## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### MISSION STATEMENT

Parents were the catalyst in the 1970's that led to the founding of Orangevale Open, and their involvement is a cornerstone of the institution. Families who send their children to our school understand this commitment, and they invest in the program. They attend monthly meetings led by officers they have elected from class parents. Parent participation is crucial to OVO and our mission:

Learning by doing, together, the mission of the Orangevale Open K-8 Community is to cultivate in all students the curiosity that leads to creativity, lifelong learning, and responsible citizenship by connecting meaningful experiences to individual passions and motivation in a trusting, collaborative environment.

Historically, Orangevale Open K-8's mission has been to ensure that our students

1) feel excited about their education, 2) are prepared to meet new challenges positively, and 3) consider themselves capable, caring members of society.

To achieve this, we have a learning community that aims

- To develop a love of learning within each child
- To extend the learning environment beyond the classroom and to link instruction to real life through field trips and community resources
- To promote personal best rather than competition and to involve students in establishing their own goals
- To create an environment that strengthens self-confidence and that allows students to take risks and to learn from mistakes
- To appreciate and celebrate uniqueness and to develop respect for self and others
- To learn through hands-on activities and experiences and to emphasize process rather than product
- To foster developmentally appropriate learning environments that encourage responsible choices and that provide opportunities for students with all learning styles
- To be a strong, caring community that feels like family

## 2022-23 School Overview

### SCHOOL PROFILE

Orangevale Open K-8 (OVO) is one of eight K-8 schools in the San Juan Unified School District. OVO is unique in that we are the only K-8 which is an alternative, non-boundary school - any one can attend our school. We pride ourselves in maintaining a caring environment where children can reach their full potential while exploring ways to become increasingly responsible for their own learning using a curriculum that integrates skills and literacy, develops students' unique abilities and enables students to learn through real life experiences. The instructional program, while transitioning from the California Content Standards to the Common Core State Standards, encourages students to explore their world. Learning activities are child-centered, creative, and authentic. Students go on frequent field trips. Teachers and parents plan activities that nurture community involvement. Visitors come to school to introduce students to varied influences and guest speakers provide presentations on topics of special interest. Students interact with children of all ages and stages of development. They are placed in active roles, and our curriculum is integrated and relevant. Time is flexible so that children learn at a pace that meets their needs. At OVO, students find freedom and acceptance to make mistakes and to learn from experience. The environment is rich with ample opportunities to develop knowledge and skills around Common Core Standards-based curriculum as well as to develop self-esteem, self-reliance, interpersonal relationships, and problem solving.

Our motto is "Learning by Doing, Together." We expect all adults in the community to be learners themselves. Our teachers facilitate Project-Based Learning across the curriculum to promote inquiry that stems from students' curiosity. We utilize the Balanced Literacy Model across the curriculum. Our teachers engage parents as partners in the classroom. Teachers monitor parent-run activities, provide direct instruction and coach students to support their personal and intellectual growth. Teachers guide children to set goals for themselves, and to evaluate their individual performance. Students learn to value quality for its own sake. Intrinsic motivation is fostered; competition is downplayed. We cultivate curiosity. Project-Based Learning is used across the curriculum. Parent volunteers are integrated into every grade level; their dedication is essential to OVO's instructional program. This includes after-school and extracurricular activities such as Drama, Band, and LegoClub. Our campus is wireless, and instructional technology, including tablets and laptops, is used in learning in classrooms, on the sports fields, and in the Nature Area.

### PRINCIPAL'S MESSAGE

Orangevale Open K-8 continues to provide a unique, alternative education for students because of the investment of parents, teachers, and staff along with the support of San Juan Unified School District. With our Mission, Strategic Plan and School Plan for Student Achievement in place, we continue to focus on continuous improvement. Karen Chenoweth is a Writer-in-Residence at Education Trust, and in her book, *Leading Academic Success in Unexpected Schools* (2011), documents characteristics of effective schools. Many of those are traits of Orangevale Open K-8:

- We teach increasingly complex and sophisticated material so that students exceed standards.
- We have high expectations for students.
- We use data to focus on individuals.
- Students are our first priority. Every decision is informed by what is best for our students.
- Time is used wisely - for engaging activities that support our mission.
- We leverage community resources to benefit our school community.
- Our struggling students get the most concentrated time and we develop mechanisms to expand their instructional time.
- Rather than disciplining students who misbehave, we aim first to teach them and strengthen their understanding and our relationships.
- We establish an atmosphere of respect (It's our tradition that everyone goes by first names).
- There are many leaders in all stakeholder groups across our campus and within our community.
- Teachers seek out professional development to address areas where their students are struggling.
- Teachers know they must welcome and teach colleagues new to the Orangevale Open K-8 program.
- Our entire staff is high-quality, dedicated, and competent, and they know they are a part of our educational mission.
- Our school is a nice place to work. We collaborate to improve OVO. We have high and constantly increasing expectations for ourselves as professional educators; we strive to improve our skills and knowledge.

