Members of the Board of Education
Citizens of Round Lake Area Schools Community Unit School District 116

The Comprehensive Annual Financial Report (CAFR) of Round Lake Area Schools Community Unit School District 116 (the District), for the fiscal year ended June 30, 2015, is presented. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, resides with the District.

We believe the data, as presented, is accurate in all material aspects and represents the financial position and results of operations of the District as shown by the disclosure of all financial activity of its various funds; and that all disclosures necessary for public understanding of the District's financial status have been incorporated within this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter for transmittal and should be read in conjunction with it.

The CAFR is presented in three sections: introductory, financial, and statistical. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officers and elected officials. The financial section includes the independent auditor's report on financial statements and schedules, MD&A, and required supplementary information such as the combined and individual fund financial statements and schedules. The statistical section includes selected unaudited financial and demographic information, generally presented on a multi-year basis.

This report includes all funds of the District. For all the governmental fund-types, the District reports on a modified accrual basis of accounting, which is applied to the District's budget and accounting records. The notes to the financial statements expand upon the modified accrual basis as well as the District's accounting policies and procedures.

District Profile

Round Lake Area Schools Community Unit School District 116 encompasses a nine square mile area in Lake County, Illinois approximately 43 miles northwest of Chicago's "Loop." The District serves students from portions of the villages of Round Lake, Round Lake Beach, Round Lake Heights, Round Lake Park and Hainesville. It is easily accessible by State Routes 120, 134 and 83, and also the Tri-State Tollway (I-94). Commuter train service to Chicago is located in the heart of the Village of Round Lake and the Village of Round Lake Beach.

The District educates 7,249 students in pre-school through 12th grade at eleven (11) facilities – one preschool, one kindergarten (leased facility), five elementary schools, two middle schools, a high school and a transition center for students between the ages of 18 and 22. Over 72% of the students are Hispanic and 87% of the students qualify as low income through the Community Eligibility Provision of the Federal National School Lunch Program.

The District currently has approximately 883 full time equivalent employees, of whom 590 are certified and 293 are non-certified. Of the total number, 834 are represented by the Education Association of Round Lake. A new three (3) year collective bargaining agreement was approved in August 2014.

The District operates independently and is not considered a component unit of any other entity. The District levies its own local property tax which is filed with the Lake County Clerk. Taxes collected by the County Clerk are extended and distributed directly to the District. The District has complete responsibility for the preparation and modification of its annual budget and is solely accountable for its fiscal matters, including surpluses and deficits, designation of management and issuance of debt.

The governing body is a Board whose seven (7) members are elected for staggered four (4) year terms of office. The Board is a policy-making body whose primary functions are to establish policies for the District, provide for the general operation and personnel of the District and to oversee the property and facilities of the District. Based on the legislative authority in the Illinois School Code, the Board of Education has the power to sue and be sued in all courts; to levy and collect taxes and to issue bonds; and to contract for administrators, teachers, and other personnel as well as for goods and services. The Board elects a President, Vice President and Secretary from its membership. The Superintendent and staff report to the Board and run the day to day operations of the District.

History of the District

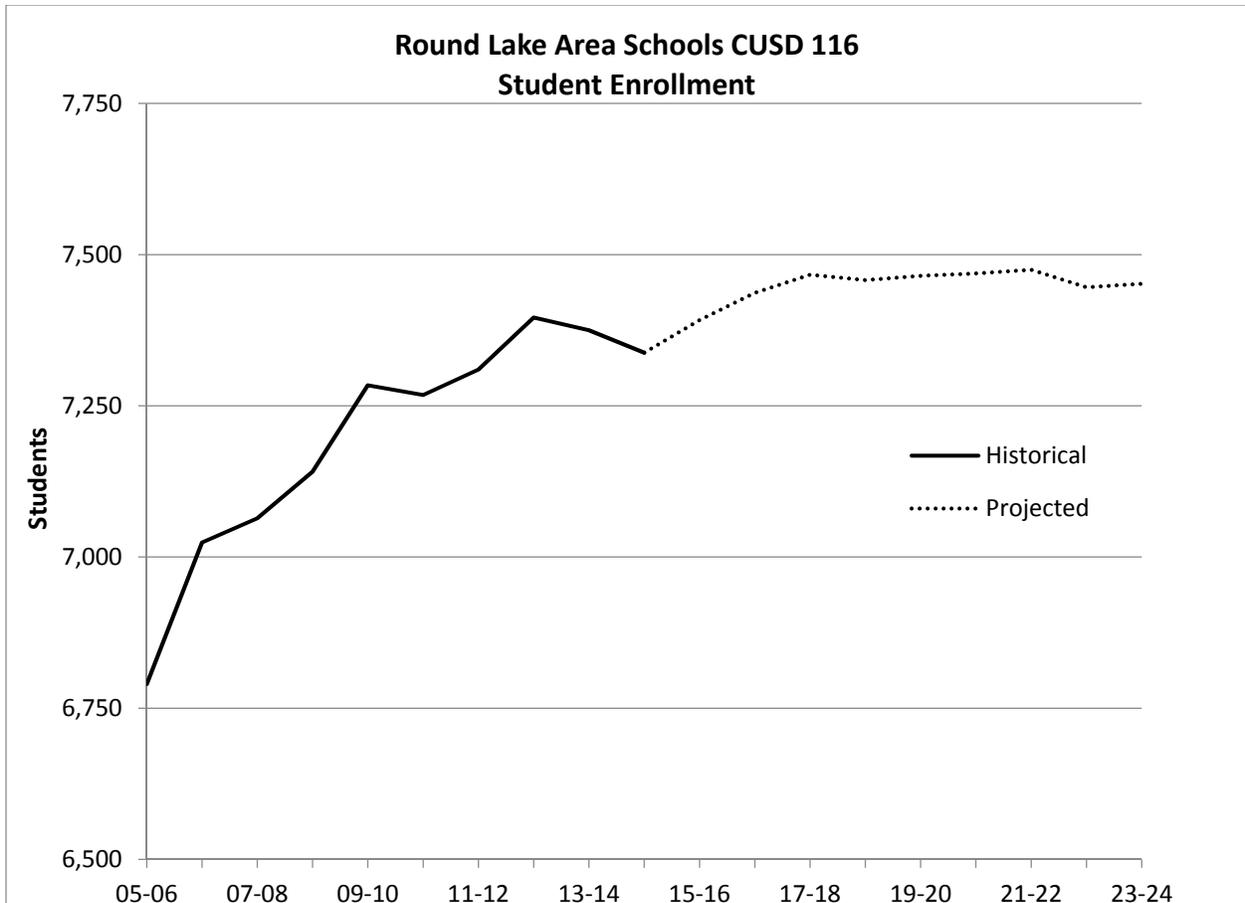

The District began its history over 150 years ago with Gilbert School. In 1911, Meade School was newly built at the corner of Hart and Cedar Lake Rd. The school was constructed for \$4,000 and was attended by 17 students. In 1921, Round Lake became the first consolidated school of Lake County combining Hainesville, Gilbert and Meade. In 1927, Raymond Ellis became principal in the quickly growing District.

The District expanded rapidly during the 1950's, building six (6) of the current nine (9) school buildings: John T. Magee Middle School, Round Lake Senior High School, Round Lake Beach Elementary, W. J. Murphy Elementary, Raymond Ellis Elementary and Indian Hill Elementary.

During the 1960's and 1970's there were numerous elementary school additions to accommodate the growing student population, while the 1980's and 1990's saw many middle school and high school additions. In 1977, Village Elementary School was constructed, and the Early Education Center was built in 1998 to house the Kindergarten program.

The newest school building is the Round Lake Middle School, which is connected to Indian Hill Elementary. When Round Lake Middle School opened in 2004, John T. Magee Middle School was closed and the students transferred to the new building. Due to the sustained pace of enrollment growth, additional space was needed. In 2006 the District passed a \$17 million referendum to extensively renovate John T. Magee Middle School. The newly renovated school re-opened in the fall of 2008 and both middle schools expanded to serve students in grades 6 through 8. Before this, the middle school only served grades 7 and 8.

During the last decade total District enrollment has increased dramatically, rising by over 8% from 6,790 students in 2005-06 to 7,338 in 2014-15. This enrollment includes District students educated within-district and also the students educated out-of-district. Many of the District's schools, the Round Lake Senior High School in particular, are at capacity or over capacity and are utilizing mobile classroom units and multiple bell schedules to accommodate the student population.

To assess future growth, the District commissioned an enrollment study by the Applied Population Laboratory, University of Wisconsin-Madison, in the fall of 2012. The study used birth data, economic data, and a commonly used demographic technique called the “cohort survival method” to forecast future enrollment. The study indicated that enrollment is projected to continue to grow, adding a total of about 100 students over the next five years.

Although total District enrollment growth is projected to slow, the study forecasted steady growth in high school enrollment. As a result, the District placed a building bond question on the November 2014 ballot which was approved by the electors for projects to expand the Round Lake Senior High School. The project includes three (3) new additions to the existing building that will add thirty (30) additional teaching spaces with a projected completion date of August 2016.

Financial Oversight Panel

Today the District is financially strong with healthy fund balances and a balanced budget. However, it was recently one of the most financially troubled districts in the State. Starting in 1990 the District had to issue short-term debt each year to meet operational cash needs. On April 16, 1992, the District was certified as being in financial difficulty by the Illinois State Board of Education and was required to submit a financial improvement plan to the State Board for approval.

The District's financial position continued to deteriorate from a cumulative fund deficit of \$2.1 million in Fiscal Year 1992 to a cumulative fund deficit of \$9.7 million in Fiscal Year 1999. The District had to depend on continued issuance of tax anticipation warrants and long-term debt to meet operating cash flow needs since Fiscal Year 1993. Arbitration decisions, a protracted strike, increased enrollment of children with special needs, aging facilities, and contractual limitations with regards to class size further exacerbated the District's financial position. On March 21, 2000, the District successfully passed building bond and Educational Fund referenda that would generate an additional \$1.2 million in tax revenue annually. However, it was deemed by its bank to be too high a credit risk and could no longer borrow money for short or long-term needs.

On April 27, 2000 the Board of Education of Round Lake Area Schools Community Unit School District 116 petitioned the State Board of Education for emergency financial assistance and the establishment of a voluntary Financial Oversight Panel (the Panel). Their request was approved on May 18, 2000. The establishment of the Panel allowed the District to receive emergency financial assistance in the form of a \$1.4 million grant from the State. In addition, the Panel required the District to develop and implement a balanced budget. Through its monitoring efforts, the Panel steered the District towards cost-saving measures that enhanced the District's viability and alleviated the negative concerns of the banking community.

The Panel also commissioned the development of financial projections which identified socio-economic factors that inhibited the District from achieving long-term financial stability. These factors included a comparatively small tax base, an onerous level of short-term debt, no ability to issue additional long-term debt, the lack of appropriate executive leadership, rising personnel costs and student population with high special education needs.

School Finance Authority

While the Panel helped to stem the tide of deficit operations, they determined that the best approach for long-term health would be to establish a School Finance Authority (SFA) under new legislation recently passed in the Illinois General Assembly and signed into law by Governor George Ryan.

The SFA, consisting of five members appointed by the State Superintendent, was established on August 13, 2002. It had the power to appoint top management of the District including a Chief Executive Officer when the current Superintendent's contract expired and a Chief Fiscal Officer replacing the position of School Business Official. In addition, the SFA was empowered to negotiate collective bargaining agreements, to issue debt within specified limits and to establish tax rates necessary to pay off the debt. The SFA was also exempt from some of the limitations of the property tax extension limitation law.

Under the SFA, the District eliminated its short-term debt, practiced budgetary discipline, sought new revenue sources, and implemented fiscal controls so as to restore financial stability and attain full recognition status in each of the fiscal years 2007-2011. The SFA was abolished by the State Board of Education and the District returned to local control on July 1, 2011.

Collective Bargaining

In 1984, the Education Association of Round Lake, IEA-NEA became the exclusive bargaining representative for the District's teachers and later, the teaching assistants. In subsequent years, and in separate bargaining units, the IEA-NEA became the exclusive bargaining representative for the District's secretaries and bus drivers. Finally, in the fall of 1994, the four (4) units merged into one local affiliate of the Illinois Education Association.

