St. Martin Parish School System- Title I Schoolwide Plan

District Assurance

- The plan was developed with the involvement of parents and other community stakeholders.
- The plan was initially developed during a one-year period, unless the LEA, in consultation with the school, determined that less time was needed to develop and implement a schoolwide plan.
- The plan will remain in effect for the duration of the school’s participation in Title I, except that the school will regularly monitor and revise the plan as necessary
- The plan is available to the LEA, parents, and the public, is in an understandable and uniform format.
- Where appropriate, the plan was developed in coordination with other federal, state, and local services, resources, and programs, and where applicable, consistent with Comprehensive Intervention Required (CIR) or Urgent Intervention Required (UIR) activities.

(Component 1): Comprehensive Needs Assessment

(Component 2): Evidence-Based Strategies

Comprehensive Needs Assessments for SY 2023-2024 Title I Schoolwide Planning

- Strengths and Weaknesses are derived from cognitive student data: the “**what.**” Strengths and Weaknesses determine areas of focus – lead to goals objectives.
- Contributing Factors are derived from specific cognitive student data, and all attitudinal, behavioral, and archival data: the “**why.**” Contributing Factors determine selected strategies – lead to specific implementation activities (the Action Plan).

A schoolwide program shall include a comprehensive needs assessment of the entire school that is based on information which includes the achievement of children in relation to the State academic content standards and the State student academic achievement standards described in Public Law 107-110 - Section 1111(b)(1). The comprehensive needs assessment should present data from sources that include administrators, teachers, students, and parents.

ESSA – Schoolwide Plan Requirements

ESSA requires three actions that are essential for effective implementation of a schoolwide program:

Schoolwide Program Requirements

1. Conduct a **comprehensive needs assessment**
2. Prepare a comprehensive **schoolwide plan**
3. Annually **evaluate** the schoolwide plan

Steps to Developing a Comprehensive Schoolwide Program Plan

1. **Collaboration:** Develop with the involvement of parents, community and school personnel
2. **Monitoring and Revising:** SW plan will remain in effect for duration of school's Title I participation
3. **Accessibility:** Make SW Plan available to LEA, parents and public in an understandable format and (as practicable) in a language parents understand
4. **Coordination:** Develop in coordination and integration with other Federal, State, and local services including ESSA programs, violence prevention programs, nutrition programs, housing programs, Head Start, adult education programs, career and technical education programs. The plan must also incorporate any Comprehensive or Targeted Support & Improvement activities required.
5. **Comprehensive Needs Assessment:** CNA must be based on academic achievement information about all students in the school, particularly the needs of those children failing/at-risk of failing to meet challenging state academic standards. The intent of this assessment is to help the school understand the subjects and skills for which teaching and learning need to be improved.
