## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### School Vision and Mission:

Peter J. Shields Elementary School will create students who are inspired, compassionate, and creative individuals who are empowered to excel beyond their own expectations. Staff, students, and parents will collaborate to provide a healthy and safe learning environment where students have the confidence to take academic and social risks. The high expectations we have for our students will prepare them for their educational future. As positive role models, it is our mission to develop proficient learners that have the skills they need to navigate through an ever changing and complex world.

### School & Community Profile:

Peter J. Shields is located in a neighborhood of long-time residents and younger families moving into affordable homes. The school has been in existence since 1962 and has been the proud school of several generations of families. Our population draws from both apartment complexes and single-family homes. Our ethnic makeup enjoys diversity with a variety of languages including Spanish, Armenian, Russian, and Ukrainian in addition to English. Because of our diversity, Peter J. Shields Elementary qualifies for two bilingual instructional aides who assist us with language and content acquisition for our English Learner students. We are a school that qualifies for Title I funding based on the level of poverty that exists in our student population. Title I funds afford us the ability to hire a reading specialist, provide supplementary classroom materials, purchase release time for teachers for planning and collaboration and attend professional development opportunities. Our school offers students two after-school child care/enrichment options; the After School Education and Safety (ASES) program which is a free, grant-based after-school care, and the Student Care program which is parent-paid. Both programs offer time for homework and snacks. In coordination with both programs, we are able to offer math and reading intervention classes while students are still on campus in addition to extended days to support instruction. Normally, our school enjoys great parent participation at our event nights such as our Harvest Festival, movie nights, Open House, Family Welcome/Meet the Teacher, and Back to School Night. Our Parent Teacher Association (PTA) has a small but creative and active group of parents that add to the richness of the PJS experience.

As soon as you walk onto the Peter J. Shields campus, you can feel the inclusiveness of the staff and parent community. Students greet all teachers warmly and all of the staff adds to the welcoming atmosphere and positive culture of Peter J. Shields.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on August 25, 2022, and determine that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

**Year and month in which the data were collected** 2022 August

### School Facility Conditions and Planned Improvements

Our custodial and district staff maintains our school and grounds so that it is clean and beautiful. Trash is routinely picked up and the buildings are kept free of graffiti. We have benches for parents and students around the campus as well as shaded picnic tables bordering our playing fields. The facilities are checked each morning and evening by custodial staff for vandalism, cleanliness, and safety.

Peter J. Shields was remodeled during the summer of 2001. At that time, new bells and alarms were installed school-wide, as well as improved handicapped access to restrooms and drinking fountains. All classrooms are equipped with energy-efficient heating and air conditioning units. Phones are in all classrooms, allowing teachers and students access direct outside lines. The school received a new infrastructure to support computers and Internet access throughout the campus.

We are very proud of our school as it is a beautiful, welcoming, and well-kept campus!

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	39	N/A	59	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	35	N/A	48	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are encouraged to attend all school functions, such as Family Welcome Night, Back to School Night, movie nights, a Harvest Festival, and parent conferences. Parents receive intervention information from teachers to assist underperforming students. Peter J Shields will continue to offer Family Welcome Night, Open House, Back to School Night, and various Parent Teacher Association (PTA) sponsored events when allowed and recommended by the District in coordination with State and County Public Health offices. This year we held our annual Family Welcome Day before school started for parents and students to come and meet their teachers. Our annual Title I meeting was held prior to Back to School Night. Annual parent surveys and parent compacts are handed out and discussed at parent teacher conferences in November. Parents are able to access the school's website, classroom websites & email addresses by using home computers or the parent access computer in the front office. Adults who are bilingual are available for parents when needed.

We have parent representation through our PTA leadership, School Site Council (SSC), English Language Acquisition Committee (ELAC), and the Superintendent Communication Committee. SSC and ELAC have filled parent positions. PTA was very active this year with events and activities well-organized and attended.

For additional information for parent involvement about organized opportunities at Peter J. Shields Elementary School, please contact individual teachers through the school office at 916-296-9160.

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	3.57	3.25	2.45
Expulsions	0.00	0.06	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2022-23 School Safety Plan

Our school is safe and well maintained. At Peter J. Shields, we pride ourselves on school appearance and campus safety. Our custodial staff also takes pride in keeping our campus clean and beautiful. Restrooms and eating facilities are cleaned daily. Kindergarten tables are disinfected nightly. Classrooms are cleaned several times a week. Any safety hazard that is reported is reviewed immediately and resolved. Our School Site Council and the Board of Education review safety plans each fall. During the 2021-2022 school year, there were four (4) accidents involving students at Peter J Shields.

Emergency plans have been developed in case a threatening situation should arise. The Emergency Plan is designed to give staff members and students guidance during emergency situations. Safety drills are held regularly to ensure that students and staff are well prepared in the event of an emergency. Our Safe Schools Plan encompasses disaster procedures, school conduct code and discipline, sexual harassment policy, and child abuse reporting.

## 2021-22 Types of Services Funded

In addition to general state funding, Peter J. Shields receives state and federal funding from the following categorical funds and other support programs: Title I Improving Academic Achievement, Title II Supporting Effective Instruction, Title III English Learners, Title III Immigrant Student Program, Title IV Student Support and Academic Enrichment, Elementary and Secondary Relief Dollars (ESSER), LCAP Supplemental Funds (English Learners/Low Income Student), and funds for interventions and expanded learning.

Data Sources: Data within the SARC was provided by Folsom Cordova Unified School District, retrieved from the 2021-2022 school year SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and the community may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.

## Professional Development

Folsom Cordova Unified School District has provided up to two professional development days for certificated staff for the current year and the last two years. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; by reading professional literature; and by networking. District-sponsored in-service and training are provided through Professional Learning Communities (PLC), lead teachers, and site level academic, reading, math, science, and technology coaches. In addition, our district staff has worked collaboratively to provide an induction program for qualified new teachers.

It is the goal of Peter J. Shields Elementary to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. Our committed staff is always available to assist struggling students whether academic or emotional.

This table displays the number of school days dedicated to staff development and continuous improvement.