Despite the merger, the parties bargained for three (3) separate collective bargaining agreements for teachers/teacher assistants, bus drivers and mechanics, and secretaries. Though a three (3) year contract agreement was reached with the bus drivers and mechanics commencing in July 1994, no agreement could be reached with the teachers/teacher assistants and secretaries. A strike commenced on October 17, 1994 and continued for approximately eight (8) weeks, ending on December 12, 1994. The strike settlement extended the 1992-1994 bargaining agreement and brought to arbitration those items upon which the parties did not agree.

In July of 1997, the teachers/teacher assistants, secretaries and bus drivers consolidated under a single collective bargaining agreement. In July of 2006, the IEA-NEA became the exclusive bargaining representative for the custodial staff and they were added to the contract. Since 2006, the Education Association of Round Lake, IEA-NEA has represented all of the above job classifications at the District. A new three (3) year collective bargaining agreement was approved in August 2014.

Long-Term Financial Planning

The District maintains a five-year financial plan as part of its strategic planning process. This plan is based on a comprehensive financial model that takes into account assumptions for key variables impacting the financial health of the District in order to guide the decision making process. This plan is updated at least once a year and is factored into the annual budget process.

The most significant factors impacting the long range plan are:

- The State's financial difficulty and the proration or non-payment of all forms of State funding
- Additional staffing and other costs associated with the District's Academic Restructuring Plan
- Capital requirements related to aging District facilities operating at full capacity
- Technology investment needed to meet online Common Core testing requirements
- Uncertainty related to future renewals of the collective bargaining agreement
- The impact of declining property values, sluggish new property growth and low CPI/growth on local property tax revenue
- Potential legislation shifting Teachers' Retirement System pension costs to the District

The District is financially healthy with strong fund balances. District spending is controlled via requisition and position control processes. The finances are monitored through such means as monthly financial reports to the Board of Education, the annual budget process and long-term financial projections. The District continually seeks to identify new revenue sources and areas of operations for improvements in efficiency such as energy utilization and printing services. It is the intention of the District to continue to maintain balanced budgets in future years.

Economic Outlook and Conditions

The District is comprised of blue collar communities that saw significant population growth over the twenty (20) years from 1990-2010 according to the U.S. Census Bureau. The District is the community's second largest employer and the unemployment rate has consistently been higher than the State and County average.

Local Property Taxes

Local property taxes account for approximately 38% of District direct revenue (excluding on-behalf payments). The District's tax base is primarily made up of residential property (80%) with the balance being largely commercial property (17%). With the economic downturn, new construction has virtually ceased and property values have declined by almost 39% since 2009. Despite these challenging economic factors the District has continued to collect in excess of 99.33% of property taxes extended and expects this to continue for the foreseeable future.

Local property taxes for the District are limited by the Property Tax Extension Limitation Law (PTELL). PTELL limits the annual growth in the amount of property taxes to be extended to the lesser of 5% or the percentage increase in the Consumer Price Index (CPI) during the calendar year preceding the levy year. Taxes can also be increased due to new construction and referendum approval of tax rate increases. In the current low-inflation economy, and with little new property growth, the District expects property tax revenue to grow at a modest 1-2%, a rate that will not likely keep pace with wage and benefit growth.

Other Local Revenue

Other Local Revenue received from student registration, other student fees, sales to students, yearbooks and donations to the District account for approximately 2% of District direct revenue.

State Aid

General and Supplementary State Aid account for roughly 42% of District direct revenue. Districts receive General State Aid on the basis of a statutory formula which takes into account available local resources (based on a district's EAV) and student attendance. General State Aid makes up the difference between the available local resources per pupil and the foundation level, which is a figure established annually by the State's budget representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil. Due to the District's available local resources being less than 93% of the Foundation Level, the entire deficiency in Available Local Resources as compared to the Foundation Level is awarded in General State Aid.

The Foundation Level has remained flat at \$6,199 per pupil since Fiscal Year 2010 and the District's General State Aid Entitlement has increased over the last several years to about \$30.5 million. However, the State budget for General State Aid has been reduced. As such, the State has not been able to fully fund the General State Aid formula. For Fiscal Years 2013, 2014 and 2015 the General State Aid was prorated with each district receiving only approximately 89% of the calculated entitlement.

In addition to General State Aid, districts with concentrations of pupils from low-income households are eligible to receive Supplemental General State Aid. This grant is distributed to districts pursuant to a statutory formula based upon the number of low-income pupils as determined by the Department of Human Services to be eligible for at least one of a variety of low-income programs as of July 1 of the immediately preceding fiscal year. Due to the high concentration of low income students attending the District, this grant has grown from \$4 million in Fiscal Year 2010 to over \$13 million in Fiscal Year 2015 and now comprises nearly one half of the total unrestricted State Aid.

Because Supplementary State Aid is prorated at the same rate as General State Aid, the District has received a total of \$10.5 million less than its calculated entitlement over the last four (4) years and future proration rates are expected to be similar to the Fiscal Year 2015 level. One positive factor is that the Fiscal Year 2016 proration level is projected to increase to 92%. The ability of the State to fund General and Supplementary State Aid is the biggest financial risk facing the District.

The balance of the District's direct State funding (8% of direct revenue) comes in the form of Mandated Categorical State Aid (Transportation, Special Education) and State Competitive Grants (Bilingual, Early Childhood). This funding is also subject to State budget cuts, proration and delayed payments.

Additionally, the State made a \$20.65 million payment to the Teachers' Retirement System (TRS) on behalf of the District in Fiscal Year 2015. This payment funds the State's portion of the teachers' pension and is included in total District revenue, however, it flows directly to the pension system and not to the District.

Federal Grant Awards

Due to the high number of low income students, the District also receives a significant amount of Federal Aid. Grant Awards for No Child Left Behind (Title), Individuals with Disabilities Education Act (IDEA), and National School Lunch programs account for about 8% of District revenue. The District is anticipating modest reductions in this funding due to federal budget cuts or sequestration.

Illinois Municipal Retirement Fund

The District participates in the Illinois Municipal Retirement Fund (the IMRF), a defined-benefit, agent multiple-employer pension plan for units of local government and school districts in Illinois. Each employer participating in the IMRF, including the District, has an employer reserve account that is separate and distinct from all other participating employers along with a unique employer pension contribution rate.

In December 2012, the Board approved paying down the unfunded actuarial accrued liability, which had accumulated over prior years, in the amount of approximately \$4.6 million. The payment was made in Fiscal Year 2013 from the Educational, Operations and Maintenance, and Transportation Funds. As a result of this payment, the District's IMRF pension plan became fully funded on an actuarial market value basis. The annual reduction in future pension contributions that would have been required to pay interest on the shortfall is approximately \$300,000 per year starting in January 2014.

Major Initiatives

Restructuring

Due to the failure to make Annual Yearly Progress (AYP) under the Federal No Child Left Behind (NCLB) Act for successive years, the District is in Illinois State Board of Education Academic Warning Status and Federal Corrective Action/Restructuring Status. As a result, the District has been mandated to make significant, research-based reforms, monitor outcomes and periodically report student progress to the State. The administration restructured the organization and met with stakeholders extensively throughout the year to devise a comprehensive restructuring plan. These reforms were implemented in the 2013-14 school year.

As part of the restructuring plan, the District invested in a data warehouse to measure student progress, as well as purchase new textbooks and other curriculum materials to support alignment to the Common Core standards. Faculty have undergone additional professional development and roughly 70 new staff members have been hired to allow for increased teacher collaboration time and more enrichment opportunities for students. As a result of these increased costs and continued pressure on revenue, future budget surpluses are not anticipated.

Mission, Vision and Goals

Mission

Ensure the highest achievement for every student in meeting academic expectations that exceed standards, learning 21st century skills, and developing social and cultural proficiency. Promote life-long learning, ethical leadership and active citizenship in concert with every member of our community.

Vision

Become a nationally top ranked school district in partnership with a diverse, unified community to maximize the learning of each student.

Core Values and Beliefs

- Excellence in Education
- Quality of Life
- Selfless Service
- Continuous Learning

Each year, the Board of Education adopts District Goals that directly align to the 5-Year Strategic Plan. The full 5-Year Strategic Plan can be viewed on the District's website at www.rlas-116.org. A new 5-Year Strategic Plan was collaboratively developed in the spring to be implemented in Fiscal Year 2016. Below are the 2014-2015 District Goals.

Overarching District Goals

1. The District will increase the number of students meeting and exceeding standards on state and local assessments by a minimum of 10%
2. Develop the capacity of staff to lead, teach, and assess rigorous and relevant content that is aligned with State and Common Core Standards through targeted professional development and practice
3. Establish a culture of learning that produces students who are career and/or college ready upon graduation

Department Goals

Teaching and Learning

1. Recommend a K-8 science materials adoption aligned to the Next Generation Science Core Standards
2. Develop a district-wide, site-based K-12 model for professional development that connects adult learning to demonstrated student need(s) which includes standardized templates and evaluation protocols based upon increased student achievement

3. Develop a viable district wide Response to Intervention (RtI) model/Multi-Tiered System of Support (MTSS) that allows for supplemental intervention or enrichment opportunities for all students which includes standardized templates and evaluation protocols based upon increased student achievement
4. Increase the ACT composite score of the Junior class of 2013-14 (graduating class of 2014-15) as compared to the Junior class of 2012-13 (graduating class of 2013-14)
5. Increase the number of high school Freshmen who are “On Track” as compared to the end of the 2013-14 school year

Finance

1. Implement the remaining Business Office Skyward modules to improve accountability
2. Finalize a study and recommend changes to school boundaries
3. Review and update the Cash Handling practices and procedures to improve communication, expectations and accountability
4. Explore spending efficiencies and opportunities for cost savings
5. Review and update the Student Registration procedure to ensure an effective process and accurate/timely reporting

Facilities

1. Implement Visitor Check In System and Policy at all schools
2. Review and update all building safety systems, such as security, alarm and fire
3. Build/enhance relationships and partnerships with local businesses and municipalities
4. Retrofit remaining 6 District buildings with energy efficient equipment and green initiatives
5. Research and implement an Inventory Software System for the District’s equipment and furniture

Human Resources

1. Develop a Workforce Plan
2. Establish Strategic Talent Partnerships with nationally recognized teaching universities and diversity associations and collaborate with other school districts with similar demographics
3. Analyze the District’s Use of Substitutes for the purpose of establishing specific improvement goals in the future
4. Establish screening, hiring criteria, orientation process and methods for feedback for substitute teachers
5. Create databases/reports to assist Business Office in budgeting projections

Technology

1. Expand and improve the technology systems and infrastructure in preparation for enhanced technology needs of the District
2. Expand and improve the Student Information System and Reporting
3. Timely and accurate student data submission to data sources
4. Provide support for other Department technology related projects
5. Implement a district-wide electronic document management system

6. Research and implement an Inventory Software System for the District's technology

Leadership and Communication

1. Develop and maintain positive, collaborative relationships with all stakeholders to strengthen support for the District
2. Utilize electronic, print and mass media tools to promote awareness and interest in the District
3. Establish effective employee communication plans to improve internal communication and employee engagement
4. Maintain a positive media relations program to enhance the District's image on local, state and national levels
5. Establish committee and develop a 5-Year Strategic Plan

Financial Information

Internal Controls

District Administration is responsible for establishing and maintaining an internal control structure designed to ensure that District assets are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurances that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management.

Tests are made by the District's independent auditor to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations. The results of the tests for the fiscal year ended June 2015 provide no instances of material weaknesses in the internal control structure or significant violations of applicable laws and regulations.

Budgetary Controls

The District maintains budgetary controls at the line item level which are built into administrative responsibility cost centers before being combined to form totals by fund. All activity compared to budget is reported to the District's management and Board of Education in the form of a monthly Treasurer's Report and other financial information including check registers and cash and receivable summaries. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Education. Activities of all governmental fund types are included in the annual appropriated budget. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered accounts lapse at year-end.

Independent Audit

The School Code of Illinois and the District's adopted policy require an annual audit by independent certified public accountants. The accounting firm of Eder, Casella & Co. was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the federal Single Audit Act Revisions of 1996 and related U.S. Office of Management and Budget's (OMB) Circular A-133, "Audits of States, Local Governments, and Non-profit Organizations." The auditors' report on the general purpose financial statements is included in the financial section of this report.

