LETTER OF TRANSMITTAL

As of October 28, 2021

Members of the Union Academy Board of Directors and Citizens of Union County, NC:

In compliance with the Public School Laws of North Carolina, the Comprehensive Annual Financial Report of Union Academy (the "School") for the fiscal year ended June 30, 2021, is herewith submitted. Responsibility for the accuracy, completeness, and clarity of the report rests with the Headmaster and Chief Financial Officer.

This report has been prepared by the Finance Department following the requirements and guidelines promulgated by the Governmental Accounting Standards Board. We believe the data is accurate in all material respects and is presented in a manner designed to reflect fairly the financial position and results of operations of the School. All disclosures necessary to enable the reader to gain maximum understanding of the School's financial activity have been included.

The financial statements have been audited by Potter & Company, PA, independent certified public accountants, whose opinion is included in the Financial Section of this report. The goal of the independent audit was to provide reasonable assurance that the financial statements of Union Academy for the fiscal year ended June 30, 2021, are free of material misstatement. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that Union Academy's financial statements for the fiscal year ended June 30, 2021 are fairly presented in conformity with accounting principles generally accepted in the United States of America.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

The independent audit of the financial statements of Union Academy was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited entity's internal controls and legal requirements involving the administration of federal awards. These reports are available in a separately issued Single Audit Report.

In developing and evaluating the School's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the School's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Profile of the Government

The School is a Local Education Agency empowered by state law [Chapter 115C of the North Carolina General Statutes (N.C.G.S.)] with the responsibility to oversee and control all activities related to the provisions of its charter. The School began operations in May 2000. The School is a tuition-free public school and is accountable to the State Board of Education for ensuring compliance with applicable laws and is operated by a private nonprofit 501(c)(3) corporation. The School receives local, state and federal government funding and must comply with the

legal requirements of each funding agency. The School's Board of Directors decides matters related to the operation of the School, including budgeting, curriculum and operating procedures.

The major purpose of the School is to provide public education that encompasses challenging, high quality instruction, character education and community service in a modified year-round school calendar. Enrollment in Union Academy is via a public lottery held annually in the spring. During fiscal year 2020-2021, the School served 1,959 students in grades K-12 with a waitlist of approximately 1,100 students. The school anticipates total enrollment to cap around 2,000 for the future years.

North Carolina General Statute 115C-238.29E(d) states that "the Board of Directors of the charter school shall decide matters related to the operation of the school, including budgeting, curriculum and operating procedures." Although not statutorily required, the School does choose to adopt a budget. The Board's annual budget resolution reflects the total anticipated revenue and expenditures of the School for the fiscal year. The budget is supported by the assumptions for revenue streams and expenditure outflows and clearly defines the education goals of the School. All substantial changes are reviewed and approved in advance by the Board Chairman and Board Treasurer with the Board of Directors being notified of such actions in subsequent meetings. These changes should not result in changes in recurring obligations such as salaries. Any revisions that alter the total expenditures require prior approval by the Board of Directors.

Local Economy

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment in which the School operates. Union Academy is located in Union County just inside the city of Monroe. Union County's growth rate has remained steady the past few years, making it the 8th largest county in North Carolina and one of the fastest growing counties nationwide. As population continues to grow in the area, the county's population is projected to reach 260,936 by July 2025. The primary factors contributing to Union County's economic growth are agriculture and manufacturing industry. The city of Monroe has developed a strong base in advanced manufacturing in the fields of bio and life sciences, pharmaceuticals, plastics and most notably aerospace. Union County has the state's highest concentration of aerospace companies in North Carolina. Due to the proximity to larger cities like Charlotte, Gastonia, and Concord, the western part of the county has experienced the majority of the population boom and has become a more diversified economic residential base while the eastern part of the county remains primarily rural and agricultural. With the opening of the Monroe Expressway, continued growth is anticipated along this new corridor and in commercial development around I-485. Due to this growth, there has been a slight decrease in the number of farms and number of acres dedicated to farming in recent years; however there are still 957 farms in Union County and over 186,000 acres dedicated to farming. The County ranked third in the state and 102nd in the United States for total revenue generated from agriculture, most notably from corn for grain, soybean, wheat, chicken(broilers), turkey, and cattle. Union County has continually ranked among the lowest unemployment rates in the Charlotte region. In August 2021 labor statistics show the county's unemployment rate was 3.7 percent compared to North Carolina's 4.3 percent. Due to the Coronavirus pandemic, the North Carolina unemployment rate was as high as 13.5 in April and May of 2020, but thankfully we are now returning to pre-pandemic levels, which can be viewed as a positive sign for both the state and county. The Union County Board of Commissioners and the community continue to be involved and supportive of the public educational system and local financial support is reasonable.

