

Dear WAHS Juniors and Parents/Guardians,

Junior year is a significant year. For many students, the balance of managing courses, preparing for college exams, and college planning activities can be a challenge. This year, there continues to be an emphasis on the importance of GPA/class rank and taking rigorous courses while heightening opportunities to facilitate post-secondary decision-making and planning. The theme for junior year is *Action Plan Development*. This process includes guiding students to seek relative and current information pertaining to their post-secondary options (2 year college, 4 year college, military, technical/trade school or work).
