

BOARD POLICY
ANIMALS AT SCHOOL
BP 6163.2

The Governing Board recognizes that animals contribute to the District's instructional program by being effective teaching aids to students and by assisting individuals with disabilities to access District programs and activities. In addition, instruction related to the care and treatment of animals teaches students a sense of responsibility and promotes the humane treatment of living creatures.

The Superintendent or designee shall develop rules and procedures to ensure that when animals are brought to school the, health, safety, and welfare of students, staff, and the animals are protected. However, the District assumes no liability for the safety of animals allowed on District property.

Animals, insects and/or reptiles of any kind are not permitted on District property and/or facilities, unless the owner, sponsor, or responsible parties have followed the rules and procedures developed by the Superintendent or designee.

FOLSOM CORDOVA UNIFIED SCHOOL DISTRICT

Folsom, California

Administrative Regulation

Service Animals At School

AR 6163.2

The Governing Board acknowledges the District's responsibility to permit students and/or adults with disabilities to be accompanied by a "service animal" on school property and/or facilities and/or at school functions as required by the Americans with Disabilities Act, 28 CFR Part 35, and applicable California law subject to the rules and procedures described in this regulation.

This regulation only applies to members of the public, students, and staff with disabilities who are requesting to be accompanied by a service animal to a District school property and/or facility and/or school function.

SERVICE ANIMAL DEFINED

1. A service animal must be a dog or, in limited specific circumstances, a miniature horse. No other species of animal, whether wild or domestic, will be permitted as a "service animal."
2. Miniature Horses: Requests to permit a miniature horse to accompany a student or adult with a disability on school property and/or facilities and/or at school functions will be handled on a case-by-case basis, considering:
 - a. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
 - b. Whether the handler has sufficient control of the miniature horse;
 - c. Whether the miniature horse is housebroken; and
 - d. Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.
3. A service animal must be "required" for the individual with a disability and the service animal must be "individually trained" to do work or a task for the individual with a disability. These tasks may include, but not be limited to, guiding an individual with a disability, alerting individuals with impaired hearing, pulling a wheelchair, or fetching dropped items. The task performed by the service animal must be directly related to the functional limitation of the individual's disability. Service animals are working animals and are not pets.
4. If it is obvious what service the animal provides to the individual with a disability, then staff should not make any further inquiries regarding the tasks performed by the service animal (i.e. a guide dog for an individual with impaired vision). Only limited inquiries are allowed by District staff to determine if a dog is a service animal when it is not obvious what service the dog provides and staff may ask only the following two questions:

- a. Is the service animal required because of a disability?
- b. What work or task has the service animal been trained to perform?

Staff cannot ask about the individual's disability, require medical documentation, require a special identification card or training documentation for the service animal, require the service animal to wear an identifying vest, or ask that the service animal demonstrate its ability to perform the work or task.

5. "Therapy," "comfort," or "companion" animals are not service animals and issues regarding these animals are addressed by AR 6163.22 – Non-Service Animals at School.
6. This policy does not address service animals being trained as service animals but not actually performing a task for an individual with a disability. Please refer to AR 6163.21 – Service Animals in Training at School.
7. Any person knowingly and fraudulently representing himself or herself through either verbal or written notice to be the owner or trainer of a service dog shall be guilty of a misdemeanor punishable by imprisonment in the county jail not exceeding six months, by a fine not exceeding one thousand dollars, or both by fine and imprisonment. (Penal Code 365.7).

