## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### MISSION STATEMENT

Inspire curiosity | Value every student | Empower student leaders | Encourage a love of learning | Cultivate academic and personal growth

### SCHOOL PROFILE

Northridge Elementary is one of 41 elementary schools in the San Juan Unified School District. The curriculum provided is aligned to the California Common Core Standards. The school supports cultural awareness on a daily basis through its diverse literature selections and other school activities.

Northridge Elementary School has an academic focus and stresses balance. We work hard to provide both basic skills and thinking, reasoning curriculum which will prepare students to meet their world of advanced education, work, and citizenry.

Northridge Elementary School has implemented a writing workshop and a reading workshop in order to provide a comprehensive, balanced literacy approach to teaching English Language Arts. All students are assessed to find their “just right” reading level - children need to be exposed to a great deal of text or written words at their own reading level to improve and become better readers.

Northridge Elementary School is a place where:

- Parents, staff, and students have mutual respect, work together to solve problems, and take responsibility for our actions.
- Parents, staff, and students work collaboratively with the best interest of our students in mind.
- Parents and community are involved in the learning process.
- Students feel psychologically and physically safe.
- Students have multiple opportunities to succeed.
- Teachers teach grade level, standards-based curriculum.
- Teachers use multiple learning modalities.
- Teachers hold students to high academic, social, and behavioral standards.
- Staff works toward continual improvement in the educational process.

## 2022-23 School Overview

Our school program includes, but is not limited to, the following components:

- Four-hour Kindergarten
- Discovery Club (before and after school program)
- Bridges After School Program (creative and supportive enrichment)
- Classes for special needs students from across the district
- Student Leaders
- Northridge Strings Program
- Northridge Choir Program
- Read Across America celebration in the spring
- Northridge Garden
- After School Tutoring
- Northridge House System

Students at Northridge Elementary are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy, and acceptance of others. Parents and students are informed of school rules and discipline policies through the student handbook which is sent home at the beginning of the school year. The school-wide expectations at Northridge Elementary School are: "Practice Respect, Act Responsibly, Work Together, and Stay Safe (PAWS)." School rules assemblies are conducted monthly to review rules and procedures and to celebrate students who show the "Wildcat Way". Northridge students are taught to recognize, refuse, and report bullying behaviors. Each trimester, students are recognized for showing growth in areas such as attendance, academics or in the areas of Successful Practices.

Students at Northridge also participate in our House System. The purpose of the Northridge House System is to promote a positive and welcoming environment in which students, staff and community members feel a strong sense of belonging. This supports the Northridge mission of valuing every student and empowering student leaders. Through the Northridge House System, students are taught the Essential 25. Learning these essentials offers opportunities to learn and practice social emotional skills to prepare for college and career readiness. Students will become intrinsically motivated to do their best and take responsibility for creating and sustaining a positive environment for our community. Returning students will continue in the same House as the previous year and new students will become part of one of the following Houses:

Astrologos: the House of Dreamers | Dobrota: the House of Empathy

Mahalo: the House of Gratitude | Pativ: the House of Honor

Tiyaga: the House of Perseverance | Valeroso: the House of Courage

### PRINCIPAL'S MESSAGE

This year, we are taking all we have learned over the past few years and applying that to really dig into how we support student learning. We have learned so many new tricks and tools over the last few years. Using our understanding of student needs along with our knowledge of innovative instructional practices, we continue to refine our practices in supporting student achievement.

At Northridge, we are committed to partnering with our families and community to support student learning. We are excited to welcome our families back on campus this year! There are many opportunities to get involved on our campus including through our School Site Council, PTA, volunteering in the classroom or on field trips. I am thrilled to share with you that we brought back Lunch with a Loved One. This event will occur once each trimester where families are invited to have lunch with their student/s here on campus.

If you have not already done so, please consider joining us on social media, where you will receive updates and announcements. You can find us at @NRWildcats on Instagram and join our family page on Facebook at Northridge Elementary or the closed group, "Northridge Parent/Family Group."

I also send out weekly all calls on Sunday evenings with information on the upcoming week. Please be sure to listen to those calls and check your email for these announcements!

Please also note the change in start and end times this year:

2022-2023 Bell Schedule

Monday through Friday (Kinder) 8:55am-12:55pm

Monday, Tuesday, Wednesday and Fridays (1st through 6th grades) 8:55am-3:30pm

Thursdays (1st through 6th grades) 8:55am-2:15pm

## 2022-23 School Overview

As your site principal, please know that I am committed to ensuring that all families and students feel welcome and safe at Northridge. My door is always open if you have concerns or questions. I return calls and respond to emails within 24 hours. I can be reached at 916-971-7066 or [petra.luhrsen@sanjuan.edu](mailto:petra.luhrsen@sanjuan.edu).