Certificate of Excellence and Achievement

The Association of School Business Officials (ASBO) awarded a Certificate of Excellence in Financial Reporting to Round Lake Area Schools Community Unit School District #116 for its Comprehensive Annual Financial Report for Fiscal Years 2013 and 2014.

In order to be awarded this Certificate, the District must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy both the generally accepted accounting principles and applicable legal requirements.

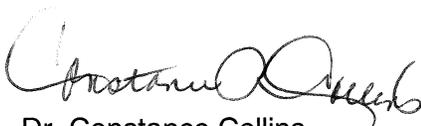

Certificates of Excellence are valid for a period of one year only. We believe that our current report continues to conform to the Certificate requirements and we are submitting this report to ASBO to determine its eligibility for another certificate.

Acknowledgements

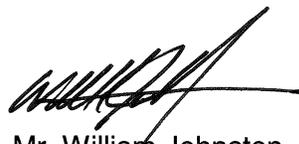

We wish to thank the members of the Board of Education for their interest and support in planning and conducting the financial operations of the District in a responsible and progressive manner.

We also wish to thank the dedicated Business Office Staff for their assistance in the preparation of this report. Finally, we would like to extend our appreciation to the staff of Eder, Casella & Co., the District's auditors, whose professionalism and cooperation were instrumental in the production of the District's third Comprehensive Annual Financial Report.

Respectfully Submitted,

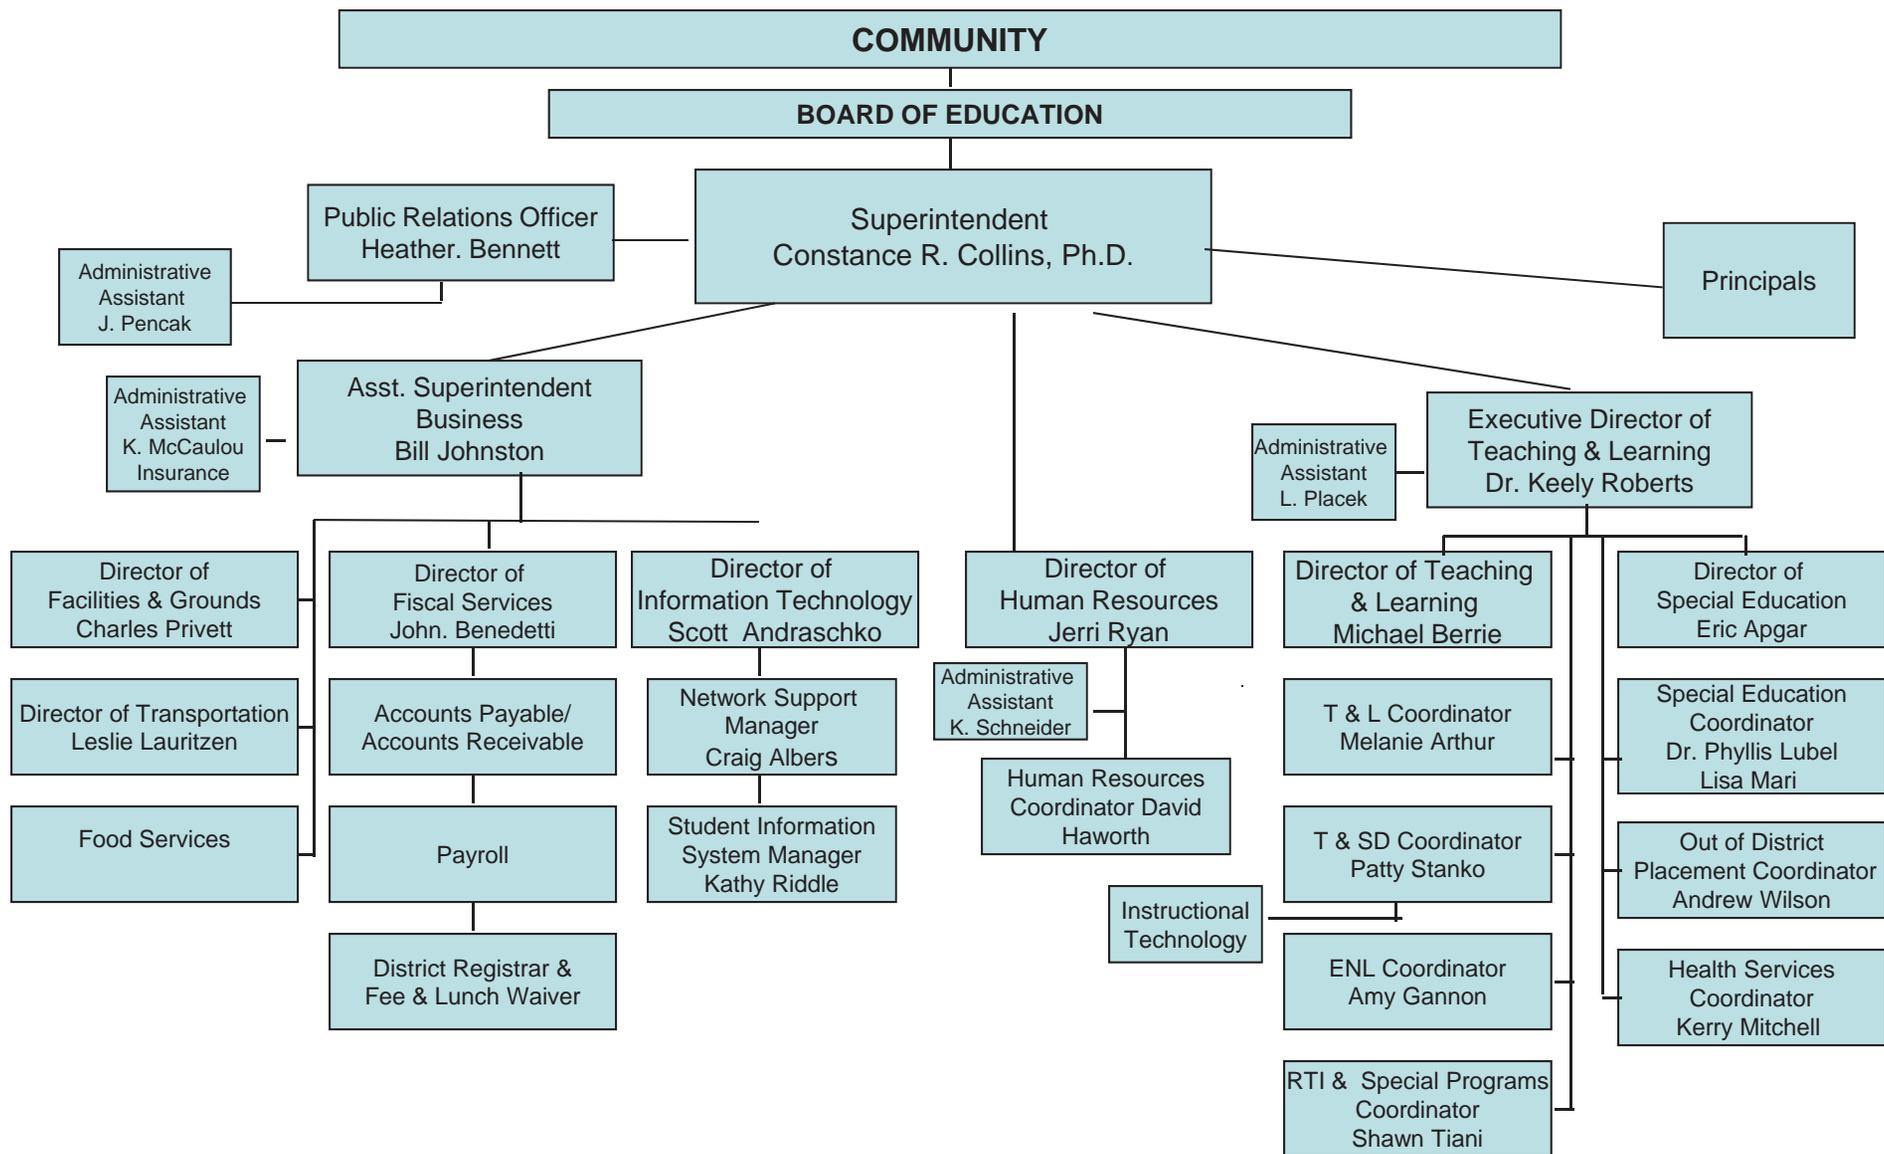

Dr. Constance Collins
Superintendent of Schools

Mr. William Johnston
Assistant Superintendent for Business
and District Treasurer

Mrs. Kristi McCaulou
Associate Director of Fiscal Services

The Round Lake School District 116 Board of Education is comprised of seven elected citizens from the Round Lake Area (Round Lake, Round Lake Beach, Round Lake Heights, Round Lake Park, and Hainesville). Board members serve the taxpayers in this district, are unpaid, and are elected at large to serve staggered four-year terms. Issues addressed by the Board of Education include policy-making, long-range planning, student achievement, staff development, financial planning for long-term stability, building maintenance, and working with the District administration.

Members of the public are invited to attend Board of Education meetings that are normally scheduled for the second and fourth Monday of the month (unless otherwise indicated) at 7:00 p.m. at the Round Lake High School Library Media Center, 800 High School Drive, Round Lake, Illinois. The Board of Education meeting agenda is posted on the website, and a period for public comment is always included at each meeting.

INDEPENDENT AUDITOR'S REPORT

To the Board of Education
Round Lake Area Schools Community Unit District No. 116
Round Lake, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of

Round Lake Area Schools Community Unit District No. 116

as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Round Lake Area Schools Community Unit District No. 116 as of June 30, 2015, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 16 to the financial statements, in 2015 the District adopted new accounting guidance, GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of Changes in the Employer's Net Pension Liability and Related Ratios, Schedules of Employer Contribution, Schedule of the Employer's Proportionate Share of the Net Pension Liability, Schedule of Funding Progress, and budgetary comparison information on pages 4 through 10 and 47 through 62 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Round Lake Area Schools Community Unit District No. 116's basic financial statements. The introductory section, supplemental information and statistical section as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information, except for the average daily attendance figure included in the computation of operating expense per pupil and per capita tuition charges, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 25, 2015 on our consideration of Round Lake Area Schools Community Unit District No. 116's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Round Lake Area Schools Community Unit District No. 116's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION

ROUND LAKE AREA SCHOOLS COMMUNITY UNIT DISTRICT NO. 116
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2015

The Management's Discussion and Analysis of Round Lake Area Schools Community Unit District No. 116's (the District) financial performance provides an overall review of the District's financial activities for the year ended June 30, 2015. The management of the District encourages readers to consider the information presented herein in conjunction with the basic financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

- At June 30, 2015 the assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources by \$29,957,903 (net position).
- The District's total net position decreased by \$5,832,435.
- At June 30, 2015 the District's governmental funds reported combined ending fund balances of \$71,238,334, an increase of \$25,007,629 in comparison with the prior year.
- At June 30, 2015 the unassigned fund balance for the General Fund was \$24,543,634, or 27% of total General Fund expenditures.
- The District had revenues of \$107,775,983 in all funds. Revenues comprised \$45,003,360 (41.7%) from state sources, \$34,562,503 (32.1%) from local taxes and fees, \$20,648,770 (19.2%) from On-Behalf Payments, and \$7,561,350 (7.0%) from federal sources.
- The District's total long-term debt increased by \$25,387,855 during the year ended June 30, 2015 due mainly to the issuance of bonds.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets and deferred outflows of resources, less its liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). Governmental activities include instruction, support services, operations and maintenance, student transportation, food services, and certain other activities and expenses such as payments to other districts and governmental units, and interest and fees.

The government-wide financial statements can be found on pages 11 and 12 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds (the District maintains no proprietary funds).

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains seven individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General, Operations and Maintenance, Debt Services, Transportation, Illinois Municipal Retirement/Social Security, Capital Projects, and Fire Prevention and Safety Funds, all of which are considered to be major funds.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison statement, which is required supplementary information, has been provided for the General Fund and each major special revenue fund to demonstrate compliance with this budget.

The basic fund financial statements can be found on pages 13 through 17 and the required supplementary information can be found on pages 47 through 62 of this report.