The cost of public school education in North Carolina is financed by the state generally on a per pupil basis. Much of the funding from the State of North Carolina is formula driven. Local funding from Union County is passed through the Union County Public School System. The School receives a per pupil allocation of these local funds as defined by legislation. The School has 95.7% of its students residing in Union County while the remaining 4.3% of the student population reside in Mecklenburg, Anson, Stanly and Cabarrus Counties. The state and local per pupil funding increased from the prior year by approximately 4.1%.

When Union Academy began as a school of choice in 2000, it stood and still stands as an expression of educational reform in public education. The first charter school opened in 1992, and there are over 3.3 million students attending over 7,500 charter schools nationwide. The continued growth in charter schools and their enrollment demonstrates parents' demand for high quality educational options. There are currently more than 1 million students on waitlists throughout the country. Nationwide, charter schools represent 6.5% of all public schools. North Carolina alone has 208 schools, currently serving more than 125,000 students. Charter school enrollment represents 8.5% of all public school enrollments in the state making charter schools the third largest

“school district” in the state behind Wake and Mecklenburg County’s districts. Demand for new charter schools continues to increase. Twenty-one non-profit boards submitted applications to open public charter schools in North Carolina. Of these, five boards are seeking approval for Fast-Track or Acceleration to open in the 2022 school year with another sixteen aiming for 2023. Specifically, Union County currently has four other charter schools.

The School provides a positive impact on Union County in the following ways: 1) Eases overcrowding in Union County Public Schools; 2) Increases parental options in public education; 3) Creates a voluntary integrated school in a county with longstanding geographic and racial divisions; 4) Provides opportunities for faculty innovation/development and administrative flexibility; and 5) Involves parents and community resources uniquely in public education.

The School does not receive any local, state or federal funding for facilities as traditional public schools do. Therefore, the School must explore all means necessary to provide their students with the literal foundation required for a successful educational program. Union Academy Foundation was established in 2001 to support the School’s land and facilities needs and is reported as a component unit of the School.

Long-Term Financial Planning and Major Initiatives

Union Academy continues to fulfill its vision to provide a pathway for educational excellence through the following major initiatives:

- The School continues to dedicate resources to technology in light of in-person and remote instruction due to the Coronavirus pandemic.
- In collaboration with Union Academy Foundation, the school is planning to break ground on the new baseball and softball (multi-use fields) on campus.
- The School’s Human Resources Department has received several awards for its continued efforts to keep insurance costs low and provide exceptional benefits to its employees. The staff fitness room has continued to increase wellness and group physical activity with the staff.
- The School’s Communications Director, Jennifer Sutton Smith, earned 11 North Carolina School Public Relations Association (NCSPRA) Blue Ribbon Awards for Excellence in Communications.
- The School was recognized as a State and National School of Character by Character.org for the second time. The designation is good for five years. Only 76 schools nationwide received national status and UA was the only school in NC to receive national recognition.
- The School created a Diversity and Inclusion Task force and promoted Sherryann Sylvestre to serve in the newly created position of Dean of Curriculum, Assessment, and Inclusion.
- The School encourages and challenges students to meet their highest level of achievement. Honors and Advanced Placement courses are always encouraged at the high school level. SAT and ACT results exceed national averages in all three areas of critical reading, math and writing. The School will continue to establish goals that increase academic growth through effective and challenging teaching strategies. In addition to challenging on campus courses, upperclassmen have the opportunity to participate in dual enrollment with the local community college as well as take online courses through NCVPS.
- The School focuses on building strong student-staff-parent-community ties. Families are asked to dedicate at least 60 hours of volunteer time to the school annually. In the 2020-2021 school year, families completed 27,384 service hours which is a savings to the school of \$676,113. Volunteer hours were significantly lower in 2020-2021 due to Coronavirus restrictions.
- The School is strengthening its professional development and growth plan by directly aligning it with its School Improvement Plan and Strategic Plan. A highly educated and licensed faculty and staff serve the K-12 community and the School is working toward developing and implementing an incentive plan to help attract and retain top talent.

