

Dear Families,

We want to welcome you to the Seedlings program and are excited to serve your child.

We all know that the last several months have been challenging as we all adapt to the consistent changes to our lives. We are still committed and will continue to do the best we can at providing a high quality early learning experience for your child(ren) and family.

We have worked countless hours to put into place new practices based off of recommendations from the Centers for Disease and Control Prevention (CDC) and Washington State Department of Health. We also are working with the local Health Departments and Emergency Management System. We want you to know that these updated practices are to keep everyone safe and healthy.

Here are a few examples of practices that have been changed for this program year due to COVID-19:

- All center staff will wear personal protective equipment (PPE), and practice social distancing and use universal precaution practices.
- Additional daily cleaning and sanitizing of classrooms and the facility will take place.

We will continue to adapt and make needed adjustments as we learn about the best way to implement these new processes

Please be patient with us as we all are learning how to do things differently, with our number one goal of keeping everyone safe.

We are excited you have chosen Seedlings and look forward to serving your child and family.

Respectfully,

Seedlings Management

If there is space available for your child, they will start a transition plan two (2) weeks prior to their birthday. If there is no space available your child will go on the waitlist with a high priority. Hatch Tablet Letter

Dear Parents:

Our Seedlings centers are able to provide extended learning for your child(ren) at home by using an age-appropriate educational system titled Hatch Ignite System. The Hatch Ignite system allows for your child who is between the ages of 28 months to 5 years old to engage in learning games using a tablet. The learning games will help build skills in your child in the areas of language, math, literacy, social-emotional, and cognition. These skills will help your child prepare for kindergarten.

Along with providing learning games, the Hatch tablet is also a way for families to stay connected with their child's teacher and the center. The tablet will be equipped with the Zoom application. The zoom application allows for you and your child to connect virtually for home visits, center events, or classroom time in case your child is absent for an extended period of time.

Once your child is enrolled and is attending our program, you will be notified when your child's tablet is ready to be checked out to you. During the checkout process, you will be provided the Hatch Ignite Tablet along with some accessories that go with that tablet (charger, headphones, carrying case). You will receive some educational resources that provide ideas on activities that you can do with your child at home. You will need to electronically sign the agreement form (a copy of the agreement will be emailed to you) for the tablet which explains the responsibility of care and return of the tablet. As the guardian, you will be legally responsible for any issues or mishandling of the tablet. Your child should be the only one to use the device as well as be the only one who plays the Hatch ignite games.

We have established procedures and rules regulating the materials that students may search for on the network, but please be aware that there is unacceptable and controversial material and communications on the internet that your child could access. It is not possible for us to provide direct supervision of all students. We cannot filter material posted on network-connected computers all over the world; we encourage you to consider the potential of your child being exposed to inappropriate material in your decision of whether or not to accept the Hatch Ignite Tablet.

Thank you.

Someone will be in contact with you soon to receive your child's tablet.

Sincerely,

The Seedlings Centers