Fiduciary Funds - Fiduciary funds are used to account for assets held for others, such as student activity funds. Fiduciary funds are not reflected in the government-wide financial statements because the assets of these funds are not available to support the District's operations.

The basic fiduciary financial statement can be found on page 18 of this report.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19 through 46 of this report.

Other Information - In addition to the basic financial statements, accompanying notes and required supplementary information, this report also presents certain supplementary information concerning the District's progress in meeting its obligation to provide fully adequate educational services and extracurricular activities to all of its students.

Supplemental financial information can be found on pages 63 through 77 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$29,957,903 at the close of the most recent fiscal year.

The following table presents a summary of the District's net position for the years ended June 30, 2015 and 2014:

Round Lake Area Schools Community Unit District No. 116's Net Position		
	Governmental Activities	
	2015	2014
Assets		
Current and Other Assets	\$ 99,162,792	\$ 78,276,179
Capital Assets	41,800,164	40,910,286
Total Assets	\$ 140,962,956	\$ 119,186,465
Deferred Outflows of Resources		
Deferred Pension Expense	\$ 4,660,155	\$ -
Deferred Employer Pension Contributions	960,456	-
Total Deferred Outflows of Resources	\$ 5,620,611	\$ -
Liabilities		
Long-Term Liabilities Outstanding	\$ 86,191,964	\$ 46,469,092
Other Liabilities	13,029,526	12,354,978
Total Liabilities	\$ 99,221,490	\$ 58,824,070
Deferred Inflows of Resources		
Property Taxes - Subsequent Year	\$ 16,721,277	\$ 16,713,237
Tuition - Subsequent Year	86,648	85,622
Deferred Pension Revenue	596,249	-
Total Deferred Inflows of Resources	\$ 17,404,174	\$ 16,798,859
Net Position		
Net Investment in Capital Assets	\$ 14,438,183	\$ 16,979,329
Restricted	3,669,890	3,681,941
Unrestricted	11,849,830	22,902,266
Total Net Position	\$ 29,957,903	\$ 43,563,536

The net investment in capital assets represents assets such as land, buildings, and equipment, less any related debt used to acquire those assets that is still outstanding. The District uses its assets to provide educational services and extracurricular activities for the students of the local community. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net assets (12.3%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$11,849,830) may be used to meet the District's ongoing obligation to citizens and creditors.

The District's net position decreased by \$5,832,435 during the current fiscal year.

Governmental Activities. Governmental activities decreased the District's net position by \$5,832,435. Key elements of this decrease are as follows:

Round Lake Area Schools Community Unit District No. 116's Change in Net Position

	Governmental Activities	
	2015	2014
Revenues		
Program Revenues		
Charges for Services	\$ 762,391	\$ 1,164,941
Operating Grants and Contributions	34,384,483	27,139,822
General Revenues		
Property Taxes	33,209,955	33,068,423
Other Taxes	244,553	233,646
Grants and Contributions not Restricted to Specific Activities	38,828,995	36,289,770
Unrestricted Investment Earnings	89,407	58,393
Gain/(Loss) on Sale of Capital Assets	(55,080)	-
(Gain)/Loss on Refunding	(2,551,738)	-
Miscellaneous	257,899	403,485
Total Revenues	<u>\$ 105,170,865</u>	<u>\$ 98,358,480</u>
Expenses		
Instruction	\$ 48,591,726	\$ 44,170,728
Support Services	33,712,549	31,607,003
Community Services	228,184	264,749
Payments to Other Districts and Governmental Units	3,452,402	3,148,448
Interest and Fees on Long-Term Debt	2,648,666	2,876,037
On-Behalf Retirement Contributions	20,648,770	13,307,743
Depreciation - Unallocated	1,721,003	1,800,740
Total Expenses	<u>\$ 111,003,300</u>	<u>\$ 97,175,448</u>
Change in Net Position	\$ (5,832,435)	\$ 1,183,032
Net Position - Beginning	43,563,536	42,380,504
Net Position Adjustment	(7,773,198)	-
Net Position - Ending	<u>\$ 29,957,903</u>	<u>\$ 43,563,536</u>

- The District's total revenue increased \$6,812,385 (7%) compared to the prior year. The most significant factors of this increase are in Operating Grants and Contributions and Grants and Contributions not Restricted to Specific Activities. The increase in Operating Grants and Contributions is due to an increase in On-Behalf Retirement Contributions. The increase in Grants and Contributions not Restricted to Specific Activities is due to an increase in General State Aid grant.
- Overall expenses increased \$13,827,852 (14%) compared to the prior year. The most significant factors of this increase are in Instruction, Support Services, and On-Behalf Retirement Contributions. The increase in Instruction is due to increases in salaries and employee benefits. The increase in Support Services is due to increases in salaries and capital outlay. The increase in On-Behalf Retirement Contributions is due to a change in the calculation of On-Behalf Payments by TRS related to the new standard GASB 68.

Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

As of June 30, 2015, the District's seven governmental funds reported combined ending fund balances of \$71,238,334, an increase of \$25,007,629 in comparison with the prior year. The increase is primarily due to an increase in On-Behalf Retirement Contribution revenue and debt issuance proceeds offset by an increase in expenditures.

The General Fund is the chief operating fund of the District. At June 30, 2015, unassigned fund balance was \$24,543,634. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 27% of total General Fund expenditures. The General Fund's fund balance decreased \$2,833,230 in comparison with the prior year. The decrease is mainly due to an increase in instruction and On-Behalf expenditures offset by an increase in General State Aid, On-Behalf Payments revenue, and debt issuance proceeds.

The Operations and Maintenance Fund's fund balance decreased \$569,521 in comparison with the prior year. This decrease is mainly due to an increase in support service salaries offset by an increase in revenue.

The Debt Services Fund's fund balance increased \$843,900 in comparison with the prior year. This increase is due to debt issuance proceeds and premium on bonds sold offset by discount on bonds sold and bond refunding payments to escrow agent.

The Transportation Fund's fund balance decreased \$9,584 in comparison with the prior year. This decrease is due to expenditures being greater than revenue.

The Illinois Municipal Retirement/Social Security Fund's fund balance increased \$103,415 in comparison with the prior year. This increase is due to an increase in the property tax levy, payments in lieu of taxes and federal aid.

The Capital Projects Fund's fund balance increased \$27,548,083 in comparison with the prior year. This increase is due to debt issuance proceeds.

The Fire Prevention and Safety Fund's fund balance decreased \$48,434 in comparison with the prior year. This decrease is due to a decrease in the property tax levy.

General Fund Budgetary Highlights

The District amended the budget during the year ended June 30, 2015. Significant differences between the original and final budget were as follows:

- Principal on Bonds Sold increased \$2,475,000
- Abolishment or Abatement of the Working Cash Fund increased \$2,542,351

Significant differences between the amended budget and actual revenues and expenditures are summarized as follows:

- The difference between budgeted revenues and actual revenues was \$5,262,734 (favorable). The most significant factor in the difference was On-Behalf Retirement Contributions to the District's retirement plan (\$6,648,770), offset by greater than budgeted revenues from General State Aid (\$663,509) and Special Education State Aid (\$843,239).
- The difference between budgeted expenditures and actual expenditures was \$7,991,330 (unfavorable). The most significant factor in the difference was less than budgeted expenditures from On-Behalf Retirement Contributions to the District's retirement plan (\$6,648,770).

Capital Asset and Debt Administration

Capital Assets. At June 30, 2015 the District had invested \$41,800,164 (net of depreciation) in a broad range of capital assets, including land, construction in progress, buildings and building improvements, improvements other than buildings, equipment other than food service, and food services equipment. Total depreciation expense for the year was \$1,760,647.

Major capital asset events during the current fiscal year included the following:

- Purchase of mobile classrooms at a cost of \$245,916
- Construction of soffit at Murphy Elementary School at a cost of \$163,048
- Purchase of photocopiers at a cost of \$245,699

Round Lake Area Schools Community Unit District No. 116's
Capital Assets (net of depreciation)

	Governmental Activities	
	2015	2014
Land	\$ 1,005,635	\$ 1,005,635
Construction in Progress	1,976,578	-
Buildings and Building Improvements	36,884,901	37,859,159
Improvements Other than Buildings	812,294	915,312
Equipment Other than Food Service	909,453	879,233
Food Services Equipment	211,303	250,947
Total	\$ 41,800,164	\$ 40,910,286

Additional information on the District's capital assets can be found in note 3 on pages 26 and 27 of this report.

Long-Term Debt. At June 30, 2015 the District had \$66,162,935 in long-term debt.

Round Lake Area Schools Community Unit District No. 116's
Outstanding Debt

	Governmental Activities	
	2015	2014
General Obligation Bonds	\$ 65,969,278	\$ 40,743,734
Lease/Purchase Agreements	193,657	31,346
Total	\$ 66,162,935	\$ 40,775,080

Additional information on the District's long-term debt can be found in note 4 on pages 27 through 29 of this report and additional information on the District's debt limitation can be found in Note 15 on page 46 of this report.

Factors Bearing on the District's Future

- The financial condition of the State of Illinois continues to be the most significant risk factor impacting the District. In fiscal year 2015, the District received approximately 52% of its operating funding from state sources and approximately 9% from federal sources. The lack of control and the uncertainty as to the proration of General State Aid and the continued reduction of federal grant allocations makes budgeting and planning a challenge.
- Another factor impacting the District is the uncertainty over the future funding of the Teacher's Retirement System (TRS) pension plan and whether a portion of the funding that is currently paid for by the State will be moved to the local level. If this occurs, it will have a significant impact to future District budgets.

- Due to the District's poor academic status, mandated reforms were implemented beginning in the 2013-14 school year. The District's restructuring plan required significant investment in materials and staffing which has seen an increase in the cost of operations over the last several years and next year.
- The effect of the Property Tax Extension Limitation Law will continue to limit the growth in tax extensions for the District. Slow growth in new construction and the consumer price index are expected to restrict property tax revenue growth over the next several years.
- A new three (3) year agreement with the Education Association of Round Lake was approved and is in place for the 2014-15 school year allowing for better accuracy in budgeting for staff costs for the remaining two (2) years of the agreement.
- The District will continue to invest in computers and other technology to meet online Common Core testing requirements.
- The Round Lake Senior High School is significantly above its optimal capacity and enrollment is projected to grow over the next five (5) years. The District placed a building bond question on the November 2014 ballot which was approved by the electors for projects to expand the capacity of Round Lake Senior High School. The project includes three (3) new additions to the existing building that will add thirty (30) additional teaching spaces with a projected completion date of August 2016.

Requests for Information

This financial report is designed to provide the District's citizens, taxpayers, parents, students, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report, or need additional financial information, contact the District at the following address:

ROUND LAKE AREA SCHOOLS COMMUNITY UNIT DISTRICT NO. 116
 FUND FINANCIAL STATEMENTS
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
 CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 YEAR ENDED JUNE 30, 2015

Net Change in Fund Balances - Total Governmental Funds \$ 25,007,629

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense in the current period.

Depreciation Expense	\$ (1,760,647)	
Capital Outlays	<u>2,220,718</u>	460,071

In the Statement of Activities, only the gain or loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the undepreciated balance of the capital assets sold.

Gain/(Loss) on Sale of Capital Assets	\$ (55,081)	
Proceeds from Sale of Fixed Assets	<u>(21,625)</u>	(76,706)

The change in the Net OPEB Liability is not included in the governmental funds. (1,223,275)

Long-term debt proceeds provide current financial resources to governmental funds and are therefore shown as revenue in the Statement of Revenues, Expenditures, and Changes in Fund Balances, but issuing debt increases long-term liabilities in the Statement of Net Position and is therefore not reported in the Statement of Activities.

Proceeds from Long-Term Debt	\$ (48,230,699)	
Premium on Bonds	(3,485,146)	
Discount on Bonds	472,144	
Gain/(Loss) on Refunding	(2,551,738)	
Principal Payment to Refunded Bond Escrow Agent	<u>20,884,088</u>	(32,911,351)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Amortization of Bond Premiums	\$ 256,752	
Amortization of Bond Discounts	(31,379)	
Accrued Interest	(654,288)	
Accreted Interest	1,335,019	
Compensated Absences	11,113	
Pension Expense	<u>(2,542,571)</u>	(1,625,354)

Employer Pension Contributions are expensed in the fund financial statements but are treated as a reduction in the Net Pension Liability on the government-wide financial statements. 1,361,078

Repayment of long-term debt requires the use of current financial resources of governmental funds and is therefore shown as an expenditure in the Statement of Revenues, Expenditures, and Changes in Fund Balances, but the repayment reduces long-term liabilities in the Statement of Net Position and is therefore not reported in the Statement of Activities.

