WHY WE SHOULDN'T BULLY

By: Elysia Bakker (GMS Leadership)

Bullying can affect people in many ways. Maybe you are a bully because you have been bullied yourself.

Maybe growing up you have seen other people bully others and you think it's the right thing to do. When you bully someone this person can end up having bad grades, they may not want to go to school, or they can become down.

Bullying is a bad thing to do. Even if you're just teasing your friend, that one joke could have make an impact on them.

So what should we do when someone is being bullied? When someone is being bullied, we shouldn't stand there and watch. We should go tell a teacher or another adult around the school. The teachers or adults can do something about it. Another thing you can do is stand up for the victim of the bully. Obviously, no throwing hands because that can get you in trouble. If you can get this person to stop bullying the victim, then that would be great. Why is this important? If people were continuously bullying others the school may become unsafe and we won't be able to learn. Having a safe environment is important at school for everyone.

IMPORTANT: CELL PHONE AND DRESS CODE AT GMS

With a new year here, it's important to refresh our knowledge of the GMS phone and dress code policies. GMS is a NO PHONE ZONE! Both in and out of the classroom. Please poweroff and put your cellphones away before entering the building. No matter the weather- Timberwolves follow the GMS dress code. Please no pj pants, crop tops, low shirts, or pants above the mid thigh! Let's show pride in our school and dress our best!

MEET THE TEACHER: MRS. SCHUSTER

By: Natalia Ensey and Deserey Hoctor

Mrs. Schuster is a 5th grade teacher who centers in art and social studies. We asked her a couple of questions about being a teacher including why she wanted to be a teacher. She responded because when she was younger it looked really fun. We also asked when she started teaching. She said she started teaching 20 years ago. Finally, we asked her to describe her kids/students in one word and she said: INCREDIBLE!

Student Athlete Profile: Max Wirshup

Max is an 8th grade football player for GMS. We asked him a couple of questions about being a football player. One of his hardest tasks is not hitting people. He said he joined football because he, "Really likes the sport.". These are some of the positions he plays: fullback, running back, and kicker. We asked him if he is ever scared that he will get hurt and he said not really and he will be playing football again in high school. He is player #25.
