

What do we need from SAC? The SAC meetings should not be just for information dissemination from the Principal. The SAC is needed to convey information to the public in their interactions and to help propel Mitchell forward.

SAC wants to know what we want them to do- provide specifics.

October 4<sup>th</sup>- Mr. Smith will present the I-JIP (Unified Improvement Plan) or ONE PLAN to the BOE- will give highlights at the Oct 12<sup>th</sup> meeting.

Cohesive plan to expose the community regarding the benefits of sending their students to Mitchell HS.

HBCU exposure for our students- send information to the schools. Plan an HBCU Expo-Visitation from HBCUs or a virtual event.

Community Partnerships/Events- utilize the SAC to help improve and expand membership. Mr. Smith told the SAC members to bring ideas for discussion, approval and execution for those items that will move forward. All activities should aligned with the mission and vision of MHS.