## **A. Conditions of Learning State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

San Juan Unified held a public hearing on September 28, 2021 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2021 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <https://www.sanjuan.edu/Page/23518>. In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. ## School Facility Conditions and Planned Improvements

Orangevale School was modernized during 1997. The scope included roof/repair or replacement, interior and exterior painting, selected window system replacement, energy-efficient lighting heating and cooling system upgrade, new doors with handicapped accessible hardware, restroom restoration, electrical infrastructure upgrade to provide for internet, cable, telephone, fire, intrusion, and intercom system throughout the school. In 2004, Orangevale received a heating and cooling system upgrade. The cafeteria was air conditioned and received a new gym floor, painting and blinds. In 2006, under the Measure J Bond the science rooms were upgraded with cabinets, counters, power, gas, flooring and paint. In the summer of 2015, steps and ramps were installed to improve accessibility to all areas of campus. Additionally, the blacktop was redone, the striping repainted and a third portable classroom was added to accommodate increased enrollment. Currently, there is sufficient space to house the student population. There is a site custodial staff that cleans the building along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. An additional parking lot has been added as well as improved irrigation, landscaping and drainage.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in October 2020 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	64	N/A	43	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	53	N/A	29	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
Grade 5	93.1	100	96.6	98.3	98.3
Grade 7	100	98.1	94.4	98.1	100

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

##### Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the Orangevale Open K-8 Principal, Rick Boster at (916) 979-8067.

##### Parent Involvement

Parents enhance and expand the program with their active involvement at Orangevale Open. Families volunteer to participate in and support the philosophy and elements of the open program because parents are integral to our program. Their attendance at monthly night meetings is essential. We encourage each family to share their special knowledge, ideas, talents, strengths, and interests with the children through Round Robins and in the classroom. Under the direction of the teacher, parents help implement units of study, work with the children in learning experiences, and supervise areas for safety. Parents will prepare materials for the class, assist in recordkeeping and provide transportation for field trips.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

### School Safety Plan

San Juan Unified School District emphasizes school safety and understands its importance in helping to achieve the academic success of its students. In accordance with the California Education Code, each school site must complete and maintain a Comprehensive School Safety Plan, to be reviewed and updated annually. The plan includes a review of safety data for the campus, safety policies, critical incident response & management information as well as emergency procedure information including those pertaining to incidents involving fire, earthquakes, intruders and other dangers. The review and update of the plan is a collaborative process involving representatives from site administration, instructional staff, custodial & classified staff, safety personnel and parent representative who together comprise a site safety team. Finalized plans are posted to site webpages for public access and presented to staff during training and development days no later than March 1 of each year. A copy of the plan is available for review in each school site office.

Safety drills are held on a regular basis and in compliance with the California Education Code to include fire drills, earthquake drills and intruder drills. Drills are coordinated and monitored with the assistance of the trained district safety personnel.

Safety is a shared responsibility. Each school site is supported by the district's Safe Schools Team. The Safe Schools Team is comprised of personnel specifically trained to support and promote school safety, provide advice to matters involving student welfare, assist in the coordination of drills and provide safety training to students and staff. Safe Schools Team members, known as Community Safety Specialists work collaboratively with site administrators and safety committee members to build and strengthen a culture of safety as well as address specific incident needs. The Safe Schools Team members are further supported through developed relationships with local law enforcement offices including the Sacramento County Sheriffs Department & Citrus Heights Police Department. San Juan Unified maintains contracts with local law enforcement for the purpose of employing uniformed law enforcement officers to further enhance school site security for special events as well as in response to critical incidents and threats. .

## Professional Development

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level, and there are specific opportunities designed for our paraprofessionals to attend and be compensated. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.

This table displays the number of school days dedicated to staff development and continuous improvement.