Repayment of Long-Term Debt		<u>3,175,473</u>

JUNE 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Round Lake Area Schools Community Unit District No. 116's (District) accounting policies conform to generally accepted accounting principles as applicable to local education agencies.

The District's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies established in GAAP and used by the District are discussed below.

A. *Reporting Entity*

The accompanying financial statements comply with the provisions of GASB Statements in that the financial statements include all organizations, activities, and functions that comprise the District. Component units are legally separate entities for which the District (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the District's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the District. Using these criteria, the District has no component units. In addition, the District is not included as a component unit in any other governmental reporting entity as defined by GASB pronouncements.

B. *Basic Financial Statements – Government-Wide Financial Statements*

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund (reporting the District's major funds) financial statements. Both the government-wide and fund financial statements categorize all of the primary activities of the District as governmental activities. The District does not have any business-type activities.

In the government-wide Statement of Net Position, the governmental activities column (a) is presented on a consolidated basis, and (b) is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions. The functions are also supported by general government revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (regular programs, special education programs, payments to other districts and governmental units, etc.). Program revenues include charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function. Program revenues also include grants and contributions that are

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. *Basic Financial Statements – Government-Wide Financial Statements (Continued)*

restricted to meeting the operational or capital requirements of a particular function. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenue (unrestricted investment earnings).

The District allocated indirect cost to National School Lunch, Title I, Title II, Title III, and Title IV grants. The allocation of indirect cost is based on Illinois State Board of Education's indirect cost rates. The restricted rate is 3.26% and the unrestricted rate is 12.75%.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

C. *Basic Financial Statements – Fund Financial Statements*

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of all governmental funds) for the determination of major funds. The District electively made all governmental funds major funds.

The following fund types are used by the District:

1. Governmental Fund Types

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund – The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Educational, Working Cash, and Tort are included in this fund.

Special Revenue Funds – The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service or capital projects.

Operations and Maintenance Fund – accounts for expenditures made for repairs and maintenance of the District's buildings and land. Revenue consists primarily of local property taxes and general state aid.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. *Basic Financial Statements – Fund Financial Statements* (Continued)

1. Governmental Fund Types (Continued)

Special Revenue Funds (Continued)

Transportation Fund – accounts for all revenue and expenditures made for student transportation. Revenue is derived primarily from local property taxes and state reimbursement grants.

Illinois Municipal Retirement/Social Security Fund – accounts for the District's portion of pension contributions to the Illinois Municipal Retirement Fund, payments to Medicare, and payments to the Social Security System for non-certified employees. Revenue to finance the contributions is derived primarily from local property taxes and personal property replacement taxes.

Debt Services Fund – The Debt Services Fund is used to account for financial resources that are restricted, committed, or assigned to expenditures for the periodic payment of principal, interest, and related fees on general long-term debt.

Capital Projects Funds – The Capital Projects Funds are used to account for financial resources that are restricted, committed, or assigned to expenditures for the acquisition or construction of major capital facilities and fire prevention and safety projects.

Capital Projects Fund – accounts for construction projects and renovations financed through bond proceeds or transfers from other funds.

Fire Prevention and Safety Fund – accounts for State-approved life safety projects financed through serial bond issues or local property taxes levied specifically for such purposes.

2. Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support the District's programs. The reporting focus is on net position.

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (agency). Since by definition these assets are being held for the benefit of a third party (student organizations) and cannot be used to address activities or obligations of the District, these funds are not incorporated into the government-wide statements.

The following is a description of the fiduciary fund of the District:

Agency Fund – The Agency Fund (Student Activity Fund) accounts for assets held by the District as an agent for the student organizations. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to student organizations are equal to the assets.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. *Basis of Accounting*

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. Accrual

The governmental activities in the government-wide financial statements and the fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Property taxes are reported in the period for which levied. Other nonexchange revenues, including intergovernmental revenues and grants, are reported when all eligibility requirements have been met. Fees and charges and other exchange revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. Property tax revenues are recognized in the period for which levied provided they are also available. Intergovernmental revenues and grants are recognized when all eligibility requirements are met and the revenues are available. Expenditures are recognized when the related liability is incurred. Exceptions to this general rule include principal and interest on general obligation long-term debt and employee vacation and sick leave, which are recognized when due and payable.

E. *Cash and Cash Equivalents and Investments*

Separate bank accounts are not maintained for all of the District's funds. Instead, the funds maintain their cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

Occasionally certain funds participating in the common bank account will incur overdrafts (deficits) in the account. Such overdrafts in effect constitute cash borrowed from other District funds and are, therefore, interfund loans that have not been authorized by District Board action.

No District fund had a cash overdraft at June 30, 2015.

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents are accounted for at cost, which approximates market.

Investments are stated at fair value. Fair value is determined by quoted market prices. Gains or losses on the sale of investments are recognized as they are incurred. The District has adopted a formal written investment and cash management policy.

F. *Receivables*

All receivables are reported net of estimated uncollectible amounts.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. *Prepaid Items*

Payments made to vendors for services that will benefit periods beyond the current fiscal year are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

H. *Inventories*

No inventory accounts are maintained to reflect the values of resale or supply items on hand. Instead, the costs of such items are charged to expense when purchased. The value of the District's inventories is not deemed to be material.

I. *Interfund Activity*

Interfund activity is reported either as loans, services provided, reimbursements, or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses.

Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

J. *Capital Assets*

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Building and Building Improvements	5 - 40 years
Improvements Other than Buildings	15 - 30 years
Equipment Other than Food Service	5 - 15 years
Food Services Equipment	15 years

K. *Deferred Outflows and Inflows of Resources*

In addition to assets and liabilities, the Balance Sheet(s) and Statement(s) of Net Position will sometimes report separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and therefore will not be recognized as an outflow of resource until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resource until that time.

L. *Compensated Absences*

Vacation benefits are granted to employees in varying amounts up to specified maximums depending on tenure with the District. Unused vacation time can accumulate and carryover to subsequent years depending upon which classification the employee is employed in.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. *Long-Term Obligations*

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds on a straight-line basis, rather than expensed in the current year. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as debt service expenditures in the year they occur.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

N. *Government-Wide Net Position*

Government-wide net position is divided into three components:

- Net Investment in Capital Assets – consists of capital assets (net of accumulated depreciation) reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted Net Position – consists of net position that is restricted by the District's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
- Unrestricted Net Position – all other net positions are reported in this category.

O. *Governmental Fund Balances*

Governmental fund balances are divided between nonspendable and spendable.

Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact.

The spendable fund balances are arranged in a hierarchy based on spending constraints.

- Restricted – Restricted fund balances are restricted when constraints are placed on the use by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) law through constitutional provisions or enabling legislation.
- Committed – Committed fund balances are amounts that can only be used for specific purposes as a result of a resolution of the Board of Education. Committed amounts cannot be used for any other purpose unless the Board of Education removes those constraints by way of resolution. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

O. *Governmental Fund Balances (Continued)*

- Assigned – Assigned fund balances are amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by an appointed body (e.g. a budget or finance committee) or official to which the Board of Education has delegated the authority to assign, modify or rescind amounts to be used for specific purposes. The District has delegated this authority to the Assistant Superintendent of Business.

Assigned fund balances also include (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as nonspendable, restricted or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue, capital projects or debt services fund are assigned for purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purpose of the District itself. All remaining positive spendable amounts in governmental funds, other than the General Fund, that are neither restricted nor committed are considered assigned. Assignments may take place after the end of the reporting period.

- Unassigned – Unassigned fund balance is the residual classification for the General Fund. This classification represents the General Fund balance that has not been assigned to other funds, and that has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balance in the General Fund also includes amounts levied and/or borrowed for working cash. This classification is also used to represent negative fund balances in special revenue, debt services, and capital projects funds.

The District permits funds to be expended in the following order: Restricted, Committed, Assigned and Unassigned. The Assistant Superintendent of Business has the authority to deviate from this policy if it is in the best interest of the District.

P. *Property Tax Calendar and Revenues*

The District's property tax is levied each calendar year on all taxable real property located in the District on or before the last Tuesday in December. The 2014 levy was passed by the Board on December 15, 2014. Property taxes attach as an enforceable lien on property as of January 1 of the calendar year they are for and are payable in two installments early in June and early in September of the following calendar year. The District receives significant distributions of tax receipts approximately one month after these dates.

Q. *Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 - DEPOSITS AND INVESTMENTS

Deposits with financial institutions are fully insured or collateralized by securities held in the District's name.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 2 - DEPOSITS AND INVESTMENTS (Continued)

The District is allowed to invest in securities as authorized by the School Code of Illinois, Chapter 30, Section 235/2 and 6; and Chapter 105, Section 5/8-7.

The following table categorizes the investments according to levels of risk:

Investment	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1 - 5	5 - 10	More Than 10
State Investment Pools	\$ 28,965,059	\$ 28,965,059	\$ -	\$ -	\$ -

The fair value of investments in the State Investment Pool is the same as the value of pool shares. The State Investment Pool is not SEC-registered, but does have regulatory oversight through the State of Illinois.

Interest Rate Risk. The District's investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State law limits investments based on credit risk. The District's investment policy further limits its investment choices to ensure that capital loss, whether from credit or market risk, is avoided. As of June 30, 2015, the District's investments were rated as follows:

Investment	Credit Rating	Rating Source
State Investment Pool	AAAm	Standard and Poor's

NOTE 3 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2015 was as follows:

	Balance July 1, 2014	Adjustment (Note 17)	Increases	Decreases	Balance June 30, 2015
Governmental Activities					
Capital Assets not being depreciated					
Land	\$ 1,005,635	\$ -	\$ -	\$ -	\$ 1,005,635
Construction in Progress	-	506,513	1,470,065	-	1,976,578
Total Capital Assets not being depreciated	\$ 1,005,635	\$ 506,513	\$ 1,470,065	\$ -	\$ 2,982,213

Total Accumulated Depreciation	\$ 35,759,720	\$ -	\$ 1,760,647	\$ 348,819	\$ 37,171,548
Other Capital Assets, Net	\$ 39,904,651	\$ -	\$ (1,009,994)	\$ 76,706	\$ 38,817,951
Governmental Activities Capital Assets, Net	\$ 40,910,286	\$ 506,513	\$ 460,071	\$ 76,706	\$ 41,800,164

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 3 - CAPITAL ASSETS (Continued)

Depreciation expense was charged to functions as follows:

Governmental Activities		
Food Services		\$ 39,644
Unallocated		1,721,003
Total Governmental Activities Depreciation Expense		<u>\$ 1,760,647</u>

NOTE 4 - LONG-TERM LIABILITY ACTIVITY

Long-term liability activity for the year ended June 30, 2015 was as follows:

	Balance July 1, 2014	Additions	Retirements	Balance June 30, 2015	Amounts Due Within One Year
Governmental Activities					
Long-Term Debt					
General Obligation Bonds	\$ 40,743,734	\$ 48,494,620	\$ 23,269,076	\$ 65,969,278	\$ 4,142,483
Lease/Purchase Agreements	31,346	245,699	83,388	193,657	46,929
Total Long-Term Debt	<u>\$ 40,775,080</u>	<u>\$ 48,740,319</u>	<u>\$ 23,352,464</u>	<u>\$ 66,162,935</u>	<u>\$ 4,189,412</u>
Other Long-Term Obligations					
Unamortized Bond Premium	\$ 65,845	\$ 3,485,146	\$ 256,752	\$ 3,294,239	\$ 256,752
Compensated Absences	201,352	187,200	198,313	190,239	-
Total Other Long-Term Obligations	<u>\$ 267,197</u>	<u>\$ 3,672,346</u>	<u>\$ 455,065</u>	<u>\$ 3,484,478</u>	<u>\$ 256,752</u>
Governmental Activities Long-Term Liabilities	<u>\$ 41,042,277</u>	<u>\$ 52,412,665</u>	<u>\$ 23,807,529</u>	<u>\$ 69,647,413</u>	<u>\$ 4,446,164</u>

The General Obligation bonds include interest accretion on capital appreciation bonds as follows:

<u>\$ 14,730,108</u>	<u>\$ 509,620</u>	<u>\$ 5,648,701</u>	<u>\$ 9,591,027</u>
----------------------	-------------------	---------------------	---------------------

The liability for compensated absences is 80% liquidated by the General Fund, 17% liquidated by the Operations and Maintenance Fund, and 3% liquidated by the Transportation Fund.

