused absences no longer count towards ADA. In classes for adults and ROC/P, one unit of ADA is credited for each 525 classroom hours. Attendance is counted every day of the school year and is reported to the California Department of Education three times a year.

AB 1200 Reference to AB 1200 (Chapter 1213/1991) that imposed major fiscal accountability controls on school districts and county offices of education, by establishing significant administrative hurdles and obligations for agency budgets and fiscal practices. See especially Education Code Sections 1240 et seq. and 42131 et seq.

Accrual Basis Accounting An accounting system where transactions are recorded when they have been reduced to a legal or contractual right or obligation to receive or pay out cash or other resources.

Ad valorem Taxes Taxes that are based on the value of property, such as the standard property tax. The only new taxes based on the value of property that are allowed today are those imposed with a two-thirds voter approval for capital facilities bonded indebtedness.

Apportionment State aid given to a school district or county office of education. Apportionments are calculated three times for each school year: (1) the First Principal Apportionment (P-1) is calculated in February of the school year corresponding to the P-1 ADA (see Attendance Reports); (2) the Second Principal

Apportionment (P-2) is calculated in June corresponding to the P-2 ADA; and, (3) the annual recalculation of the apportionment is made in February following the school year and is based on P-2 ADA (except for programs where the annual count of ADA is used).

Appropriation Bill A bill before the Legislature authorizing the expenditure of public money and stipulating the amount, manner and purpose for the expenditure items.

Appropriation For Contingencies That portion of the current fiscal year's budget that is not appropriated for any specific purpose but is held subject to intrabudget transfer; i.e. transfer to other specific appropriation accounts as needed during the fiscal year.

Assessed Valuation (also, Assessed Value)The total value of property for taxation purposes within a school agency, as determined by state and county assessors. The "AV" of a school district will influence the total property tax income of a school district. The percentage growth in statewide AV from one year to the next is an important ingredient in determining appropriations levels required from the state for fully funding district and county revenue limits, as well as for Proposition 98 calculations. Ever since Proposition 13, the assessed value of properties in California are adjusted to the true market value only at the time of new construction or transfer of ownership. For all other properties, the assessed value grows by a maximum of 2% a year, resulting in the assessed value of many properties being far less than their current market value.

Attendance Reports Each school agency reports its attendance three times during a school year. The First Principal Apportionment ADA, called the P-1 ADA or the P-1 count, is counted from July 1 through the last school month ending on or before December 31 of a school year. The Second Principal Apportionment ADA, called the P-2 ADA, is counted from July 1 through the last school month ending on or before April 15 of a school year. Annual ADA is based on the count from July 1 through June 30. The final recalculation of the apportionment is based on a school agency's P-2 ADA, except for adult education programs, regional occupational centers and programs and nonpublic school funding, all of which use the annual count of ADA. Also, under certain circumstances when a district has a very large influx of migrant students in the Spring, a district may request the use of annual ADA in lieu of P-2 ADA.

Base Revenue Limit See Revenue Limit.

Basic Aid The California Constitution guarantees that each school district will receive a minimum amount of state aid, called "basic aid," equal to \$120 per ADA or \$2,400 per district, whichever is greater. "Basic aid school districts" are those

eligible for the basic aid constitutional guarantee only, since all of the balance of the school districts' revenue limit is funded by local property taxes.

Benefit Assessment Districts **See Maintenance Assessment Districts.**

Bonded Indebtedness An obligation incurred by the sale of bonds for acquisition of school facilities or other capital expenditures. Since 1986, districts have been able to levy a local property tax to amortize bonded indebtedness, provided the taxes are approved by a two-thirds vote of the electorate.

Categorical Aid Funds from the state or federal government granted to qualifying school agencies for specialized programs regulated and controlled by federal or state law or regulation. Examples include programs for children with special needs, such as special education and Gifted and Talented Education (GATE); special programs, such as the School Improvement Program (SIP); or, special purposes, such as transportation. Expenditure of most categorical aid is restricted to its particular purpose. The funds are granted to districts in addition to their revenue limits.

CBEDS California Basic Education Data System. The statewide system of collecting enrollment, staffing and salary data from all school districts on an "Information Day" each October.

