

Governing Council.
Middle School Teacher Report
By: Mr. Rodrigo Romera, Science Teacher

Topics to address

1- COVID-19

Measures taken by the school and communication with families.

On Wednesday, March 18, class is communicated by class (teachers and office) the cancellation of games and sports tests.

Thursday 19 March. In the afternoon-night, the cancellation of the classes until April 6 is communicated by email, Facebook, robocall to families and staff.

Week 23-27

Moncada and Delgado ask for collaboration from teachers to hang activities, websites, digital platforms so that students can continue to receive distance education.

Moncada loads up information to the school's website.

Parents are informed via robocall or by email or phone calls of the resources uploaded on the web.

Trying to get all families access to technology by making Chromebooks available to families.

2- Bilingual Seal.

All updated requirements

Professors Frida and Salcido continue to work on the bilingual label. They have been doing an impressive job for more than 4 months, with the support of Middle School teachers.

3- Science State testing

During the months of February and March all students were examined for the Science State Test, so this test is complete.

4. READ 180-

A selected group of middle school students are working on an intervention reading program called READ180.

5- VOLLEYBALL TEAM Y SOCCER TEAM (MIDDLE SCHOOL)

Great participation of STUDENTS in both clubs. A fourth grade of Middle students actively participates, helping to have better school behavior and performance.

6. Chess Club

Our School finished chess competitions and we placed 7th in the state! Great job!!