RESPONSIBILITIES OF INDIVIDUAL WITH A DISABILITY/HANDLER

1. All animals must be treated for, and kept free of, fleas and ticks and other pests.
2. All animals must be kept clean to avoid shedding and dander.
3. The owner/handler of the animal is liable for any harm or injury caused by the animal to other students, staff, visitors, and/or property. (Civil Code 54.2).
4. All animals must have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the animal's safe, effective performance of work or tasks, in which case the animal must be otherwise under the handler's control.
5. The owner/handler of the service animal is responsible for the care and conduct of the service animal at all times. The District is not responsible for the care or supervision of the service animal, such as walking the animal or responding to the animal's need to relieve itself. The owner/handler of the service animal must always carry equipment sufficient to clean up the animal's waste, immediately remove the waste, and be responsible for the proper disposal of the animal's waste.
6. Issues related to the care and supervision of service animals will be addressed on a case-by-case basis at the discretion of the Superintendent or designee. Students with service animals are expected to care for and supervise their animal. In the case of a young child

or a student with disabilities who is unable to care for or supervise the service animal, the student's parents are responsible for providing care and supervision of the animal.

7. If the request is for a service dog, the person making the request must provide annual proof of the vaccinations required in California and Sacramento County.
8. If the request is for a service miniature horse, the person making the request must provide annual proof of the vaccinations required in California and Sacramento County.

REMOVAL OF A SERVICE ANIMAL

1. The Superintendent or designee may ask any individual who brings a service animal to a school property and/or facility and/or school function to remove the service animal if any one of the following circumstances occurs:
 - a. The animal is out of control and the animal's handler does not take effective action to control it;
 - b. The animal is not housebroken; and/or
 - c. The animal's presence would pose a "direct threat." Pursuant to 28 CFR 35.104, a direct threat is defined as a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services.
2. When an individual's service animal is excluded, he/she shall be given an opportunity to participate in the service, program, or activity without having the service animal present. (Education Code 39839; Civil Code 54.2; 28 CFR 35.136).

SERVICE ANIMAL REQUESTS BY A MEMBER OF THE PUBLIC

All requests for a member of the public to bring a service animal to a school property and/or facility and/or school function must be directed to the Superintendent, designee, or school site administrator as appropriate. The Superintendent, designee, or school site administrator shall, in accordance with this policy, confirm that the animal is a service animal and shall, upon the request of the individual, provide the individual with a copy of this policy.

When practically possible, the member of the public requesting to bring a service animal to a school property and/or facility and/or school function is encouraged to make the request in writing 10 business days prior to the date the member of the public plans to bring the service animal; however, the individual cannot be required to provide this advance written notice in order to bring a service animal to a school property and/or facility and/or school function. The written notice may be provided to the Superintendent or designee

SERVICE ANIMAL REQUESTS ON BEHALF OF A STUDENT

All requests for a student to bring a service animal to a school property and/or facility and/or school function must be made in writing, 10 school days prior to the date the student plans to bring the service animal, to the school principal who shall submit a copy to Director of SELPA and Student Support Services.

The Superintendent or designee shall, in accordance with this policy, confirm that the animal is a service animal and shall provide the student's parents with a copy of this policy and require the student's parent(s) to acknowledge in writing that the parent(s) has received a copy of the policy, the parent(s) understands the contents of the policy, and the parent(s) agrees to comply with the policy. As part of the approval process, the student's parent(s) must provide proof that the service animal has received all required vaccinations.

The Superintendent or designee shall review and approve or deny requests to bring a service animal to school property and/or facility and/or school function on a case-by-case basis.

The Superintendent or designee shall give such permission to bring a service animal to school property and/or facility and/or school function only after he/she has provided written notification to all parents/guardians of students in the affected class(es) and staff in the affected class(es), asking them to verify whether their child or if they have any known allergies, asthma, or other health condition that may be aggravated by the service animal's presence. When an individual has provided notification that his/her child or the staff member has provided notification that he/she has an allergy, asthma, or other health condition that may be aggravated by the service animal, the Superintendent or designee shall take appropriate measures to protect the student or staff member from exposure to the service animal. Allergies and fear of dogs are not valid reasons for denying access or refusing service to individuals using service animals. When an individual whose health is aggravated by the service animal's presence and an individual who uses a service animal must spend time in the same room or facility, for example, in a school classroom or at a school cafeteria, both individuals should be accommodated by assigning them, if possible, to different locations within the room or different rooms in the facility.