CBEST The California Basic Education Skills Test. Required of anyone seeking certification as a teacher, the test measures proficiency in reading, writing and mathematics.

Certificated Personnel School employees who hold positions for which a credential is required by the state –teachers, librarians, counselors and most administrators.

Chapter 1 Federal financial assistance to districts to meet the special needs of educationally deprived children, i.e. children whose educational attainment is below the level appropriate for children of their age. Funding is to supplement services in reading, language arts and mathematics to identified students.

Chapter 2 Federal financial assistance for schools under the Education Consolidation and Improvement Act, 20 U.S.C. Sec. 3811 et seq., which consolidated the provisions of Titles II, III, IV, VI, VII and part IX of the Elementary and Secondary Education Act of 1965. The law provides federal grants to develop and implement a comprehensive and coordinated program to improve elementary and secondary instruction in basic skills of reading, math and language arts, as formerly authorized in Title II.

Classified Personnel School employees who hold positions that do not require a credential, like aides, custodians, clerical support, cafeteria workers, bus drivers, etc.

Class Size Penalties The penalties imposed on school districts that have classes in excess of certain maximum sizes. Class size penalties result in a reduction in ADA which, in turn, results in a loss in revenue limit income. (See Education Code Sections 41376 and 41378).

Concurrently Enrolled Pupils who are enrolled both in a regular program for at least the minimum school day and also in a regional occupational center or program (ROC/P) or class for adults. Such a student will generate both regular ADA for the time in the regular program plus concurrently enrolled ADA for the time in ROC/P or adult classes. By qualifying for both regular ADA and concurrently enrolled ADA, such a student can generate more than one unit of ADA.

Consumer Price Index (CPI) A measure of the cost-of-living for consumers compiled by the United States Bureau of Labor Statistics. Separate indices of inflation are calculated regularly for the United States, California, some regions within California and selected cities. The CPI is one of several measures of inflation.

Cost-of-Living Adjustment (COLA) An increase in funding for government programs, including revenue limits or categorical programs. Current law ties the COLA for most education programs to the annual percentage change in the "Implicit Price Deflator" for State and Local Governments – a government price index. (See Education Code Section 42238.1.)

Credentialed Teacher One holding a credential to teach issued by the State Commission on Teacher Credentialing. A credential is issued to those who have successfully completed all college training and courses required by the State, have graduated from an accredited college or university, have met any other state requirements and have passed the California Basic Education Skills Test (CBEST).

Criteria and Standards Local school agency budgets must meet state-adopted provisions of "criteria and standards." These provisions establish minimum fiscal standards, such as a minimum reserve level, that school districts, county offices of education and the State use to monitor fiscal solvency and accountability. See Education Code Sections 33127 et seq.

Declining Enrollment Adjustment A formula that cushions the drop in income in a district with a declining student population. Under current law, districts are funded for the higher of either current year or prior year ADA.

Deficit Factor When an appropriation to the State School Fund for revenue limits – or for any specific categorical program– is insufficient to pay all claims for state aid, a deficit factor is applied to reduce the allocation of state aid to the amount appropriated.

Economic Impact Aid (EIA) State categorical aid for districts with concentrations of children who are bilingual, transient and/or from low income families.

Encroachment The expenditure of school districts' general purpose funds in support of a categorical program, i.e. the categorical expense encroaches into the district's general fund for support. Encroachment occurs in most districts and county offices that provide special education and transportation. Other encroachment is caused by deficit factors or local decisions to allocate general purpose funds to special purpose programs.

Encumbrances Obligations in the form of purchase orders, contracts, salaries, and other commitments chargeable to an appropriation for which a part of the appropriation is reserved.

Equalization Aid The extra state aid provided in some years – such as 1996-97 – to a low revenue district to increase its base revenue limit toward the statewide average.

ERAF Education Revenue Augmentation Fund – the fund used to collect the property taxes that are shifted from cities, the county and special districts within each county, prior to their distribution to K-14 school agencies.

Factfinding The culmination of the Impasse Procedures, Article 9, of the State's collective bargaining law. A tripartite panel, with the chairperson appointed and paid for by PERB, considers several specifically enumerated facts and makes findings of fact and recommendations in terms of settlement to a negotiating agreement. Such recommendations are advisory only and may be adopted or rejected in whole or in part by the parties.

