2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

MISSION STATEMENT

Albert Schweitzer Elementary, an exemplary model of sophisticated student expression, empowers each child to collaborate and problem solve as a compassionate and highly literate twenty-first century citizen through innovative, research-based, instructional strategies that incorporate strong character values in partnership with families in a nurturing environment.

SCHOOL PROFILE

At Schweitzer, we believe that all students can achieve at high levels, and we focus our intentions and professional development on defining and implementing strategies that support in creating a safe and inclusive school culture where every child feels valued, has the tools to succeed, and is connected to staff, peers, and to our school academically, behaviorally, socially, and emotionally.

Academics:

- Schweitzer teachers receive regular and ongoing professional development in a variety of content areas.
- GLAD strategies are revisited each year in order to support instructional delivery and planning with a particular focus on our EL learners.
- Intervention teachers support students needing additional support in reading and math.
- Education Specialists including Resource teacher, Speech Pathologists, SDC teachers, Psychologist, Adaptive PE teacher, and Occupational Therapist, support students with Individualized Educational Plans (IEPs)

Behavior:

- Schweitzer teachers receive regular and ongoing professional development and support with Positive Behavior and Intervention Support (PBIS).
- Students receive intentional and ongoing instruction on Schweitzer's common area agreements.
- Teachers and staff receive ongoing training and support in Restorative Practices.

Social and Emotional:

- Teachers and staff receive ongoing support and training with Restorative Practices, PBIS, and Mindfulness Practices in an effort to increase the sense of connectedness in our school and community.

2022-23 School Overview

- Our school counselor provides school, classroom, and individual supports to students.

Here at Schweitzer, we put children first in all that we do.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

San Juan Unified held a public hearing on September 28, 2021 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2021 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <https://www.sanjuan.edu/Page/23518>. In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan’s textbook adoption schedule, please visit our website:

School Facility Conditions and Planned Improvements

Albert Schweitzer Elementary School, constructed in 1961, was modernized during the 2000-2001 school year. The scope included: roof replacement, interior, and exterior painting, window system repair, energy-efficient heating and cooling system upgrade, new doors with handicapped accessible hardware, restroom restoration, electrical infrastructure upgrade to provide for internet, cable, telephone, new fire, intrusion, and intercom system, throughout the school. New carpet and tile was installed in most classrooms. Currently, there is sufficient space to house the student population. There are two Discovery Clubs on site. Site custodial staff clean the buildings, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. Field repair, driveway resurfacing, and irrigation system retrofit continue to be a concern. During the summer of 2008 a new portable 5-classroom wing with Boys, Girls and Staff Restrooms was constructed along with a major landscape and paving project through the Measure J Bond. During the summer of 2014, the restrooms in our main quad were updated with new concrete poured in the main hallways.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in October 2019 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	34	N/A	43	N/A	47
Mathematics (grades 3-8 and 11)	N/A	27	N/A	29	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parent Involvement:

At Schweitzer we encourage families to take an active role in their child's education by participating in school events, activities, committees, and volunteer opportunities.

Opportunities include:

- Parent Conferences, Back-to-School Night, and Open House are opportunities for parents to learn more about their child's academic and behavioral growth as well as teacher and school expectations, resources, and supports.
- School Site Council is an elected body of teachers, parents/community members, and other Schweitzer staff that works together to define the school plan including goals and budget expenditures.
- English Language Advisory Committee (ELAC) is a body of parents/community members that assemble to discuss best practices, goals, and data relating to our English Learners.
- The District English Language Advisory Committee (DELAC) representative attends DELAC meetings and reports out information to ELAC members.
- PTA is a very active group of parent and staff volunteers that plan and oversee many of our school events including Fall Festival, the Spring Dance Showcase, Family Reading Night, Jog-A-Thon, school fundraisers, spirit wear sales and delivery, and many more!
- The Superintendent's Parent Advisory Committee (SPAC) representatives attends meetings and reports out information to staff and families.
- Classroom support volunteers are appreciated! Teachers often request volunteers to work with small groups of students, to support with special projects, preparing materials for instruction, chaperoning field trips and/or organizing book orders, fundraising materials, and student student homework/ weekly folders.

We welcome family and community partnerships. If you have ideas or are interested in partnering with Schweitzer to create opportunities for our students, staff, or community, please reach out to our school office at (916) 971-7094.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.50	3.11	2.45
Expulsions	0.00	0.03	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

School Safety Plan

San Juan Unified School District emphasizes school safety and understands its importance in helping to achieve the academic success of its students. In accordance with the California Education Code, each school site must complete and maintain a Comprehensive School Safety Plan, to be reviewed and updated annually. The plan includes a review of safety data for the campus, safety policies, critical incident response & management information as well as emergency procedure information including those pertaining to incidents involving fire, earthquakes, intruders and other dangers. The review and update of the plan is a collaborative process involving representatives from site administration, instructional staff, custodial & classified staff, safety personnel and parent representative who together comprise a site safety team. Finalized plans are posted to site webpages for public access and presented to staff during training and development days no later than March 1 of each year. A copy of the plan is available for review in each school site office.

Safety drills are held on a regular basis and in compliance with the California Education Code to include fire drills, earthquake drills and intruder drills. Drills are coordinated and monitored with the assistance of the trained district safety personnel.

Safety is a shared responsibility. Each school site is supported by the district's Safe Schools Team. The Safe Schools Team is comprised of personnel specifically trained to support and promote school safety, provide advice to matters involving student welfare, assist in the coordination of drills and provide safety training to students and staff. Safe Schools Team members, known as Community Safety Specialists work collaboratively with site administrators and safety committee members to build and strengthen a culture of safety as well as address specific incident needs. The Safe Schools Team members are further supported through developed relationships with local law enforcement offices including the Sacramento County Sheriffs Department & Citrus Heights Police Department. San Juan Unified maintains contracts with local law enforcement for the purpose of employing uniformed law enforcement officers to further enhance school site security for special events as well as in response to critical incidents and threats. .

Professional Development

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level, and there are specific opportunities designed for our paraprofessionals to attend and be compensated. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
