DISCUSSION OF COMMITTEE PROCESS FOR 2019-20 SCHOOL START TIMES

[57:23-1:26:50]

Discussion regarding school start times. PEC will give feedback/recommendations to Dr. Gaborik. Monthly meetings might be necessary in fall to accomplish this task.

Brain Storming Ideas

- Transportation- one start time (?)
- Older students riding with younger students
- How many students drive themselves and don't utilize bus system
- Later start- BUT are families willing to get out of school later? Issues with community and organizations/community extra-curricular
- Religious commitments before school
- CTE classes
- End time
- How will these options affect the entire system?
- After School Program/day care issues with later release times as an option
- Decrease in enrollment- repurposing a school? Timeline?
- Research/evidence based data needs to be supplied in order to move forward with recommendations
- Pull data/resources from Anchorage feedback
- Does it fit our community as a whole??
- Coming up on a new bus contract
- Enrollment trends and impact
- Military family impact
- Move hs times to elementary? Half way points instead of going all in
- Table-top scenarios for upcoming meetings: WHO to attend? Transportation, food service, maybe FEA/ESSA rep for contracts (?), military rep