SERVICE ANIMAL REQUESTS ON BEHALF OF A STAFF MEMBER

All requests for a staff member to bring a service animal to a school property and/or facility and/or school function must be made in writing, 10 business days prior to the date the staff member plans to bring the service animal, to Superintendent or designee.

The Superintendent or designee shall, in accordance with this policy, confirm that the animal is a service animal and shall provide the staff member with a copy of this policy and require the staff member to acknowledge in writing that he/she has received a copy of the policy, he/she understand the contents of the policy, and he/she agree to comply with the policy. As part of the approval process, the staff member must provide proof that the service animal has received all required vaccinations.

The Superintendent or designee shall review and approve or deny requests to bring a service animal by a staff member to school property and/or facility and/or school function on a case-by-case basis. This approval process shall include a meeting with the Superintendent or designee, the staff member, and if requested by the staff member, a representative from the staff member's bargaining unit and other individuals deemed appropriate by the District. The purpose of the meeting will be to address any questions or concerns regarding the approval process that either the District and/or staff member may have.

The Superintendent or designee shall give such permission to bring a service animal to school property and/or facility and/or school function only after he/she has provided written notification to all parents/guardians of students in the affected class(es) and staff in the affected class(es), asking them to verify whether their child or if staff have any known allergies, asthma, or other health condition that may be aggravated by the service animal's presence. When an individual has provided notification that his/her child or the staff member has provided notification that he/she has an allergy, asthma, or other health condition that may be aggravated by the service animal, the Superintendent, or designee shall take appropriate measures to protect the student or staff member from exposure to the service animal. Allergies and fear of dogs are not valid reasons for denying access or refusing service to individuals using service animals. When an individual whose health is aggravated by the service animal's presence and an individual who uses a service animal must spend time in the same room or facility (for example, in a school classroom or at a school cafeteria) both individuals should be accommodated by assigning them, if possible, to different locations within the room or different rooms in the facility.

All requests for permission for an employee with a disability to bring a service animal or assistive animal, as defined in Title 2 of the California Code of Regulations section 7293.6(a), into the workplace as a reasonable accommodation will be addressed through the Interactive Process as described in AR 4032.

Administrative Regulation
Non-Service ANIMALS AT SCHOOL

Due to health concerns, safety concerns, and in order to avoid disruption of school activities all animals, insects and reptiles are prohibited from school property, school facilities, school transportation, and school functions except when the animal has been permitted as a service animal (AR 6163.2), a service dog in training (AR 6163.20), or a live animal in the classroom used for instructional purposes (AR 6163.22).

All animals brought to school must be:

1. In good physical condition
2. Vaccinated against transmittable diseases
3. In clean, safe, and suitable cages or containers or otherwise appropriately controlled

Students bringing animals to school must first obtain the consent of the teacher and the parent/guardian.

Animals shall not be brought to school on school buses without express permission of the principal or designee. Such permission shall not be required for seeing-eye dogs or service dogs needed by students.

(cf. 5131.1 - Bus Conduct)

Students shall not bring poisonous or wild animals to school. If wildlife specimens are used in a biology class, protective gloves and a face shield shall be worn by anyone handling these specimens and the animals' saliva and neurological tissue shall be treated as infectious.

(cf. 5141.22 - Infectious Diseases)

Animals brought to school by students shall generally be taken home the same day they are brought to school.

With the consent of the principal or designee, animals may remain at school longer under the following conditions:

1. The animal shall remain in the classroom only for the number of days needed to achieve the educational goal.
2. The teacher shall provide a plan for the proper care, sanitation, feeding, and handling of the animal.
3. The teacher shall be responsible for the animal's care in the event of any school closure and may allow students to take class pets home over weekends.
4. The teacher shall be familiar with any potential dangers caused by the animal and shall give special consideration to any students who have allergies to certain animals.

