Advisor: Mme Shay

The French Honor Society is a service-based organization focused on the promotion of French language, culture, and history in the Southbury/Middlebury community.

Students who are eligible to be inducted:

- have completed French level 2 and have obtained a 'B+' average,
- continue with French study while maintaining a B+ average throughout their years of French at PHS,
- have no failing grade or disciplinary issue in any class.
- have completed 6 hours of school and community service prior to induction, which is held in April.

Members will participate in introductory language presentations at the elementary schools in order to acquaint younger students with the sounds and basic expressions of the language.

A variety of programs are provided to acquaint students with foreign films and culinary experiences with native specialties.

Members agree to tutor other French students, help at one service project and one fund-raiser each year, and attend at least four meetings per year.

Peer tutoring for French students needing extra help is available through French Honor Society.
