

## **Instruction**

### **Exhibit - Prevention of Staphylococcal Infections for Schools**

The following resources from the Ill. Dept. of Public Health (IDPH) and Centers for Disease Control and Prevention (CDC) may be distributed to students and their parents/guardians and staff to inform them about what staphylococcus aureus is, how it spreads, and how staph infections can be prevented:

- <https://dph.illinois.gov/topics-services/diseases-and-conditions/diseases-a-z-list/mrsa.html>
- [www.cdc.gov/mrsa/community/](http://www.cdc.gov/mrsa/community/)
- Additional factsheets for parents, athletes and staff are available at: [www.cdc.gov/mrsa/community/posters/index.html](http://www.cdc.gov/mrsa/community/posters/index.html).

The local health department may also have more information specific to the District's jurisdiction.