Forest Reserve Funds 25% of funds received by a county from the United States Government from rentals of forest reserve lands are apportioned among the various districts in the county according to school population.

Full-Time Equivalent (FTE) A count of full-time and part-time employees where part-time employees are reported as an appropriate fraction of a full-time position. This fraction is equal to the ratio of time expended in a part-time position to that of a full-time position.

Gann Spending Limit A ceiling, or limit, on each year's appropriations of tax dollars by the state, cities, counties, school districts, and special districts. Proposition 4, an initiative passed in November 1979, added controls on appropriations in Article XIII B of the California Constitution. Using 1978-79 as a base year, subsequent years' limits have been adjusted for: (1) an inflation increase equal to the change in the Consumer Price Index or per capita personal income, whichever is smaller; and, (2) the change in population, which for school agencies is the change in ADA. Proposition 111, adopted in June 1990, amended the Gann limit inflation factor to be based only on the change in per capita personal income.

General Obligation Bonds Bonds that are a "general obligation" of the government agency issuing them, i.e. their repayment is not tied to a selected revenue stream. Bond elections in a school district must be approved by a two-thirds vote of the electorate, but state bond measures require only a majority vote.

Gifted and Talented Education (GATE) A program for students in grades 1 through 12 who have shown potential abilities of high performance, capability and needing differentiated or accelerated education. "Gifted child educational programs" are those special instructional programs, supportive services, unique educational materials, learning settings, and other services which differentiate, supplement and support the regular educational program in meeting the needs of gifted students.

High Revenue Districts Districts that have a revenue limit per ADA that is greater than the state average for the same type of district (elementary, high school or unified). Many high revenue districts were formerly called "high wealth" because their assessed value per ADA was significantly above the statewide average.

Implicit Price Deflator See Cost-of-Living Adjustment.

Indirect Expense and Overhead Those elements of indirect cost necessary to the operation of the district or in the performance of a service that are of such nature that the amount applicable to each accounting unit cannot be separately identified. Indirect costs are allocated to all programs in a school agency as a percentage of direct and allocated costs for each program.

Individualized Education Program (IEP) A written agreement between a school agency and parents or guardians of a disabled child specifying an educational program tailored to the needs of the child, in accordance with federal PL 94-142 regulations. An IEP team is comprised of a certified district employee who is qualified to supervise special education, the child's teacher, one or both parents, the child, if appropriate, and other individuals at the discretion of the parent or school. The IEP must include a statement of the child's present levels of educational performance, a statement of annual goals and short term instructional

objectives, a statement of the specific special education and related services to be provided to the child, the extent to which the child will participate in regular education programs, the projected dates for starting services, appropriate objective criteria, evaluation procedures, and schedules for determining, on at least an annual basis, whether the short term instructional objectives are being achieved.

Least Restrictive Environment Federal and state law requires that disabled students be placed in the least restrictive educational appropriate to their needs so that they can, to the extent appropriate, integrate and be educated with non-disabled students.

Leveling Down Lowering the revenue level of high revenue districts to promote revenue equity among school districts.

Leveling Up Raising the revenue level of low revenue districts to promote revenue equity among school districts.

Mandated Costs School district expenses that occur because of federal or state laws, decisions of state or federal courts, federal or state administrative regulations. Costs that are mandated by state law or regulations must be reimbursed by the state, while costs mandated by federal law, a court or an initiative do not need to be reimbursed by the state. See SB 90, 1977.

Maintenance Assessment Districts A methodology for local agencies, including school agencies, to charge property owners a fee for the benefit derived by the property as a result of local agency service improvements. (See Lighting and Landscape Act of 1972, Section 22500 of the Street and Highways Code). Originally, school agencies were allowed to impose the "fee" by a vote of the local governing board only, by merely showing a benefit to each fee payer. Now, however, a school agency must hold an election before such a fee can be levied.

Maintenance Factor See Proposition 98.

Miscellaneous Funds Local revenues received from mineral royalties, bonuses and other payments in lieu of taxes. Fifty percent of such revenues are used as an offset to state aid in the revenue limit formulas.

