

SHAC Meeting Minutes for March 7, 2023

Participants:

In person: Anila Deliu, Dr. Janelle Porter, Sherri Miller, Dylan Nguyen, Ken Clemens, Shannon Tilsworth, Erin Gabert, Ryan Shafer, Dr. Alexander Schoofs, Dr. Dustin Miller, Diane Pickert, Mike Espinosa, Maren Stoflet,

Online: Jesse Tyler, Dr. Jacklyn Gentry

Reviewed Bylaws – Purposes

Bylaws created for formal meeting function.

Concern expressed over qualifications, characteristics, “appointed” vs volunteers.

Decision to meet quarterly for now.

Will report annually to the Board of Education.

Attach recruitment criteria and expectations for SHAC members

Meet the 2nd week of the month in September, November, February, and April

Review of the SHAC Mission:

- Suggestion made to remove problems after mental health problems
- Add social/ emotional to the four components

Social and Psychological Services Update: Dr. Janelle Porter

1. Reviewed sample policies from AHA and DHSS/ MSBA and/or DESE.

- Met with Assistant Superintendent overseeing behavior including vaping/ tobacco use.
- Working on more specific details for interventions and planning to support the schools
- Looked at the Code of Conduct to alter from exclusion to remain in school
- Stipend of \$4,000.00 if enacted by end of June 2023 from American Heart Association
- NKC Schools does not have If This- Then That policies allowing the District to address issues on a spectrum of events

2. Regularly occurring reviewing of the referral process

- Creating a plan to share those across the district
- Also increase communication with community regarding their resources available

3. Continue to assess for more to be included.

Health Education Curriculum Resources Update- Kenneth Clemens

1. Health teachers are getting more resources, links, names of potential guest speakers, etc.

- Anila Deliu addressed the elementary and secondary Professional Development Day and provided resources
- Tri County did the same with mental health and suicide resources
- Professional Development (PD) day evaluation reflected appreciation and benefit of resources
- Plan to add those resources into the curriculum
- Tri County has a new position open for a classroom health educator who will be able to go into the schools
 - Look forward to creating PD Feedback regarding the resources that are useful, not used, etc.
 - Anila was invited to attend the next PD day for Health Teachers to get feedback

Health Services Update- Shannon Tilsworth

1. Community Partnership with Liberty Hospital and their Clinical Instructors allowed the Health Services Department nurses to attend an all-day Competency event in the Simulation Lab during the last Professional Development day.

- a) Partnership with North Kansas City Hospital to obtain Narcan for each District building
- b) Community Partnership with Liberty Hospital also resulting in Dr. Dustin Miller as the Medical Advisor for the NKC Schools Health Services Department.
 - a. Reviewing procedures to ensure evidence-based
 - b. Standing Orders for emergency medications will also go through Dr. Miller now
- c) Swope Health Services will be at the Early Education Service Fair next week.
Goal is to identify those students and families without a primary medical care home and refer to Swope to establish a regular medical provider for the whole family. Have not yet specifically worked on this but there are changes coming.
- d) Immunizations addressed within the WSCC model

SHAC website: SHAC is mentioned in Board of Education policies and now has public facing information on the District's website, under the health services webpage.

Comments/ Ideas/ Suggestions:

Erin Gabert asked for the Roster for everyone on SHAC

Diane shared that Tri County MHS is piloting a vaping education at NKCHS to be used with students caught in violation and during ISS and follow up.

- 40 licenses ordered the first time around
- 8 components and each component take approximately 45 minutes to complete
- Must have 80% score before the curriculum allows the student to move to the next component
- Receive an "exit ticket" through VapeEducate

How to get more parents involved in SHAC

- Hybrid options for attendance
- Goal is to have 5-6 or more parents involved

Questions noted on the Enrollment Form

- Unsure of questions and purpose
- Dr. Porter will follow up

Connect with Parent District Association to inform and encourage parent participation

- Include information on newsletters for parents to join/ contribute
 - (example: hospital volunteers- a way for parents to express interest in participation).
 - Have a space on the website for volunteer opportunities

Next meeting agenda will include end of the year review and discussions of goals for next year, communication during summer, if any needed.

Plan to send out agenda ahead of time.
