Physical Education Supervision and Safety Procedures

1. Door from locker room into PE office is to remain open during dress time.
2. Rotating supervision schedule to be established; supervising staff members to be dispersed to cover the following areas:
 - a. Staff member actively patrols dressing areas until all students have left the locker room area.
 - b. Staff member will sweep from one side of the locker room to the other, ensuring all students exit the locker room. Staff member will confirm that all exterior locker room doors and doors leading directly from the gym into the locker room have been locked and secured after the locker room sweep has been completed.
 - c. Students to lock all personal items in locker, spin lock to ensure secure. No backpacks/personal items will be allowed on the floor/benches/top of lockers/etc. Student backpacks/personal items not able to be secured in locker will be locked inside the coaches office.
 - d. Staff member supervises outside PE Teacher's office/locker room (example: on their numbers) at the beginning of each period.
 - e. An effective system in place to supervise mod/severe students.
 - f. An effective system in place to check out loaner shorts and shirts.
