

What is a School-Parent Compact?

A School-Parent Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all of our students reach grade level standards.

Our Compact will Benefit everyone!

Jointly Developed

The parents, students, and teachers of The HOPE Academy developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact.

Parents are welcome to contribute comments at any time!

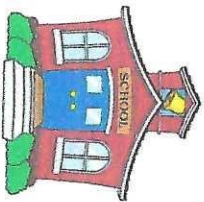

If you would like to volunteer, please contact our Family Liaison- Lana Clary- by calling the school.

(706) 812-7988

Activities to Build

Partnerships

Anytime parents visit The HOPE Academy - from luncheons to academic workshops - our partnership is strengthened! Please check the student handbook/ calendar for all events. If you would like to volunteer or mentor at the school, please call us!

Communication and

Student Learning

The HOPE Academy is committed to frequent two-way communication with our families about student learning. Here are some ways we communicate:

- Updates on our school website
- Home visits
- Parent Conferences
- Remind messages
- Phone Calls, emails

REVISION DATE : (August 22, 2023)

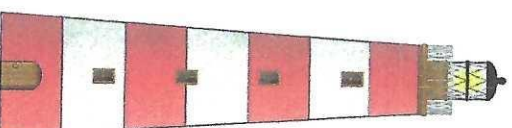

School-Parent Compact

For Achievement

2023-2024

High School Focus for Student Success

The HOPE Academy

Our Goals for Student Achievement

District Goals:

1. Improved Lexile Levels, College & Career Readiness Index Scores (CCRP), & Georgia Milestone Assessment (GMAS) scores

*reading on grade level and mathematical competency

2. Observation of more rigorous instruction, increased implementation of STEAM and project based learning activities

*problem solving & critical thinking

Hope Academy High School

The HOPE Academy School will increase the percentage of students scoring at the Developing by 5% in Math and ELA on the GMAS by May 2024.

Areas of focus:

9th-12th

- Use literacy skills to solve mathematical word problems.
- Use literacy skills to improve reading comprehension skills.
- Use literacy skills to improve science skills.

Teachers, Parents, Students-

Working Together for Success

In the High School Classroom

The High school teachers will work with students and their families to support student success. Some of our key connections with families will be:

 Provide monthly reading passages for support, on target and extended learning for students' practice at home.

 Provide monthly math word problems to practice math skills at home.

 Provide test taking skills and strategies to practice at home.

At Home

Hope Academy parents joined staff to develop ideas about how families can support student success.

 Parents will provide monthly reading support with reading passages.

 Parents will provide monthly support with math word problems.

 Parents will provide support with the monthly strategies and skills for test taking.

High School Students

Students joined staff and parents to develop ideas about how they can succeed in school. Students shared the following ideas:

 Students will read the monthly reading passage at home

 Students will work through the monthly math word problems at home.

 Students will work on test taking strategies and skills at home.

Teachers, Parents, and Students believe these additional key points will create success for our High School students this year:

- ⇒ Attend school every day
- ⇒ Strive to reach academic goals
- ⇒ Meet HOPE expectations
