2019-2020 Legislative Priorities

Superintendent Dr. Gaborik walked the committee through a review of the 2018-2019 Legislative Priorities. The committee and administration examined and discussed the current legislative issues and district concerns and priorities, providing suggestions for each of the draft 2019-2020 priorities. Dr. Gaborik would draft language based on the comments and input from the committee for its consideration at its December 5 committee meeting.

The district's sound system went down and the committee took a recess while the system was reset.

If needed, the committee could meet a third time on December 18 to finish the priorities. The language for the priorities was scheduled to go before the school board for approval at its January 15, 2019 Regular Meeting. Once the board approved the priorities language, the administration would finalize the actual pamphlet.