Bonds and notes payable consisted of the following at June 30, 2015:

	Date of Issuance	Maturity Date	Interest Rate	Face Amount	Carrying Amount
Capital Appreciation Refunding					
Bonds 99	8/1/1999	1/1/2016	4.80% - 5.75%	\$ 20,538,591	\$ 3,997,026
Revenue Bonds 2001A	4/10/2001	1/1/2020	8.65%	9,196,438	10,568,074
Revenue Bonds 2000	10/1/2000	1/1/2020	5.65% - 6.50%	2,000,000	140,000

2026	5,800,000	831,450	6,631,450
2027	5,655,000	549,750	6,204,750
2028	5,670,000	380,100	6,050,100
2029	5,160,000	210,000	5,370,000
2030	1,560,000	48,750	1,608,750
	<u>\$ 66,162,935</u>	<u>\$ 22,269,952</u>	<u>\$ 88,432,887</u>

On August 1, 1999, the District issued \$3,825,000 in General Obligation Refunding School Bonds, Series 1999, and \$20,538,591 in General Obligation Capital Appreciation Refunding School Bonds, Series 1999B to refund \$5,975,000 of an outstanding 1992 issue, \$4,450,000 of an outstanding 1993 issue, and \$11,000,000 of an outstanding 1996 issue. The net proceeds of \$23,074,572 were used to purchase U.S. government securities. These securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded debt. As a result, the 1992, 1993, and 1996 bond issues are considered to be defeased and the liability for the amount refunded on these bond issues has been removed from the District's liabilities. At June 30, 2015, a total of \$2,750,000 of defeased debt is still outstanding.

As described in Note 11, the District is a member of the Special Education District of Lake County (SEDOL). On October 1, 2008, SEDOL issued \$10,700,000 in Special Education Bonds. The bond proceeds were used to construct a facility for severe/profound students and to provide housing for behavior disorder students. The 2008 issue provides for serial retirement of principal on October 1 of each year through October 1, 2028 with interest at rates ranging from 3% to 5% payable on October 1 and April 1 of each year. The District's portion of the bond issue matures October 1, 2023 as the District chose to finance its portion of the debt over 15 years. Each SEDOL member district is liable for a portion of the debt payments through the maturity of the bonds regardless of their continued membership in the joint agreement.

On April 26, 2013, the District issued \$2,525,000 in General Obligation Limited Refunding School Bonds, Series 2013A, and \$675,000 in General Obligation School Refunding Bonds, Series 2013B to refund \$875,000 of an outstanding 1999 issue, \$400,000 of an outstanding 2001B issue, \$660,000 of an outstanding 2000 issue, and \$1,205,000 of an outstanding 2005 issue. The net proceeds of \$3,206,592 were used to purchase U.S. government securities. These securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded debt. As a result, the 1999, 2001B, 2000, and 2005 bond issues are considered to be defeased and the liability for the amount refunded on these bond issues has been removed from the District's liabilities. At June 30, 2015, a total of \$2,510,000 of defeased debt is still outstanding.

On December 22, 2014, the District issued \$9,095,000 in General Obligation Refunding School Bonds, Series 2014, and on February 4, 2015, \$9,915,000 of the General Obligation School Bonds, Series 2015A issuance was used to refund \$1,963,289 of an outstanding

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 4 - LONG-TERM LIABILITY ACTIVITY (Continued)

2001A issue and \$12,565,000 of an outstanding 2006 issue. The net proceeds of \$20,884,088 were used to purchase U.S. government securities. These securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded debt. As a result, the 2001A and 2006 bond issues are considered to be defeased and the liability for the amount refunded on these bond issues has been removed from the District's liabilities. At June 30, 2015, a total of \$14,528,289 of defeased debt is still outstanding. The refunding of the 2001A and 2006 Series Bonds generated a gain of \$2,551,738.

NOTE 5 - PROPERTY TAXES

Property taxes receivable and unavailable revenue recorded in these financial statements are from the 2014 tax levy. The unavailable revenue is 50% of the 2014 tax levy. These taxes are unavailable as only a portion of the taxes (approximately 50%) are collected before the end of the fiscal year and the District does not consider the remaining amounts to be available and does not budget for their use until the following fiscal year. The District has determined that 50% of the 2014 tax levy (\$16,721,276) and 50% of the 2013 tax levy, plus back taxes, less uncollectible amounts (\$16,488,679) are allocable for use in fiscal year 2015. Therefore, 50% of each of these levies are recorded in these financial statements as property taxes revenue. A summary of assessed valuations, rates, and extensions for tax years 2014, 2013, and 2012 is as follows:

Assessed Valuation	2014		2013		2012	
	Rate	Extension	Rate	Extension	Rate	Extension
	\$335,376,991		\$354,921,126		\$393,870,255	
Educational	3.6928	\$ 12,384,838	3.9980	\$ 14,189,747	3.9230	\$ 15,451,530
Special Education	0.6922	2,321,426	0.7980	2,832,271	0.5610	2,209,612
Tort Immunity	0.3356	1,125,609	0.2890	1,025,722	0.1670	657,763
Operations and Maintenance	0.6609	2,216,453	0.7480	2,654,810	0.7050	2,776,785
Debt Service	1.8059	6,056,690	1.8260	6,480,860	1.6620	6,546,124
Transportation	2.0068	6,730,255	0.9410	3,339,808	0.7620	3,001,291
Illinois Municipal Retirement	0.1565	524,952	0.3680	1,306,110	0.2210	870,453
Social Security	0.4454	1,493,873	0.3320	1,178,338	0.2750	1,083,143
Working Cash	0.0172	57,557	0.0160	56,787	0.0140	55,142
Fire Prevention and Safety	0.0838	281,026	0.0920	326,527	0.0810	319,035
SEDOL Municipal Retirement	0.0075	25,194	0.0100	35,492	0.0050	19,694
Lease Educational Facility	0.0670	224,679	-	-	-	-
	<u>9.9716</u>	<u>\$ 33,442,552</u>	<u>9.4180</u>	<u>\$ 33,426,472</u>	<u>8.3760</u>	<u>\$ 32,990,572</u>

NOTE 6 - EXCESS OF EXPENDITURES OVER BUDGET

For the year ended June 30, 2015, the following funds had expenditures that exceeded the budget:

Fund	Budget	Actual	Excess of Actual Over Budget
General Fund	\$ 83,706,036	\$ 91,697,366	\$ 7,991,330
Operations and Maintenance Fund	5,451,496	6,015,896	564,400
Transportation Fund	4,077,923	4,410,852	332,929
Fire Prevention and Safety Fund	350,000	350,830	830

The excess of expenditures over budget in the General Fund resulted mostly from an increase in On-Behalf Payments. This increase was due to a change in the calculation of On-Behalf Payments by TRS related to the new standard GASB 68. The new calculation was not provided until after the end of the fiscal year.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 7 - OPERATING LEASES, AS LESSEE

The District leases postage meters and buses under operating leases.

Annual requirements to cover outstanding lease agreements at June 30, 2015 are:

<u>Year Ending June 30</u>	<u>Amount</u>
2016	\$ 1,409,727
2017	1,993,499
2018	755,228
2019	1,515,791
	<u>\$ 5,674,245</u>

Rental expense under these leases for the year ended June 30, 2015 was \$1,409,727.

NOTE 8 - RETIREMENT FUND COMMITMENTS

A. *Teachers' Retirement System of the State of Illinois*

➤ **General Information About the Pension Plan**

○ **Plan Description**

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <http://trs.illinois.gov/pubs/cafr>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 877-0890, option 2.

○ **Benefits Provided**

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with ten years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last ten years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2% of final average salary up to a maximum of 75% with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with ten years of service, or a discounted annuity can be paid at age 62 with ten years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 - RETIREMENT FUND COMMITMENTS (Continued)

A. *Teachers' Retirement System of the State of Illinois* (Continued)

➤ **General Information About the Pension Plan** (Continued)

○ **Benefits Provided** (Continued)

Essentially all Tier I retirees receive an annual 3% increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of 3% of the original benefit or ½% of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

○ **Contributions**

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045 the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2015 was 9.4% of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

▪ **On-Behalf Contributions to TRS**

The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2015, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net pension liability associated with the District, and the District recognized revenue and expenditures of \$20,233,209 in pension contributions from the State of Illinois.

▪ **2.2 Formula Contributions**

Employers contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2015 were \$236,300, and are deferred because they were paid after the June 30, 2014 measurement date.

▪ **Federal and Special Trust Fund Contributions**

When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that has been in effect since the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the State contribution rate to TRS. Public Act 98-0674 now requires the two rates to be the same.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 - RETIREMENT FUND COMMITMENTS (Continued)

A. *Teachers' Retirement System of the State of Illinois* (Continued)

➤ **General Information About the Pension Plan** (Continued)

○ **Contributions** (Continued)

▪ **Federal and Special Trust Fund Contributions** (Continued)

For the year ended June 30, 2015, the District pension contribution was 33.00% of salaries paid from federal and special trust funds. For the year ended June 30, 2015, salaries totaling \$804,988 were paid from federal and special trust funds that required District contributions of \$265,646. These contributions are deferred because they were paid after the June 30, 2014 measurement date.

▪ **Employer Retirement Cost Contributions**

Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the member's age and salary. The maximum employer ERO contribution under the current program is 146.5% and applies when the member is age 55 at retirement. For the year ended June 30, 2015, the District paid \$0 to TRS for employer ERO contributions.

The employer is also required to make a one-time contribution to TRS for members granted salary increases over 6% if those salaries are used to calculate a retiree's final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2015, the District paid \$52,938 to TRS for employer contributions due on salary increases in excess of 6% and \$1,101 for sick leave days granted in excess of the normal annual allotment.

➤ **Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2015, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

State's proportionate share of the Net Pension Liability	\$ 251,311,069
District's proportionate share of the Net Pension Liability	<u>11,863,847</u>
Total Net Pension Liability	<u><u>\$ 263,174,916</u></u>

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2013 and rolled forward to June 30, 2014. The District's

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 - RETIREMENT FUND COMMITMENTS (Continued)

A. *Teachers' Retirement System of the State of Illinois* (Continued)

➤ **Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** (Continued)

proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2014, relative to the projected contributions of all participating TRS employers and the State during that period. At June 30, 2014, the District's proportion was 0.019494%.

The net pension liability as of the beginning of this first measurement period under GASB Statement No. 68 was measured as of June 30, 2013, and the total pension liability was based on the June 30, 2013 actuarial valuation without any roll-up. The District's proportion of the net pension liability as of June 30, 2013 was based on the District's share of contributions to TRS for the measurement year ended June 30, 2013, relative to the projected contributions of all participating TRS employers and the State during that period. At June 30, 2013, the District's proportion was 0.014281%.

For the year ended June 30, 2015, the District recognized pension expense of \$20,233,209 and revenue of \$20,233,209 for support provided by the State. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Outflows of Resources
Differences between expected and actual experience	\$ 6,267	\$ -	\$ 6,267
Net difference between projected and actual earnings on pension investments	-	(596,249)	(596,249)
Changes in proportion and differences between employer contributions and proportionate share of contributions	2,628,124	-	2,628,124
Employer contributions subsequent to the measurement date	501,946	-	501,946
	<u>\$ 3,136,337</u>	<u>\$ (596,249)</u>	<u>2,540,088</u>

\$501,946 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	
2016	\$ 490,353
2017	490,353
2018	490,353
2019	490,353
2020	76,730
	<u>\$ 2,038,142</u>

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 - RETIREMENT FUND COMMITMENTS (Continued)

A. *Teachers' Retirement System of the State of Illinois* (Continued)

➤ **Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** (Continued)

○ **Actuarial Assumptions**

The total pension liability in the June 30, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Salary Increases	5.75%, average including inflation
Investment Rate of Return	7.5%, net of pension plan investment expenses, including inflation

Mortality rates were based on the RP-2000 White Collar Table with projections using scale AA that vary by member group.

