

# 2023 DIGITAL PSAT – Bluebook Application/Program Setup

1. Go to <https://bluebook.app.collegeboard.org/windows>
2. Click on the “Download for Windows” Button

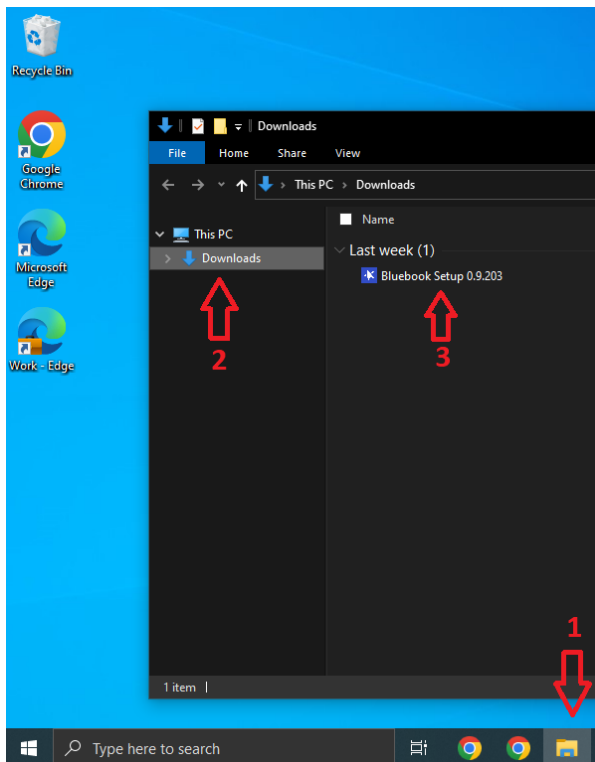

## Installation Instructions

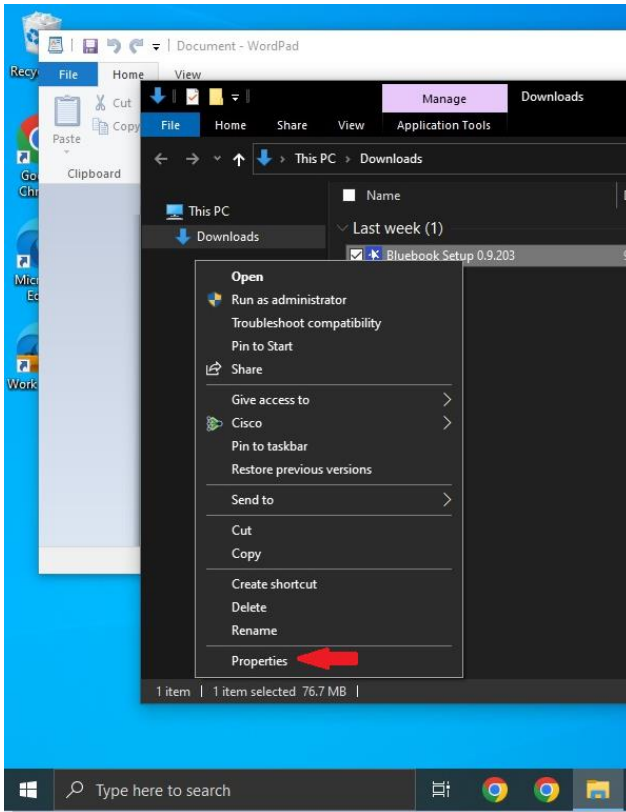

Click the download button above, then follow these instructions to install the app on your device.

- 1** Find Your Download  
Open your Downloads folder and double-click on Bluebook Setup 0.9.203.exe. This will create a shortcut to the app on your desktop.