Regulation

approved: February 2, 2012

Revised: 10/10/2013

FOLSOM CORDOVA UNIFIED SCHOOL DISTRICT

Folsom, California

Administrative Regulation

Live Animals at School for Instructional Purposes

AR 6163.22

Instructional staff (not students) may request from the school site administrator to approve the use of live animals prior to the display of the animals in the classroom. This policy is intended for a “class pet” and other appropriate limited use of animals for instructional purposes.

Instructional Staff Responsibility

1. Instructional staff must complete the request form available from the site administrator for the use of animals in the classroom prior to staff bringing any live animals to the school facility/classroom for instructional purposes. Prior to a site administrator providing approval for the use of animals in the classroom, parents of the students in the affected classroom shall be informed in writing as to the specific “type” of animal that will be in the classroom and parents shall be directed to contact the site administrator if their child has any medical issues or allergies associated with the specific type of proposed animal. The site administrator will then determine the appropriate manner to address the issue.
2. Instructional staff must ensure that all animals brought to school are in good physical condition and are appropriately immunized. Instructional staff shall ensure that the species of animal is appropriate for the instructional purpose and age and maturity of the students. Animals whose bites are poisonous or may cause severe physiological reactions are not permitted at school.
3. Staff shall ensure that all animals brought to school shall be adequately fed, effectively controlled, humanely treated, and properly housed in cages or containers suitable for the species.
4. Staff must keep animals in an appropriate cage or enclosure that provides maximum containment of the animals, clean and sanitary conditions, shelter and protection from the weather, appropriate temperatures, and assures safety for the students. Instructional staff shall not leave the animals at the school facility/classroom over a weekend, holiday, or school break unless the safety and comfort of the animals can be ensured.
5. Staff must instruct students and visitors about inserting fingers in an occupied cage. Any incident in which a student or visitor is bit by animal must be reported to the site administrator immediately.
6. Instructional staff should train students in the care of and appropriate handling of animals, such as mice or guinea pigs, to include instruction not to excite animals or engage in activities such as poking pencils at animals because such activity encourages biting. Every reasonable precaution shall be taken to ensure animals are not teased, abused, mistreated, annoyed, tormented, or in any manner made to suffer by any person

or by any means.

7. Instructional staff shall instruct students to thoroughly wash their hands after they finish touching or handling an animal in the classroom to ensure proper hygiene. Students should not eat or drink anything while touching or handling animals.

Date Adopted: 10/10/2013

Administrative Regulation

Service Animals in Training At School

AR 6163.23

The Governing Board acknowledges the District's responsibility to permit individuals to be accompanied by a "service animal" in training on school property and/or facilities and/or at school functions as required by Civil Code section 54.2 subject to the rules and procedures described in this regulation.

This regulation only applies to members of the public, students, and staff who are requesting to be accompanied by a service animal in training to a District school property and/or facility and/or school function.

SERVICE ANIMAL IN TRAINING DEFINED

1. A service animal in training must be a dog. No other species of animal, whether wild or domestic, will be permitted as a "service animal in training."
2. Only individuals with a disability and individuals authorized to train service dogs for individuals with a disability or an accredited organization may request to bring a service dog in training on school property and/or facilities and/or at school functions. (Civil Code section 54.2(b)).
3. A trainer, who has been authorized to bring a service dog in training on school property and/or facilities and/or at school functions, cannot be required to pay an extra charge or security deposit.

RESPONSIBILITIES OF TRAINER OF SERVICE DOG

1. The trainer of the service dog in training shall ensure the dog is on a leash and tagged as a guide dog, signal dog, or service dog by an identification tag issued by the county clerk, animal control department, or other agency, as authorized by Chapter 3.5 (commencing with Section 30850) of Title 14 of the Food and Agricultural Code.
2. The service dog in training must be treated for, and kept free of, fleas and ticks and other pests.
3. The service dog in training must be kept clean to avoid shedding and dander.
4. The owner/trainer of the service dog in training is liable for any harm or injury caused by the animal to other students, staff, visitors, and/or property. (Civil Code 54.2).
5. The owner/trainer of the service dog in training is responsible for the care and conduct of the service dog in training at all times. The District is not responsible for the care or supervision of the service dog in training, such as walking the dog or responding to the

dog's need to relieve itself. The owner/trainer of the service dog in training must always carry equipment sufficient to clean up the dog's waste, immediately remove the waste, and be responsible for the proper disposal of the dog's waste.

