

YORKSHIRE ACADEMY

300 STUDENTS
18 MONTHS – 5TH GRADE

Words We
Live By

When a child enters Yorkshire Academy, a seed is planted that vigorously grows for a lifetime. The energy propelling that seed is potential. Our little school sparks the talents and interests already alive within your child. We nurture each student's unique passions, so when your child moves on from here, he or she will be imbued with a love for learning and a joy for life that will continue to blossom to its fullest.

potential

While Yorkshire Academy is known for advanced academics, we are equally known for creating an open atmosphere where kids are encouraged to explore, make mistakes, and find better answers on their own. We stimulate students' natural curiosity because we know this kind of discovery is a magical place where learning is embraced, absorbed and becomes useful to your child for life.

The main image shows three children in school uniforms sitting on a stone ledge next to a small stream. They are holding colorful water toys (green and blue tubes with yellow handles) and playing with the water. The stream is bordered by large, light-colored stones. The background shows a wooden fence and a thatched roof.

curiosity

Yorkshire uses the most progressive approaches to building children's knowledge, but that's only half of our mission. We also believe in building our students' character. Ours is an atmosphere of kindness, community, integrity and grit. Yorkshire students learn that doing the right thing best serves themselves and the greater good. We help prepare them for a life of positive action, leadership, compassion and accomplishment.

Character

Yorkshire Academy has strong core programs in math, science, technology, language and humanities, modeled upon the most innovative educational research and development. We also believe that an abundant life includes art, culture, sport and creativity. We immerse our students in all facets of learning, so they can begin their journey to becoming well-rounded individuals who are excellent problem solvers and insightful contributors to the world we live in.

excellence

Kids from across Houston and all over the world spend the most formative years of life right here at Yorkshire Academy. With more than 50 nationalities enriching our campus, we inspire students to be mindful of the great and wondrous world around them – a world that they can make better. This begins with annual community service at the local level all the way to taking part in environmental programs aimed at making a global impact.

mindfulness

Advanced educational research reveals that true learning comes from joyful discovery and play. We infuse this spirit into every lesson, activity, and even the design of our facilities. Every corner of our campus is alive with movement, exploration and kids just being kids. We also know that finding happiness is a challenge amid the chaos of modern childhood. We have invested fully in social-emotional learning to help our kids build the inner strength and confidence they need to flourish.

happiness

Yorkshire Academy kids see the beauty in diversity every day. Here students from all backgrounds learn to respect what at first may feel unfamiliar. Our vibrant campus and free thinking atmosphere helps our kids develop an enlightened worldview that embraces varied cultures, traditions and ways of life. When they transition to their next school they are prepared to be both good students and good citizens of the world.

respect

While independence and self-expression are treasured at Yorkshire Academy, we also believe that living a full and successful life requires collaboration. This skill is taught and practiced every day at Yorkshire Academy. In academics, activities and sports, our students work together to achieve common goals. When they graduate from our school, they will know the value of being team players in all facets of work, play and life.

teamwork

Choosing the right school for your child can be an agonizing decision. But if you've read this far, there's a good chance our values resonate with yours, and you've found the right place.

At Yorkshire we stand for Potential, Curiosity, Character, Excellence, Mindfulness, Respect, Happiness, Teamwork, and above all, Love. At our little school, your child will be loved. And in turn, your child will love this school right back. Please visit us. You'll see.