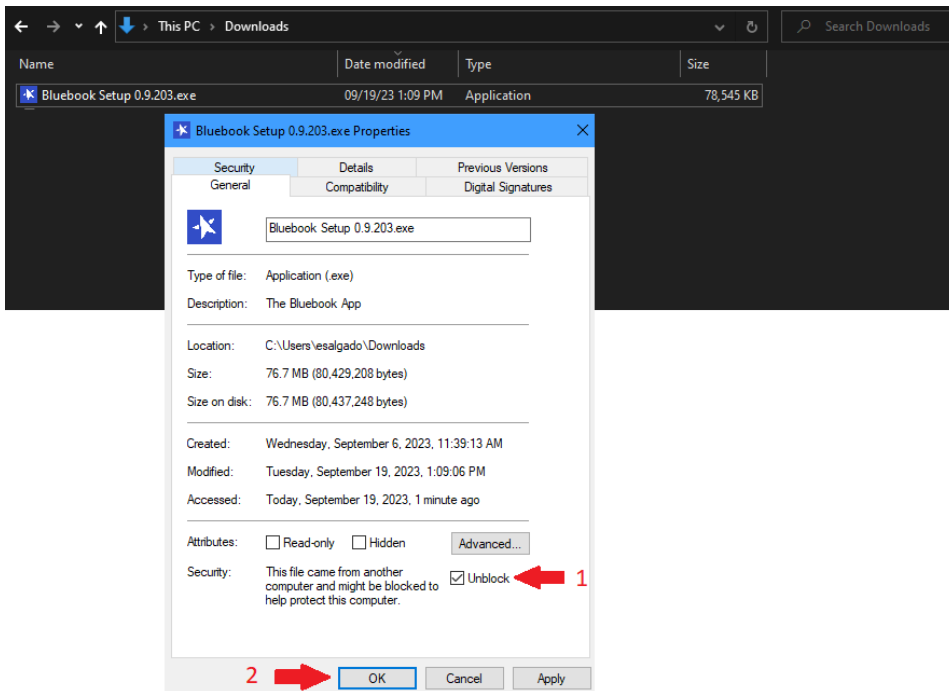

3. Once the download is complete, go to your files **1** (yellow folder on your taskbar ) , click on the downloads folder on the left pane **2**, find a file called “Bluebook Setup X.X.X” (where X=version number) **3**

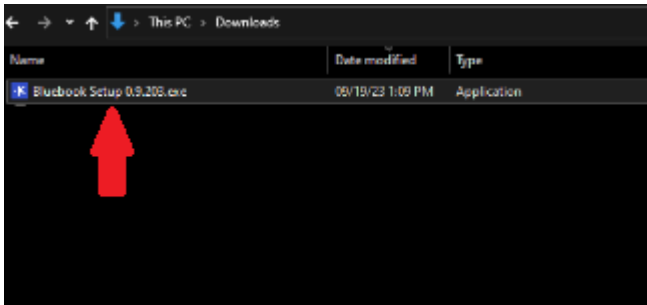

4. Right click on the file and click on properties.

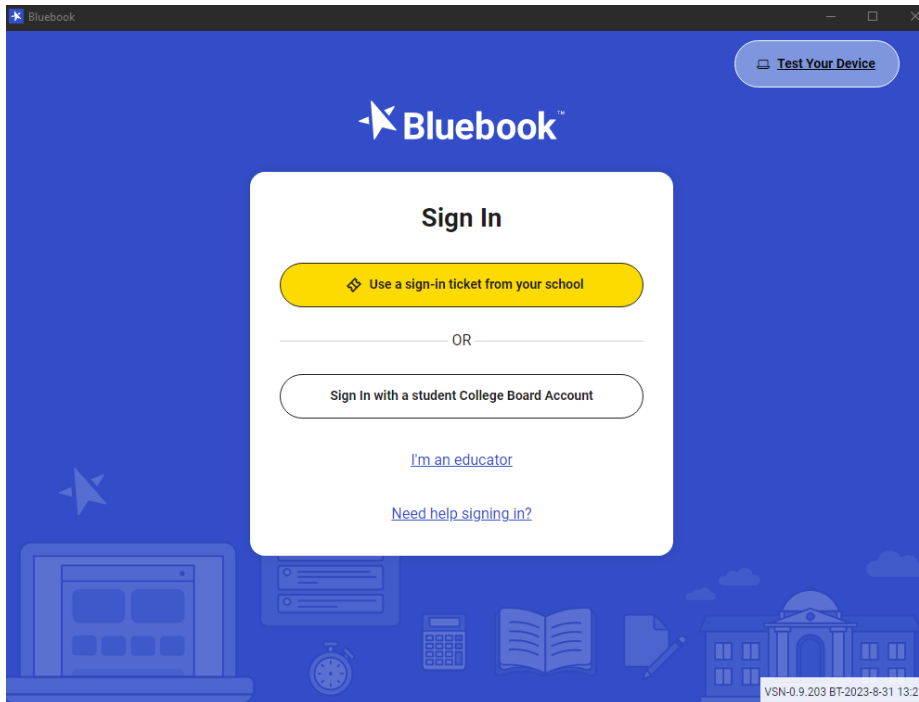

5. A Properties box will appear. Select unblock in the bottom right 1, then click the OK button 2.

6. Double click the “Bluebook Setup X.X.X” file to start the program

7. Click on the yellow “Use a sign in ticket from your school” button.

**Notes:**

If you need to start the Bluebook app again, you can either click on the bluebook icon on your desktop or click on the “Bluebook Setup X.X.X” file in your downloads folder.
