D116 RLHS Theater AV and Stadium Sound System Renovation December 20, 2021**

STR PARTNERS LLC 350 West Ontario Street Chicago, Illinois 60654

Construction Drawings, Specifications and Bidding Documents for the above captioned Project, dated December 7, 2021 (drawings), and December 15, 2021 (specification), are revised, amended and clarified as follows. All provisions of the original Drawings and Specifications shall remain in force, except as specifically modified or changed herein, or by other Addenda.

A. DRAWINGS AND SPECIFICATIONS:

1. Delete the text about providing lag bolts to support the speaker stands on drawing AV-02. Do NOT penetrate the PVC roofing membrane at all.
2. Provide four 50 pound iron weights secured to the bottom of the Unistrut speaker stands.
3. Provide a rubber buffer pad, Roof-Gard by Humane Mfg., between the bottom of the Unistrut speaker stand and the PVC roof membrane. Make the pad 4-6" larger than the dimensions of each stand.
4. Provide two aircraft cable supports, as shown on drawing AV-02, at both the top and bottom of each speaker stand. Four supports are required for each speaker stand.