For GASB disclosure purposes, the actuarial assumptions for the years ended June 30, 2014 and 2013 were assumed to be the same. However, for funding purposes, the actuarial valuations for those two years were different. The actuarial assumptions used in the June 30, 2014 valuation were based on updates to economic assumptions adopted in 2014 which lowered the investment return assumption from 8.0% to 7.5%. The salary increase and inflation assumptions were also lowered. The actuarial assumptions used in the June 30, 2013 valuation were based on the 2012 actuarial experience analysis and first adopted in the June 30, 2012 valuation. The investment return assumption was lowered from 8.5% to 8.0% and the salary increase and inflation assumptions were also lowered. Mortality assumptions were adjusted to anticipate continued improvement in mortality.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. large cap	18.0%	8.23%
Global equity excluding U.S.	18.0%	8.58%
Aggregate bonds	16.0%	2.27%
U.S. TIPS	2.0%	3.52%
NCREIF	11.0%	5.81%
Opportunistic real estate	4.0%	9.79%
ARS	8.0%	3.27%
Risk Parity	8.0%	5.57%
Diversified inflation strategy	1.0%	3.96%
Private Equity	14.0%	13.03%
Total	100.0%	

NOTE 8 - RETIREMENT FUND COMMITMENTS (Continued)

A. *Teachers' Retirement System of the State of Illinois* (Continued)

➤ **Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** (Continued)

○ **Discount Rate**

The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially-funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. Therefore, the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

○ **Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.5%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5%) or 1-percentage-point-higher (8.5%) than the current rate.

	1% Decrease 6.50%	Current Discount Rate 7.50%	1% Increase 8.50%
Employer's proportionate share of the net pension liability	\$ 14,651,269	\$ 11,863,847	\$ 9,555,544

○ **TRS Fiduciary Net Position**

Detailed information about the TRS's fiduciary net position as of June 30, 2014 is available in the separately issued TRS *Comprehensive Annual Financial Report*.

B. *Illinois Municipal Retirement Fund*

➤ **Plan Description**

The District's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position and required supplementary information. That report may be obtained on-line at www.imrf.org.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 - RETIREMENT FUND COMMITMENTS (Continued)

B. *Illinois Municipal Retirement Fund* (Continued)

➤ **Benefits Provided**

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011 are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last ten years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last ten years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

➤ **Employees Covered by Benefit Terms**

All appointed employees of a participating employer who are employed in a position normally requiring 600 hours (1,000 hours for certain employees hired after 1981) or more of work in a year are required to participate. At December 31, 2014, the measurement date, the District's membership consisted of:

Retirees and Beneficiaries	168
Inactive, Non-Retired Members	264
Active Members	296
Total	<u>728</u>

➤ **Contributions**

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 - RETIREMENT FUND COMMITMENTS (Continued)

B. *Illinois Municipal Retirement Fund* (Continued)

➤ **Contributions** (Continued)

the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2014 was 7.65%. For the fiscal year ended June 30, 2015, the District contributed \$926,893 to the Plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

➤ **Net Pension Liability**

The components of the net pension liability of the IMRF as of December 31, 2014, calculated in accordance with GASB Statement No. 68, were as follows:

Total Pension Liability	\$ 32,103,039
IMRF Fiduciary Net Position	33,715,271
District's Net Pension Liability/(Asset)	<u>\$ (1,612,232)</u>
IMRF Fiduciary Net Pension as a Percentage of the Total Pension Liability	105.02%

See the Schedule of Changes in the Employer's Net Pension Liability and Related Ratios in the Required Supplementary Information following the notes to the financial statements for additional information related to the funded status of the Plan.

➤ **Actuarial Assumptions**

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2014 using the following actuarial methods and assumptions.

Actuarial Cost Method	Entry Age Normal
Assumptions	
Inflation	3.50%
Price Inflation	2.75%
Salary Increases	3.75% to 14.50% including inflation
Interest Rate	7.50%
Asset Valuation Method	Market value of assets

Projected Retirement Age Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2014 valuation according to an experience study form years 2011 to 2013.

The IMRF-specific rates for Mortality (for non-disabled retirees) were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For Disabled Retirees, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Disabled

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 - RETIREMENT FUND COMMITMENTS (Continued)

B. *Illinois Municipal Retirement Fund* (Continued)

➤ **Actuarial Assumptions** (Continued)

Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

➤ **Long-Term Expected Rate of Return**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Projected Return
Equities	63.2%	7.60%
International Equities	2.6%	7.80%
Fixed Income	23.5%	3.00%
Real Estate	4.3%	6.15%
Alternatives	4.5%	
Private Equity		8.50%
Hedge Funds		5.25%
Commodities		2.75%
Cash	1.9%	2.25%
	100.0%	

➤ **Single Discount Rate**

The projection of cash flow used to determine this Single Discount Rate assumed that the Plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this discount rate, the expected rate of return on pension plan investments is 7.50%; the municipal bond rate is 3.56%; and resulting single discount rate is 7.50%.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 8 - RETIREMENT FUND COMMITMENTS (Continued)

B. *Illinois Municipal Retirement Fund* (Continued)

➤ **Discount Rate Sensitivity**

The following is a sensitive analysis of the net pension liability to changes in the discount rate. The table below presents the pension liability of the District calculated using the discount rate of 7.50% as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current rate:

	1% Decrease 6.50%	Current Discount Rate 7.50%	1% Increase 8.50%
Net Pension Liability/(Asset)	\$ 2,984,657	\$ (1,612,232)	\$ (5,359,155)

➤ **Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the year ended June 30, 2015, the District recognized pension expense of \$968,267. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Outflows of Resources	Inflows of Resources	Net Outflows of Resources
Expense in Future Periods			
Differences between expected and actual experience	\$ 627,926	\$ -	\$ 627,926
Assumption changes	1,041,820	-	1,041,820
Net difference between projected and actual earnings on pension investment	356,018	-	356,018
Total deferred amounts to be recognized in pension expense in future periods	\$ 2,025,764	\$ -	\$ 2,025,764
Pension contributions made subsequent to the measurement date	458,510	-	458,510
Total deferred amounts related to pensions	<u>\$ 2,484,274</u>	<u>\$ -</u>	<u>\$ 2,484,274</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending December 31	Net Deferred Outflows of Resources
2015	\$ 610,166
2016	610,166
2017	610,166
2018	195,266
2019	-
Thereafter	-
	<u>\$ 2,025,764</u>

C. *Social Security*

Employees not qualifying for coverage under the Teachers' Retirement System of the State of Illinois or the Illinois Municipal Retirement Fund are considered "non-participating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. The District paid the total required contribution for the current fiscal year.

NOTE 9 - POST EMPLOYMENT BENEFIT COMMITMENTS

A. *Teacher Health Insurance Security Fund (THIS)*

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. Effective July 1, 2012, in accordance with Executive Order 12-01, the Plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

The percentage of employer required contributions in the future will not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year.

➤ **On behalf contributions to the THIS Fund**

The State of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to the THIS Fund from active members which were 1.02% of pay during the year ended June 30, 2015. State of Illinois contributions were \$415,561, and the District recognized revenue and expenditures of this amount during the year.

➤ **Employer contributions to the THIS Fund**

The District also makes contributions to the THIS Fund. The District THIS Fund contribution was 0.76% during the year ended June 30, 2015. For the year ended June 30, 2015, the District paid \$309,634 to the THIS Fund, which was 100% of the required contribution.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: <http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>. The current reports are listed under "Central Management Services." Prior reports are available under "Healthcare and Family Services."

B. *Retiree Insurance Plan*

➤ **Plan Overview**

The District provides post-employment benefits other than pensions ("OPEB") to employees who meet certain criteria. The Plan, a single-employer defined benefit plan, provides pre- and post-Medicare postretirement healthcare benefits to all employees who work for the District and receive a pension from the District through IMRF or TRS. The Plan does not issue a stand-alone financial report.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 9 - POST EMPLOYMENT BENEFIT COMMITMENTS (Continued)

B. *Retiree Insurance Plan* (Continued)

➤ **Plan Overview** (Continued)

Membership in the Plan consisted of the following at July 1, 2014 (date of latest actuarial valuation):

Active Participants (fully eligible for retirement)	37
Active Participants (not yet fully eligible for retirement)	784
Retirees	<u>52</u>
Total	<u><u>873</u></u>

➤ **Funding Policy**

The required contribution is based on projected pay-as-you-go financing requirements.

➤ **Annual OPEB Cost and Net OPEB Obligation**

The District's annual OPEB cost (expense) is calculated based on annual required contributions (ARC) of the District, an amount determined on an actuarially determined basis in accordance with the parameters of GASB Statement No. 45. The ARC represents a level funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities over a period of 30 years. The following shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and the changes in the District's net OPEB obligation to the plan:

Annual required contribution	\$ 1,780,538
Interest on net OPEB obligation	152,090
Adjustment to annual required contribution	<u>(258,651)</u>
Annual OPEB cost (expense)	\$ 1,673,977
Contributions made	<u>450,702</u>
Increase/(decrease) in net OPEB obligation	<u>\$ 1,223,275</u>
Net OPEB obligation - beginning of year	\$ 5,426,815
Prior Period Adjustment	<u>(357,154)</u>
Net OPEB obligation - beginning of year (restated)	<u>\$ 5,069,661</u>
Net OPEB obligation - end of year	<u><u>\$ 6,292,936</u></u>

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation are as follows:

Fiscal Year Ended	Annual OPEB Cost	Employer Contribution	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/2015	\$ 1,316,823	\$ 450,702	34.2%	\$ 6,292,936
6/30/2014	1,329,417	384,546	28.9%	5,426,815
6/30/2013	1,076,685	373,346	34.7%	4,481,944

➤ **Funding Status and Funding Progress**

The Schedule of Funding Progress, presented as Required Supplementary Information (RSI) following the notes to the financial statements, presents trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 9 - POST EMPLOYMENT BENEFIT COMMITMENTS (Continued)

B. *Retiree Insurance Plan (Continued)*

➤ **Actuarial Assumptions and Methods**

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend.

Actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future.

The following includes actuarial assumptions and methods:

Actuarial Cost Method	Projected Unit Credit
Amortization Period	Level Dollar
Remaining Amortization Period	30 Years
Asset Valuation Method	N/A
Discount Rate	3%
Projected Salary Increases	3%
Healthcare Inflation Rate	Initial - 5% Ultimate - 5%
Percentage of Active Employees	
Assumed to Elect Benefit	100% of teachers and support staff will elect coverage
Employer Provided Benefit	100% of the employee single coverage premium for the HMO plan until the earlier of death or age 65

NOTE 10 - INTERFUND TRANSFERS

Interfund transfers during the year ended June 30, 2015 were as follows:

<u>Transfer from</u>	<u>Transfer to</u>	<u>Amount</u>
General Fund	Debt Services Fund	\$ 201,016
Transportation Fund	General Fund	3,236,663
General Fund	Capital Projects Fund	2,500,000

The transfer from the General Fund to the Debt Services Fund was made for payment of long-term debt. The transfer from the Transportation Fund to the General Fund was made to cover operating expenses. The transfer from the General Fund to the Capital Projects Fund was made to cover construction costs.

NOTE 11 - JOINT VENTURES

A. *Special Education District of Lake County (SEDOL)*

The District and thirty-four other districts within Lake County have entered into a joint agreement to provide special education programs and services to the students enrolled. Each member district has a financial responsibility for annual and special assessments as established by the management council.

A summary of the Statement of Net Position of SEDOL at June 30, 2014 (most recent information available) is as follows:

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 11 - JOINT VENTURES (Continued)

A. *Special Education District of Lake County (SEDOL)* (Continued)

Assets	\$ 65,472,495
Liabilities	\$ 15,670,812
Deferred Inflows of Resources	247,500
Net Position	49,554,183
	<u>\$ 65,472,495</u>
Revenues Received	\$ 73,011,757
Expenditures Disbursed	74,342,202
Net Increase/(Decrease) in Net Position	<u>\$ (1,330,445)</u>

Complete financial statements for SEDOL can be obtained from the Administrative Offices at 18160 Gages Lake Road, Gages Lake, Illinois 60030-1819.