Relevant Financial Policies

Union Academy has adopted a comprehensive set of financial policies. During the current year, several of these policies were particularly relevant. The School maintains an unrestricted, unassigned General Fund balance adequate to meet the unexpected fiscal needs of the School's operations. Based on the recommendation of the North Carolina Local Government Commission, the School intends to maintain a minimum of 8% of the subsequent year's budget in the unassigned fund balance.

There were no other financial policies that had a significant impact on the 2020-2021 financial statements.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Union Academy for its comprehensive annual financial report for the fiscal year ended June 30, 2020. This was the eleventh consecutive year the School has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement for Excellence in Financial Reporting Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the Association of School Business Officials (ASBO) awarded a Certificate of Excellence in Financial Reporting to Union Academy for its comprehensive annual financial report for the fiscal year ended June 30, 2020. This was the twelfth consecutive year that the School has received this award.

The presentation of this report could not have been accomplished without the efficient and dedicated services of the personnel in the Finance Department and the staff of our independent auditor. Certain county-wide statistical data was also provided by the personnel in Union County's Finance Department. We would like to express our appreciation to all these people for their assistance and contributions in developing the final report.

Respectfully submitted,

Independent Auditors' Report

To the Board of Directors
Union Academy
Monroe, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of **Union Academy**, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise **Union Academy's** basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Union Academy Foundation, which represents the discretely presented component unit. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Union Academy Foundation, is based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Union Academy Foundation were not audited in accordance with *Governmental Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of **Union Academy** as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 7-14 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historic context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise **Union Academy's** basic financial statements. The budgetary schedule is presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal and State Awards is presented for purposes of additional analysis as required by the Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards*, and the *State Single Audit Implementation Act*, and is also not a required part of the basic financial statements.

The budgetary schedule, other schedules, as well as the accompanying Schedule of Expenditures of Federal and State Awards, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary schedule and the accompanying Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2021, on our consideration of **Union Academy's** internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering **Union Academy's** internal control over financial reporting and compliance.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statement and, accordingly, we do not express an opinion or provide any assurance on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This Page Intentionally Left Blank

*Union Academy
Management's Discussion and Analysis
June 30, 2021*

As management of Union Academy (the "School"), we provide these financial statements and this narrative overview and analysis of the School's financial position at June 30, 2021 and its operations for the year then ended. We encourage readers to review the discussion presented here in conjunction with additional information included in the School's financial statements and notes which follow this section.