6. Issues related to the care and supervision of service dogs in training will be addressed on a case-by-case basis at the discretion of the Superintendent or designee. Students with service dogs in training are expected to care for and supervise their dog. In the case of young child or a student with disabilities who is unable to care for or supervise the service dog in training, the student's parents are responsible for providing care and supervision of the dog.
7. The owner/trainer of the service dog in training must provide annual proof of the vaccinations required in Sacramento County.
8. "Therapy," "comfort," or "companion" dogs are not service animals in training and issues regarding these animals are addressed by AR 6163.22 – Non-Service Animals at School.
9. This policy does not address service animals actually performing a task for an individual with a disability. Please refer to AR 6163.20 – Service Animals at School.
10. Any person knowingly and fraudulently representing himself or herself through either verbal or written notice to be the owner or trainer of a service dog shall be guilty of a misdemeanor punishable by imprisonment in the county jail not exceeding six months, by a fine not exceeding one thousand dollars, or both by fine and imprisonment. (Penal Code 365.7).

REMOVAL OF A SERVICE DOG IN TRAINING

1. The Superintendent or designee may ask any individual who brings a service dog in training to a school property and/or facility and/or school function to remove the service dog in training if any one of the following circumstances occurs:
 - a. The dog is out of control and the animal's handler does not take effective action to control it;
 - b. The dog is not housebroken; and/or
 - c. The dog's presence would pose a "direct threat." Pursuant to 28 CFR 35.104, a direct threat is defined as a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services.
2. When a trainer's service dog in training is excluded, he/she shall be given an opportunity to participate in the service, program, or activity without having the service dog in training present. (Education Code 39839; Civil Code 54.2; 28 CFR 35.136).

SERVICE DOG IN TRAINING REQUESTS BY A MEMBER OF THE PUBLIC

All requests for a member of the public to bring a service dog in training to a school property and/or facility and/or school function must be directed to the Superintendent, designee, or school site administrator as appropriate. The Superintendent, designee, or school site administrator shall, in accordance with this policy, confirm that the dog is a service dog in training and shall, upon the request of the trainer, provide the trainer with a copy of this policy.

When practically possible, the member of the public requesting to bring a service dog in training to a school property and/or facility and/or school function is encouraged to make the request in writing 10 business days prior to the date the member of the public plans to bring the service dog in training; however, the trainer cannot be required to provide this advance written notice in order to bring a service dog in training to a school property and/or facility and/or school function. The written notice may be provided to the Superintendent or Designee

SERVICE DOG IN TRAINING REQUESTS ON BEHALF OF A STUDENT

All requests for a student to bring a service dog in training to a school property and/or facility and/or school function must be made in writing, 10 business days prior to the date the student plans to bring the service dog in training, to the Superintendent or Designee.

The Superintendent or designee shall, in accordance with this policy, confirm that the animal is a service dog in training and shall provide the student's parents with a copy of this policy and require the student's parent(s) to acknowledge in writing that the parent(s) has received a copy of the policy, the parent(s) understands the contents of the policy, and the parent(s) agrees to comply with the policy. As part of the approval process, the student's parent(s) must provide proof that the service dog in training has received all required vaccinations. The student's parent(s) shall also be required to provide written documentation supporting that the student is authorized to train a service dog in accordance with Civil Code section 54.2(b).

The Superintendent or designee shall review and approve or deny requests to bring a service dog in training to school property and/or facility and/or school function on a case-by-case basis.