Necessary Small School An elementary school with 96 or fewer ADA or high school with 286 or fewer ADA that meets the standards of being "necessary." (See Education Code Sections 42280 et seq.)

Parcel Tax A special tax that is a flat amount per parcel and not ad valorem based (i.e. not according to the value of the property). Parcel taxes must be approved by a two-thirds vote of the electorate. (See Government Code Section 50079, et al.)

PERB Public Employment Relations Board. Five persons appointed by the Governor to regulate collective bargaining between school employers and employee organizations. (See Government Code Sections 3541, et seq.)

Permissive Override Tax Prior to Proposition 13, any of a number of local tax levies that were for specific purposes and that required only the permission of a school board to be levied. School agencies are no longer allowed to levy such taxes.

PERS Public Employees' Retirement System. State law requires that classified employees, their employer, and the state contribute to this retirement fund.

PL81-874 A federal program of "Impact Aid" that provides funds to school agencies that educate children whose families live and/or work on federal property, such as military bases. Also called "PL874."

PL94-142 Federal law that mandates a "free and appropriate" education for all disabled children.

Prior Year's Taxes Tax revenues that had been delinquent in a prior year and that are received in the current fiscal year. These revenues offset state aid in the current year in the revenue limit formula.

Proposition 13 An initiative amendment passed in June 1978 adding Article XIII A to the California Constitution. Under Proposition 13, tax rates on secured property are restricted to no more than 1% of full cash value. Proposition 13 also defined assessed value and required a two-thirds vote to increase existing taxes or levy new taxes.

Proposition 98 An initiative adopted in 1988 and then amended by Proposition 111 in 1990. Proposition 98 contains three major provisions: (1) a minimum level of state funding for K-14 school agencies (unless suspended by the Legislature); (2) a formula for allocating any state tax revenues in excess of the state's Gann Limit; and, (3) the requirement that a School Accountability Report Card be prepared for every school. The minimum funding base is set equal to the greater of the amount of state aid determined by two formulas, commonly called ATest 1@ and ATest 2@— unless an alternative formula, known as "Test 3," applies.

"Test 1" originally provided that K-14 school agencies shall receive at least 40.319% of state general fund tax revenues in each year, the same percentage as was appropriated for K-14 school agencies in 1986-87. Due to the shift in

property taxes from local governments to K-14 agencies, the "Test 1" percentage has been reset at 34.559%.

"Test 2" provides that K-14 school agencies shall receive at least the same amount of combined state aid and local tax dollars as was received in the prior year, adjusted for the statewide growth in K-12 ADA and an inflation factor equal to the annual percentage change in per capita personal income.

"Test 3" only applies in years in which the annual percentage change in per capita state general fund tax revenues plus 1/2% is lower than the "Test 2" inflation factor (i.e. change in per capita personal income), and in this case the "Test 2" inflation factor is reduced to the annual percentage change in per capita state general fund tax revenues plus 1/2%.

One provision of Proposition 98/111 applies whenever the minimum funding level is reduced due either to "Test 3" or the suspension of the minimum funding level by the Legislature and Governor. The "maintenance factor" is initially calculated as the amount of the funding reduction, and this amount grows each year by statewide ADA growth and inflation. In subsequent years when state taxes grow quickly, this "maintenance factor" is restored by increasing the Proposition 98 minimum funding level until the funding base is fully restored.

Reduction-in-Force (RIF) The process whereby employment is terminated because of a need to reduce the staff rather than because of any performance inadequacies of the employee.

Reserves Funds set aside in a budget to provide for estimated future expenditures or to offset future losses, for working capital, or for other purposes.

Revenue Limit The amount of revenue that a district can collect annually for general purposes from local property taxes and state aid. The revenue limit is composed of a base revenue limit – a basic education amount per unit of ADA computed by formula each year from the previous year's base revenue limit – and any of the number of revenue limit adjustments that are computed anew each year.

The total revenue limit of a school district is generally determined by multiplying the district's P-2 ADA times the base revenue limit, adding the applicable revenue limit adjustments and applying a deficit factor.

Revolving Cash Funds A stated amount of money used primarily for emergency or small or sundry disbursements and reimbursed periodically through properly documented expenditures, which are summarized and charged to property accounting classifications.

