Single Point of Entery

We kindly request your cooperation in ensuring the safety and security of our school environment. To maintain a controlled access system, we have designated the front doors as the single point of entry to the building. Please use the buzzer system to gain entry rather than attempting to access external classroom doors. This measure helps us monitor and regulate access, enhancing the safety of all students and staff within our premises. We appreciate your understanding and support in maintaining a secure learning environment for everyone.

Bus Safety

Bus safety is of paramount importance at Saltar's Point Elementary School. Riding the school bus is not just a convenience; it's a privilege and a responsibility that we take very seriously. Ensuring the safety of our students while they travel to and from school is a collective effort. By adhering to bus safety rules and guidelines, we not only protect the well-being of our passengers but also contribute to a positive and orderly bus environment. It's crucial that all students understand the significance of following bus safety procedures, from waiting at designated stops to remaining seated while the bus is in motion. Together, we can make every bus ride a safe and enjoyable experience for everyone on board.

Move-A-Thon

We would like to extend our gratitude to our dedicated Parent-Teacher Association (PTA) for orchestrating a fantastic Move-a-Thon event! The hard work and commitment was evident as they organized this fun and healthy activity for our school community. The provision of t-shirts to every student and staff member added an extra layer of unity and enthusiasm to the event. These efforts have not only promoted physical fitness but also strengthened the sense of togetherness within our school. Thank you, PTA, for your unwavering support and for making our Move-a-Thon an unforgettable experience for all.

Nearly 60% of bullying situations will end when a peer intervenes. When your student sees bullying happen, they can make a difference! We will be spending time in each classroom this year talking about HIB and the role of each person involved.
