E- Learning Days

This year Gulf Shores City Schools will be implementing e-learning days throughout the year. Students in 1st-5th grades will bring home their school device to complete learning tasks. Our first e-learning day will be **October 16!** Teachers will be sending home e-learning plans the week of October 2.

Attendance

Our school is working together on our attendance-based Wildly Important Goal (WIG). Our school goal is to be at 95% or higher, per the state guideline. Each class and grade level are tracking weekly and monthly attendance. For the month of September, every grade level had an attendance rate of 90% or higher! We could not have accomplished this without the help of our wonderful families. Thank you for working with us to make sure your student is at school!
