- Because Your Child is Kindergarten age eligible and attended the East Yakima Seedlings Center, your child is eligible to be a part of our Summer Program.
- We are offering a 6-week summer Kindergarten Preparation program from July 6-August 14, 2020. The program will consist of one packet delivery with materials for two weeks of activities for your child. Your child will also receive a HATCH Tablet with over 200 age appropriate learning games that align with TSGold Assessment that your child was a part of at school.
- If you are interested in the summer program, we will be calling you to schedule a time to pick up the HATCH Tablet once they are received from the vendor. We will have a simple form for you to complete regarding the use and care of the HATCH Tablet. We will provide you an overview and written guidance of how to use the Tablet. Esmeralda, Rafael, or Erica will then contact your family on a weekly basis for follow-up support and questions.
- The Hatch Tablets will need to be charged weekly. If you have internet capabilities at your home, you will be good throughout the summer program. If not, we will schedule a time weekly for you to come to the East Yakima Center to recharge the Tablet.
- The HATCH Tablets will be collected the week of August 17 for use in the Fall Program
