

Physical Education

Please take note of the following when you are purchasing new sneakers for your children in the fall:

1. All students should **wear sneakers every day** as they have Physical Education classes, Playscape, and/or recess every day.
2. Shoes, sandals, and work boots are not appropriate for Physical Education. In snowy weather, if you dress your child in boots, please send sneakers in his/her backpack.
3. Appropriate and safe **Velcro** footwear ensures the safety of your child. Velcro sneakers are recommended to lessen person to person contact. We do not permit slip-ons, high top canvas or wedged sneakers.