ROC/P Regional Occupational Center or Program – a vocational educational program for high school students and adults. A ROC/P may be operated by a single district, by a consortium of districts under a joint powers agreement (JPA), or by a county office of education for the districts within the county.

SB 90 Reference to Senate Bill 90 (Chapter 1406/1972) that established the revenue limit system for funding school districts. The first revenue limit amount was determined by dividing the district's 1972-73 state and local income by that year's ADA. This per-ADA amount is the historical base for all subsequent revenue limit calculations.

SB 813 Reference to Senate Bill 813 (Chapter 498/1983) that provided a series of education "reforms" in funding calculations. Longer day, longer year, mentor teachers and beginning teacher salary adjustments are a few of the programs implemented by this 1983 legislation.

Scope of Bargaining The range of subjects that are negotiated between school agencies and employee organizations during the collective bargaining process. Scope includes matters relating to wages, hours and working conditions as defined in the Government Code. PERB and the courts are responsible for interpreting disputes about scope.

Secured Roll That portion of the assessed value that is stationary, i.e., land and buildings. See also Unsecured Roll. The secured roll averages about 90% of the taxable property in a district.

Serrano Decision In 1974, the California Superior Court in Los Angeles County ruled in the Serrano v. Priest case that school district revenues in California depended so heavily on local property taxes that students in districts with a low assessed value per pupil were denied an equal educational opportunity in violation of the "Equal Protection" clause of the California Constitution. This ruling established certain standards under which the school finance system would be constitutional and was upheld by the California Supreme Court in 1976. In 1983, the California Superior Court in Los Angeles County ruled that the system of school finance in effect at that time was in compliance with the earlier Court order. The case was subsequently appealed to the Appellate Court which upheld the Superior Court ruling. In March 1989, all of the plaintiffs in the case agreed to dismiss their appeals, thereby settling Serrano as a legal issue.

Slippage Savings in state school fund appropriations that are the result of property tax revenues growing faster than a district's cost-of-living and enrollment growth. When property tax growth is greater than the growth in a district's total revenue limit, state aid to the district declines, creating a "slippage" in state expense.

Squeeze Formula The formula used from 1973-74 through 1981-82 for the calculation of the annual inflation increase in the base revenue limit that provided smaller-than-average increases to high revenue districts. This formula thus "squeezed" the revenues of high revenue districts as a means of promoting revenue equalization. Effective 1983-84, the squeeze formula was eliminated and all districts of the same type now receive the same dollar inflation increase.

State Allocation Board (SAB) The regulatory agency that controls most state-aided capital outlay and deferred maintenance projects and distributes funds for them.

State School Fund Each year the state appropriates money to this fund, which is then used to make state aid payments to school districts. Section A of the State School Fund is for K-12 education and Section B is for community college education.

STRS The State Teachers' Retirement System, which is funded by contributions from both certificated employees and their employing school agencies, as well as by direct payments by the state.

Subventions The term used to describe assistance or financial support, usually from higher governmental units to local governments or school agencies. State aid to school agencies is a state subvention.

Sunset The termination of a categorical program. A schedule is in current law for the Legislature to consider the "sunset" of most state categorical programs. If a program sunsets under this schedule, the funding for the program shall continue but the specific laws and regulations shall no longer apply.

Supplemental Roll An additional property tax assessment for properties that are sold or newly constructed that reflect a higher market value than on their prior lien date. By taxing this increase in assessed value immediately – rather than waiting until the next lien date – additional property taxes are generated.

Test 1/Test 2/Test 3 See Proposition 98.

Unduplicated Count The number of pupils receiving special education or special services under the Master Plan for Special Education on the census dates of December 1 and April 1. Even though a pupil may receive multiple services, each pupil is counted only once in the unduplicated count.

Unencumbered Balance That portion of an appropriation or allotment not yet expended or obligated.

Unsecured Roll That portion of **assessed** property that is movable, such as boats, planes, etc.

Waivers Permission from the State Board of Education – or, in some cases, from the Superintendent of Public Instruction– to set aside the requirements of an Education Code provision upon the request of a school agency. Certain Education Code sections cannot be waived. (See Education Code Section 33050.)
