California Elementary  
Making the Most of  
Parent Teacher  
Conferences

9-29-23

Parent Conference Week  
October 9-13

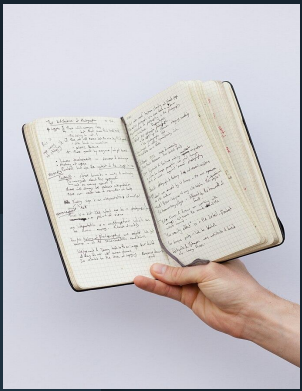

Dismissal 12:48

# What is the goal of parent teacher conferences?

For parents to gain knowledge on how their child is doing at school?

For the teacher to gain knowledge on any personal challenges the student faces.

**Prepare for the meeting**  
**Write your questions ahead of time and if you don't get to ask due to time, leave them with the teacher and ask for them to be answered on Parent Square.**

# Good questions to ask

“

**How is my child doing socially at school?**

A large white outline of a double quotation mark is centered at the top of the dark blue window.

**Does my child understand the grade level math?**

“

**Is my child reading at grade level?**

“

**What is my child's classroom  
behavior like?**

“

**If my child is struggling in an area,  
what can I do at home to help  
him/her?**

“

**If my child is struggling, how can the school support him/her?**

“

If my child is **NOT** struggling, what can he/she do to continue thriving?

**Remember to tell the teacher  
your preferred method of  
communication.**

This is where you section ends. Duplicate this set of slides as many times you need to go over all your sections.

It takes school support and family support to make our students succeed.
