

Resolution of the Board of Trustees of Greenville Independent School District

Board Resolution Regarding Federal Funds Allocated for Texas Public Schools

WHEREAS, the Federal Government has passed COVID-19 relief bills that allocate funding for public schools;

WHEREAS, the State of Texas has received these funding allocation amounts that are intended to supplement the needs of Texas school districts as they support the unfinished learning and social-emotional needs of the students we serve;

WHEREAS, local education agencies in other states have already received their allocations and planning amounts and Texas has not allocated these funds to local education agencies to allow for planning and budgeting to address unfinished learning for the children of Texas;

WHEREAS, the District is expanding its instructional plan to address the COVID learning slide and personalize instruction for students;

WHEREAS, the needs of Texas' schools and its children are of paramount concern to both the people of Texas and the long-term economic and cultural aspects of both the future of our State and our Nation;

WHEREAS, each State shall make allocations to local educational agencies in an expedited and timely manner and, to the extent practicable, not later than 60 days after the receipt of such funds;

WHEREAS, there has been a delay of the allocation of these funds and the initial discussions indicating these funds will supplant funds already designated for districts rather than supplementing the funds local education agencies should already receive and are entitled to for the purpose of addressing unfinished learning;

WHEREAS, there is discussion about how the Texas Education Agency may add additional requirements above and beyond the Federal guidelines related to allowable partners and technical assistance providers with which local education agencies can utilize these funds;

WHEREAS, local government is more efficient, effective, and responsive to its citizens than state government or regulators from Austin, yet state government and regulators continue to erode the traditional local control of Texas public school districts to the detriment of Texas students, teachers, administrators, parents, taxpayers, board members and local school districts statewide;

BE IT RESOLVED, that the Board of Trustees of the Greenville Independent School District respectfully asks, and recommends, that Governor Greg Abbott, the Texas Legislature, and the Texas Education Agency ensure all supplemental funds allocated from the Federal Government

flow directly to local education agencies without additional restrictions beyond what the Federal Government has stipulated:

- The Texas Education Agency utilize these funds to supplement funding to school districts;
- The Texas Education Agency does not supplant and provide these funds in place of funds already due to districts through the Foundation School Program and Available School Fund;
- The Texas Education Agency does not attach additional restrictions and extend their control in place of local control on how these funds can best be utilized in districts across the state with such diversity;
- The Texas Education Agency does not require local education agencies to use monies from the Foundation School Program and Available School Fund and then request reimbursement from the COVID relief funding allocated from the federal government.

Approved unanimously by the Board of Trustees of the Greenville Independent School District on Tuesday, March 30, 2021.