B. *Lake County Area Vocational System (LCAVS)*

The District and seventeen other districts within Lake and McHenry Counties have entered into a joint agreement to provide vocational programs for member districts that are not offering these services individually. Each member district has a financial responsibility for annual and special assessments as established by the management council.

A summary of financial condition (cash basis) of LCAVS at June 30, 2014 (most recent information available) is as follows:

Assets	\$ 29,924,671
Liabilities	\$ 457,539
Fund Equity	29,467,132
	<u>\$ 29,924,671</u>
Revenues Received	\$ 9,429,554
Expenditures Disbursed	8,349,201
Net Increase/(Decrease) in Fund Balance	<u>\$ 1,080,353</u>

Complete financial statements for LCAVS can be obtained from the Administrative Offices at 19525 W. Washington Street, Grayslake, Illinois 60030.

NOTE 12 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District purchases commercial insurance to handle these risks of loss. During fiscal year 2015, there was no significant reduction in insurance coverage for any category. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The District is a member of the Collective Liability Insurance Cooperative (CLIC), a joint risk management pool of school districts through which property, general liability, automobile liability, crime, excess property, excess liability, and boiler and machinery coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

The relationship between the District and CLIC is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The District is contractually obligated to make all annual and supplementary contributions for CLIC, to report claims on a timely basis, cooperate with CLIC, its claims administrator and attorneys in claims

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 12 - RISK MANAGEMENT (Continued)

investigation and settlement, and to follow risk management procedures as outlined by CLIC. Members have a contractual obligation to fund any deficit of CLIC attributable to a membership year during which they were a member.

CLIC is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. CLIC also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss of reduction and prevention procedures to be followed by the members.

The District is insured under a retrospectively-rated policy for workers' compensation coverage. Whereas, the initial premium may be adjusted based on actual experience. Adjustments in premiums are recorded when paid or received. During the year ended June 30, 2015, there were no significant adjustments in premiums based on actual experience.

NOTE 13 - CONTINGENCIES

A former District employee has filed a claim with the Illinois Department of Human Rights alleging discrimination, harassment, and forced resignation on the basis of disability and ancestry. The District's insurance carrier is covering the costs of the defense in this case; however, the District has a \$25,000 deductible. The District filed a verified response denying the substance of the Complainant's allegations with the Department of Human Rights on August 13, 2012. On June 3, 2013, the Department of Human Rights issued its investigation report, dismissing all but one of the Complainant's charges. The Department of Human Rights investigator recommended a finding of substantial evidence on Complainant's charge of harassment based on disability because the issue involved a credibility determination. The Department of Human Rights, however, is barred by a federal injunction from making credibility determinations and must recommend a finding of substantial evidence in such cases. The Department of Human Rights filed a complaint on Complainant's behalf with the Human Rights Commission on September 6, 2013. The District filed a motion for summary decision with the Human Rights Commission on July 17, 2015. On September 15, 2015, the Complainant filed response. On October 9, 2015, the District filed a reply in support of its motion for summary decision. On November 2, 2015, the Administrative Law Judge granted the District's motion for summary decision and dismissed the complaint. Complainant has 30 days to appeal the decision by filing written exceptions with the Human Rights Commission. If Complainant does not file exceptions with the Commission the Administrative Law judge's decision shall become final.

A former District employee has filed a claim with the Illinois Department of Human Rights alleging discrimination, harassment, and termination based on ancestry and national origin. The District non-renewed Complainant's employment as a probationary teacher in the District on March 17, 2014 (effective June 5, 2014) based on a number of performance concerns. On June 5, 2014, Complainant filed a second charge of discrimination with the Department of Human Rights alleging they were suspended in retaliation for filing her first charges of discrimination. Complainant was suspended for engaging in unprofessional conduct at school. Both charges were cross-filed with the Equal Employment Opportunity Commission. The District's insurance carrier is covering the cost of the defense in this case. The District filed Verified Responses to the charges, denying the substance of Complainant's allegations. The District has also filed position statements and responses to the Department of Human Rights. The Department of Human Rights assigned an investigator, who conducted a fact-finding conference on January 8, 2015, but before the

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 13 - CONTINGENCIES (Continued)

investigator made a finding as to whether substantial evidence of discrimination existed, Complainant voluntarily withdrew charges and the Department of Human Rights issued orders of closure on March 24, 2015 and March 26, 2015. Complainant, however, requested and was granted a right to sue letter by the Equal Employment Opportunity Commission. On July 1, 2015, Complainant was added as plaintiff in an existing lawsuit filed by another former employee. Complainant is seeking compensatory damages, including back pay, front pay, and non-economic damages, as well as attorneys' fees and punitive damages. The District's insurance carrier is covering the costs of the defense in this case, however, the District has a \$25,000 deductible. A settlement conference with the magistrate judge is scheduled for December 3, 2015.

A former District employee has filed three claims with the Equal Employment Opportunity Commission alleging discrimination, harassment, and wrongful termination in August 2014. Allegations of discrimination is based on ancestry; allegation of harassment is based on retaliation for filing the first charge; and allegation of wrongful termination is based on ancestry and in retaliation for filing prior two charges. In December 2014 the Equal Employment Opportunity Commission closed all the charges and issued a notice of right to sue. On March 6, 2015, Complainant filed suit against the District alleging hostile work environment, retaliation, and wrongful dismissal on the basis of national origin and race. Complainant seeks compensatory damages as well as back pay, front pay and attorney's fees. The District's insurance carrier is covering the cost of the defense in this case, however, the District has a \$25,000 deductible. On July 1, 2015, Complainant amended the complaint to add two additional plaintiffs. A settlement conference with the magistrate judge is scheduled for December 3, 2015.

A former District employee has filed a claim with the Illinois Department of Human Rights alleging discrimination and harassment based on ancestry and national origin on March 13, 2014. On June 5, 2014, Complainant filed a second charge of discrimination alleging harassment and was disciplined and discharged in retaliation for filing first charge of discrimination. Both charges were cross-filed with the Equal Employment Opportunity Commission. The District filed Verified Responses to the charges, denying the substance of Complainant's allegations. The District also filed position statements and responses to Department of Human Rights questionnaires. The Department of Human Rights assigned an investigator, who conducted a fact-finding conference on December 4, 2014, but before the investigator made a finding as to whether substantial evidence of discrimination existed, Complainant voluntarily withdrew charges and the Department of Human Rights issued orders of closure on March 18, 2015. Complainant, however, requested and was granted a right to sue letter by the Equal Employment Opportunity Commission. On July 1, 2015, Complainant was added as plaintiff in an existing lawsuit filed by another former employee. Complainant is seeking compensatory damages, including back pay, front pay, and non-economic damages, as well as attorneys' fees and punitive damages. The District's insurance carrier is covering the costs of the defense in this case, however, the District has a \$25,000 deductible. A settlement conference with the magistrate judge is scheduled for December 3, 2015.

A former employee was placed on a formal remediation plan for the 2014-2015 school year due to receiving an unsatisfactory performance evaluation rating at the end of 2013-2014 school year. Complainant failed to successfully complete the remediation plan with a final evaluation rating of "proficient" or better and was dismissed on February 9, 2015. Complainant exercised right under the Illinois School Code to a post-termination hearing before a hearing officer appointed by the Illinois State Board of Education, which was held on July 28, 29, and 30, 2015. They are awaiting decision on the matter from the hearing

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 13 - CONTINGENCIES (Continued)

officer. If the hearing officer rules in favor of Complainant and orders reinstatement, the District would be liable for back pay from February 9, 2015, to the date Complainant returns to position (no amounts are available at this time).

The parents of a District special education student, who is eligible for services due to a diagnosis, requested a therapeutic day placement. The District denied the request. The parents have subsequently requested mediation for their request and are currently pursuing mediation dates. If the parents ultimately file for a due process hearing and are successful, the District could be liable for the cost of a private school placement and potentially attorneys' fees.

NOTE 14 - CONSTRUCTION COMMITMENTS

The District has renovation and building addition projects at Round Lake Senior High School at June 30, 2015. These projects have outstanding commitments of \$27,069,448 that have not been included as expenses in these financial statements.

NOTE 15 - LEGAL DEBT LIMITATION

The Illinois School Code limits the amount of indebtedness to 13.8% of the most recent available equalized assessed valuation (EAV) of the District. The District's legal debt limitation is as follows:

2014 EAV	\$ 335,376,991
Rate	<u>13.8%</u>
Debt Margin	\$ 46,282,025
Current Debt	<u>51,462,730</u>
Remaining Debt Margin	<u><u>\$ (5,180,705)</u></u>

NOTE 16 - CHANGE IN ACCOUNTING PRINCIPLE

Effective in the year ended June 30, 2015, the District has implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*.

The implementation of GASB Statement No. 68 and GASB Statement No. 71 required a restatement for prior year net positions for the pension funds. As a result, the beginning net position decreased by \$8,636,865.

NOTE 17 - NET POSITION ADJUSTMENTS

The District had the following prior period adjustments:

Adjust beginning Net OPEB balance to the actuarial report	\$ 357,154	
Correct for prior period construction in progress	<u>506,513</u>	
Total prior period corrections		\$ 863,667
Changes in accounting principal for

Notes to Schedule:

Actuarial Method and Assumptions Used on the Calculation of the 2014 Contribution Rate *

Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Actuarial Cost Method: Aggregate entry age = normal

Amortization Method: Level percentage of payroll, closed

Remaining Amortization Period: 29-year closed period

Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth: 4%

Price Inflation: 3%, approximate; No explicit price inflation assumption is used in this valuation.

Salary Increases: 4.40% to 16%, including inflation

Investment Rate of Return: 7.50%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2011 valuation pursuant to an experience study of the period 2008 to 2010.

Mortality: RP-2000 Combined Healthy Mortality Table, adjusted for mortality improvements to 2020 using projection scale AA. For men, 120% of the table rates were used. For women, 92% of the table rates were used. For disabled lives, the mortality rates are the rates applicable to non-disabled lives set forward ten years.

*Based on Valuation Assumptions used in the December 31, 2012 actuarial valuation; note two year lag between valuation and rate setting.

This schedule is presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

Employer's proportionate share of the Net Pension Liability as a percentage of Covered-Employee Payroll	31.34%
Plan Fiduciary Net Position as a percentage of the Total Pension Liability	43.00%

* - The amounts presented were determined as of the prior fiscal-year end

Changes of Assumptions: Amounts reported in 2014 reflect an investment rate of return of 7.5%, an inflation rate of 3.0% and real return of 4.5%, and a salary increase assumption of 5.75%. In 2013, assumptions used were an investment rate of return of 8.0%, an inflation rate of 3.25% and real return of 4.75%, and salary increases of 6.00%. However, the total pension liability at the beginning and end of the year was calculated using the same assumptions, so the difference due to actuarial assumptions was not calculated or allocated.

ROUND LAKE AREA SCHOOLS COMMUNITY UNIT DISTRICT NO. 116
 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
 JUNE 30, 2015

NOTE 1 - BUDGETARY PROCESS

The District follows procedures mandated by Illinois State law and District Board policy to establish the budgetary data reflected in its financial statements. The budget was passed on September 29, 2014 and amended on June 15, 2015. The modified accrual basis budgeted amounts in this report are the result of full compliance with the following procedures:

For each fund, total fund expenditures may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally adopted through passage of a resolution.
4. Formal budgetary integration is employed as a management control device during the year.
5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

NOTE 2 - EXCESS OF EXPENDITURES OVER BUDGET

For the year ended June 30, 2015 the following funds presented as Required Supplementary Information had expenditures that exceeded the budget:

Fund	Budget	Actual	Excess of Actual Over Budget
General Fund	\$ 83,706,036	\$ 91,697,366	\$ 7,991,330
Operations and Maintenance Fund	5,451,496	6,015,896	564,400
Transportation Fund	4,077,923	4,410,852	332,929

STATISTICAL SECTION

This part of the District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Contents	Page
Financial Trends	78
These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	
Revenue Capacity	82
These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	
Debt Capacity	86
These schedules present information to help the reader assess the affordability of the District's current level of outstanding debt and the District's ability to issue additional debt in the future	
Demographic and Economic Information	91
These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
Operating Information	93
These schedules contain information about the District's service and resources to help the reader understand how the District's financial information relates to the services the District provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the annual financial reports for the relevant year.