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

San Juan Unified held a public hearing on September 28, 2021 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2021 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <https://www.sanjuan.edu/Page/23518>. In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan’s textbook adoption schedule, please visit our website:

### School Facility Conditions and Planned Improvements

Northridge Elementary was modernized in 1995, and a new multi-purpose room was added in 2001. The scope for modernization included roof/repair or replacement, interior, and exterior painting, selected window system replacement, energy-efficient lighting system upgrade, new doors with handicapped accessible hardware, restroom restoration, electrical infrastructure upgrade to provide for internet, cable, telephone, new fire/intrusion, and intercom system throughout the school. Currently there is sufficient space to house the student population. There is a site custodial staff that cleans the building, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. Complete HVAC system installed in Summer 2007 (Measure-J). The exterior was painted in 2009 with Deferred Maintenance funds. The pod B and pod C interior student restrooms were remodeled in Summer 2012 (Measure-J). At the same time the pods interior drainage and cement work was replaced and cement work in front of the office was improved (Measure-J).

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in August 2020 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	29	N/A	43	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	18	N/A	29	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Northridge has an active parent community. Volunteer activities include working as classroom and office helpers, library aids, and chaperone opportunities for field trips. Parents are also an integral part of School Site Council and Safety Team. The parents of Northridge take an active role in school programs. The PTA provides resources to bring in assemblies, fine arts, and projects which benefit all students. Parents are kept informed of school matters through weekly calls and emails, our family handbook, class/school newsletters, the school web site, School Site Council, PTA meetings, Social Media (Facebook page, Instagram and Twitter @nrwildcats), and parent/teacher conferences.

Northridge has a Family/Volunteer Resource Room that provides a dedicated work space for parents and volunteers, as well as a space to conduct parent training and hold meetings.

Northridge has a Neighborhood Liaison, Annette Silva, who works to facilitate home-school-district communication. Annette can be reached at 916-979-8767 or [annette.silva@sanjuan.edu](mailto:annette.silva@sanjuan.edu).

Northridge has an active parent/community volunteer program. For more information on becoming a volunteer at Northridge, please visit: <https://www.sanjuan.edu/volunteer>

Northridge School also has mutually supportive relationships with the Fair Oaks Library, Fair Oaks Rotary Club, The Orangevale-Fair Oaks Food Bank, Intel - Folsom, New Life Community Church, Fair Oaks Church, The Women's Thursday Club, Inner Wheel, Barnes & Noble Book Store, Bev's Angels Project, AboutKidz/Graduation Day, Criterion Critical Systems, Inc. and the Chamber of Commerce.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school office 916-971-7066 for more information.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

### School Safety Plan

San Juan Unified School District emphasizes school safety and understands its importance in helping to achieve the academic success of its students. In accordance with the California Education Code, each school site must complete and maintain a Comprehensive School Safety Plan, to be reviewed and updated annually. The plan includes a review of safety data for the campus, safety policies, critical incident response & management information as well as emergency procedure information including those pertaining to incidents involving fire, earthquakes, intruders and other dangers. The review and update of the plan is a collaborative process involving representatives from site administration, instructional staff, custodial & classified staff, safety personnel and parent representative who together comprise a site safety team. Finalized plans are posted to site webpages for public access and presented to staff during training and development days no later than March 1 of each year. A copy of the plan is available for review in each school site office.

Safety drills are held on a regular basis and in compliance with the California Education Code to include fire drills, earthquake drills and intruder drills. Drills are coordinated and monitored with the assistance of the trained district safety personnel.

Safety is a shared responsibility. Each school site is supported by the district's Safe Schools Team. The Safe Schools Team is comprised of personnel specifically trained to support and promote school safety, provide advice to matters involving student welfare, assist in the coordination of drills and provide safety training to students and staff. Safe Schools Team members, known as Community Safety Specialists work collaboratively with site administrators and safety committee members to build and strengthen a culture of safety as well as address specific incident needs. The Safe Schools Team members are further supported through developed relationships with local law enforcement offices including the Sacramento County Sheriffs Department & Citrus Heights Police Department. San Juan Unified maintains contracts with local law enforcement for the purpose of employing uniformed law enforcement officers to further enhance school site security for special events as well as in response to critical incidents and threats. .

## Professional Development

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level, and there are specific opportunities designed for our paraprofessionals to attend and be compensated. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.

This table displays the number of school days dedicated to staff development and continuous improvement.