The Superintendent or designee shall give such permission to bring a service dog in training to school property and/or facility and/or school function only after he/she has provided written notification to all parents/guardians of students in the affected class(es) and staff in the affected class(es), asking them to verify whether their child or if staff have any known allergies, asthma, or other health condition that may be aggravated by the service dog in training's presence. When an individual has provided notification that his/her child or the staff member has provided notification that he/she has an allergy, asthma, or other health condition that may be aggravated by the service animal, the Superintendent or designee shall take appropriate measures to protect the student or staff member from exposure to the service dog in training. Allergies and fear of dogs are not valid reasons for denying access or refusing service to individuals training service dogs. When an individual whose health is aggravated by the service dog in training's presence and an individual with a service dog in training must spend time in the same room or facility (for

example, in a school classroom or at a school cafeteria) both individuals should be accommodated by assigning them, if possible, to different locations within the room or different rooms in the facility.

SERVICE DOG IN TRAINING REQUESTS ON BEHALF OF A STAFF MEMBER

All requests for a staff member to bring a service dog in training to a school property and/or facility and/or school function must be made in writing, 10 business days prior to the date the staff member plans to bring the service animal in training, Superintendent or Designee.

The Superintendent, or designee shall, in accordance with this policy, confirm that the animal is a service dog in training and shall provide the staff member with a copy of this policy and require the staff member to acknowledge in writing that he/she has received a copy of the policy, he/she understand the contents of the policy, and he/she agree to comply with the policy. As part of the approval process, the staff member must provide proof that the service dog in training has received all required vaccinations. The staff member shall also be required to provide written documentation supporting that he/she is authorized to train a service dog in accordance with Civil Code section 54.2(b). Staff members must not allow the service dog in training to distract or prevent the staff member from performing the duties associated with their positions with the District or impact the safety and security of the school community.

The Superintendent or designee shall review and approve or deny requests by a staff member to bring a service dog in training to school property and/or facility and/or school function on a case-by-case basis. This approval process shall include a meeting with the Superintendent or designee, the staff member, and if requested by the staff member, a representative from the staff member's bargaining unit and other individuals deemed appropriate by the District. The purpose of the meeting will be to address any questions or concerns regarding the approval process that either the District and/or staff member may have.

The Superintendent or designee shall give such permission to bring a service dog in training to school property and/or facility and/or school function only after he/she has provided written notification to all parents/guardians of students in the affected class(es) and staff in the affected class(es), asking them to verify whether their child or if staff have any known allergies, asthma, or other health condition that may be aggravated by the service animal's presence. When an individual has provided notification that his/her child or the staff member has provided notification that he/she has an allergy, asthma, or other health condition that may be aggravated by the service dog in training, the Superintendent or designee shall take appropriate measures to protect the student or staff member from exposure to the service dog in training. Allergies and fear of dogs are not valid reasons for denying access or refusing service to individuals training service dogs. When an individual whose health is aggravated by the presence of the service dog in training and an individual with a service dog in training must spend time in the same room or facility (for example, in a school classroom or at a school cafeteria) both individuals should be accommodated by assigning them, if possible, to different locations within the room or different rooms in the facility.

FOLSOM CORDOVA UNIFIED SCHOOL DISTRICT SERVICE ANIMAL REQUESTS

All requests to bring a service animal to a school property and/or facility and/or school function must be made in writing, 10 business days prior to the date the service animal will be brought to _____ (School). This request is made on _____ (Date).

