Weather Events & Outages

South Whidbey weather and environment can be variable and unpredictable. When winter weather hits, our top priority is the safety of our students and staff. One part of our district may be clear while other areas are struggling with snow or ice. We make the decision to close or delay based upon the whole district. However, we know that every family housing situation is different and the final decision to safely attend school belongs to the parents.

HOW THE DECISION TO CLOSE SCHOOLS OR DELAY THE START IS MADE...

To help make the best possible decision, we monitor weather forecasts continuously. District staff members drive the roads beginning at 4 a.m. checking schools and routes and reporting road conditions to the Superintendent by 5 a.m. A decision and announcement is made as quickly as possible, and will be updated as weather conditions change.

In the event of remote learning, teachers will provide information on what to do in advance. Students should check in with their teachers via Google Classrooms or Clever to find their daily assignments.

Small group instruction - There will not be in-person small group instruction. Teachers will reach out to these families with Remote Learning opportunities for the day.

Special Education services for students in specialized programs - There will **not** be in-person special education instruction for those students receiving services.

Announcements will be made to staff and families via ParentSquare Alerts, the default notification is via email however, you can choose to receive notification via text or app notification. The message will also be posted on the website, via Facebook/Instagram, and FlashAlert.
