

Graham Has Always Wanted To Make Difference

TUPELO, Miss. — Marchell Graham has been a nurse in the Tupelo Public School District for 30 years, 19 at Lawhon.

She has always wanted to make a difference in people's lives, which led her to pursue a career in nursing so she could help others every day.

When she isn't taking care of students at school, Marchell loves to spend time at home with her family. You might even catch her reading or looking at saltwater aquariums.

This week's TPSD Staff Spotlight, sponsored by Sunny 93.3 and Buffalo Wild Wings, is Marchell Graham of Lawhon Elementary.
