

Pupil Services and Special Education Department Values

- To provide all students with a free and appropriate public education in their least restrictive environment by presuming competence, removing barriers to ensure equitable access, and fostering a sense of dignity and belonging of all our learners.
- To provide a supportive, academically challenging educational program to all students designed around personal strengths and needs.
- Celebrating and embracing the neurodiversity of all our students.
- To support, advocate, partner, and effectively communicate with parents/guardians/surrogates throughout the educational process.
- To provide training opportunities for teachers, families, support staff, administrators, and community members that are equitable and culturally relevant while celebrating student neurodiversity.
- To partner with the Pottsgrove community in designing educational supports as well as post-secondary transition opportunities for all students.
- To ensure the academic, social, emotional and behavioral growth of all our students.