Please indicate your request for service animals:

- 1. Service animal request on behalf of a student (AR 6163.2)
- 2. Service animal request by a member of the public (AR 6163.2)
- 3. Service animal request by a staff member (AR 6163.2)
- 4. Service animal in training request on behalf of a student (AR 6163.20)
- 5. Service animal in training request by a member of the public (AR 6163.20)
- 6. Service animal in training request by a staff member (AR 6163.20)

The Superintendent or designee shall, in accordance with this policy, confirm that the animal is a service animal and shall provide the student's parents, member of the public, or staff member with a copy of this policy and require the student's parent(s), member of the public, or staff member to acknowledge in writing that the parent(s), member of the public, or staff member has received a copy of the policy, the parent(s), member of the public, or staff member understands the contents of the policy, and the parent(s), member of the public, or staff member agrees to comply with the policy. As part of the approval process, the student's parent(s), member of the public, or staff member must provide proof that the service animal has received all required vaccinations.

The Superintendent or designee shall review and approve or deny requests to bring a service animal to school property and/or facility and/or school function on a case-by-case basis.

The Superintendent or designee shall give such permission to bring a service animal to school property and/or facility and/or school function only after he/she has provided written notification to all parents/guardians of students in the affected class(es) and staff in the affected class(es), asking them to verify whether their child or if they have any known allergies, asthma, or other health condition that may be aggravated by the service animal's presence. When an individual has provided notification that his/her child or the staff member has provided notification that he/she has an allergy, asthma, or other health condition that may be aggravated by the service animal, the Superintendent or designee shall take appropriate measures to protect the student or staff member from exposure to the service animal. Allergies and fear of dogs are not valid reasons for denying access or refusing service to individuals using service animals. When an individual whose health is aggravated by the service animal's presence and an individual who uses a service animal must spend time in the same room or facility, for example, in a school classroom or at a school cafeteria, both individuals should be accommodated by assigning them, if possible, to different locations within the room or different rooms in the facility.

When practically possible, the member of the public requesting to bring a service animal to a school property and/or facility and/or school function is encouraged to make the request in writing 10 business days prior to the date the member of the public plans to bring the service animal; however, the individual cannot be required to provide this advance written notice in order to bring a service animal to a school property and/or facility and/or school function. The written notice may be provided to the Superintendent or designee

RESPONSIBILITIES OF INDIVIDUAL WITH A DISABILITY/HANDLER

1. All animals must be treated for, and kept free of, fleas and ticks and other pests.
2. All animals must be kept clean to avoid shedding and dander.
3. The owner/handler of the animal is liable for any harm or injury caused by the animal to other students, staff, visitors, and/or property. (Civil Code 54.2).
4. All animals must have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the animal’s safe, effective performance of work or tasks, in which case the animal must be otherwise under the handler’s control.
5. The owner/handler of the service animal is responsible for the care and conduct of the service animal at all times. The District is not responsible for the care or supervision of the service animal, such as walking the animal or responding to the animal’s need to relieve itself. The owner/handler of the service animal must always carry equipment sufficient to clean up the animal’s waste, immediately remove the waste, and be responsible for the proper disposal of the animal’s waste.
6. Issues related to the care and supervision of service animals will be addressed on a case-by-case basis at the discretion of the Superintendent or designee. Students with service animals are expected to care for and supervise their animal. In the case of a young child or a student with disabilities who is unable to care for or supervise the service animal, the student’s parents are responsible for providing care and supervision of the animal.
7. If the request is for a service dog, the person making the request must provide annual proof of the vaccinations required in California and Sacramento County.
8. If the request is for a service miniature horse, the person making the request must provide annual proof of the vaccinations required in California and Sacramento County.

REMOVAL OF A SERVICE ANIMAL

1. The Superintendent or designee may ask any individual who brings a service animal to a school property and/or facility and/or school function to remove the service animal if any one of the following circumstances occurs:
 - a. The animal is out of control and the animal’s handler does not take effective action to control it;
 - b. The animal is not housebroken; and/or
 - c. The animal’s presence would pose a “direct threat.” Pursuant to 28 CFR 35.104, a direct threat is defined as a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services.
2. When an individual's service animal is excluded, he/she shall be given an opportunity to participate in the service, program, or activity without having the service animal present. (Education Code 39839; Civil Code 54.2; 28 CFR 35.136).

I have read and agree to the terms above.