Financial Highlights

- COVID had a significant impact on the learning environment of our students for the FY 2020-2021 school year. In order to reduce negative repercussions from this, we applied for and received a total of \$350,610 in Coronavirus Relief Funds. These funds were state and federal government grants which specifically targeted learning loss.
- The assets of the School exceeded its liabilities and deferred inflows at the close of the fiscal year by \$11,613,846 (*net position*).
- The government's total net position increased by \$1,760,660, primarily due to an increase in the governmental-type activities' net position.
- As of the close of the current fiscal year, the School's governmental funds reported combined ending balances of \$9,857,664, an increase of \$2,142,900 in comparison with the prior year. This increase is attributed to an increase in revenues from the state and federal government in response to the pandemic as well as a decrease in total expenditures as a result of having several significant periods of time in a remote instruction environment.
- Enrollment held steady compared to prior year due to COVID. Student enrollment totaled 1,959, 1,953 and 1,907 in years 2021, 2020 and 2019, respectively.
- The School expended an average of \$7,850 of State, local and federal current expense dollars per pupil for the fiscal year 2020-2021 compared to \$7,755 in the previous year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The School's basic financial statements consist of three components; the government-wide financial statements, the fund financial statements, and the notes to the financial statements. The basic financial statements present two different views of the School through the use of government-wide financial statements and the fund financial statements. In addition to the basic financial statements, the annual financial report contains the independent auditor's report, certain required supplementary information and other required schedules that provide additional information to enhance the reader's understanding of the financial position and activities of the School.

Union Academy
Management's Discussion and Analysis
June 30, 2021

The chart in Figure 1 outlines the relationships of the components of the annual financial report.

Components of Annual Financial Report

Figure 1

* Required Supplementary Information

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the School's financial status.

The next statements (Exhibits 3 through 5) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the School. These statements provide more detail than the government-wide statements.

The next section of the basic financial statements includes the **notes**. The notes to the basic financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to budgetary information for the School is found in this section of the statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the School's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the School's financial status as a whole.

The government-wide statements report the School's net position and how it has changed. Net position is the difference between the School's total assets plus deferred outflows of resources minus

Union Academy
Management's Discussion and Analysis
June 30, 2021

the total of liabilities plus deferred inflows of resources. Measuring net position is one way to gauge the School's financial condition.

The governmental activities include the School's basic functions such as instructional services and business services. State, county and federal funds provide virtually all of the funding for these functions.

The condensed government-wide financial statements are provided in Figures 2 and 3 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the School's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the North Carolina General Statutes or the School's budget ordinance. All of the funds of the School fall into the category of governmental funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the School's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* that provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the School's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The School adopts an annual budget, although it is not required to do so by the General Statutes. Because the budget is not legally required by the statutes, the budgetary comparison statements are not included in the basic financial statements but are part of the supplemental statements and schedule that follow the notes. The budget is a legally adopted document that incorporates input from the faculty, management, and the Board of Directors of the School in determining what activities will be pursued and what services will be provided by the School during the year. It also authorizes the School to obtain funds from identified sources to finance these current period activities. The budgetary statement demonstrates how well the School has complied with the budget ordinance and whether the School has succeeded in providing the services as planned when the budget was adopted.

Notes to the Basic Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements begin on page 18 of this report.

Government-Wide Financial Analysis

The financial analysis reveals that a June 30, 2021 cash and cash equivalents and other current assets, accounted for 32.9% of total government-wide assets representing a \$2,313,617 increase over prior year. In addition, prepaid items and the interest rate swap accounted for 58.2% and 4.4% of total government-wide assets, respectively. These relationships were little changed from the prior year. Capital assets, net of accumulated depreciation, accounted for 4.0% of total assets. Long-term

Union Academy
Management's Discussion and Analysis
June 30, 2021

liabilities represent 94.4% of total liabilities. In addition, other liabilities representing 5.6% of total liabilities increased insignificantly over prior year.

As previously noted, net position may, over time, serve as one useful indicator of a school's financial condition. The assets of the School exceeded liabilities and deferred inflows of resources by \$11,613,846 as of June 30, 2021. As of June 30, 2020, the net position of the School stood at \$9,853,186. The School's net position increased by \$1,760,660 for the fiscal year ended June 30, 2021, compared to an increase of \$1,471,166 in 2020. The School's investment in capital assets (e.g. furniture and school-related equipment) represents 11.4% of total net position. The School uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. The remaining net position amount, \$10,292,532, is unrestricted. In 2020, the amount of net investment in capital assets was \$1,499,494 with unrestricted net position standing at \$8,353,692.

A condensed statement of net position which summarizes the assets, liabilities, deferred inflows of resources and net position at June 30, 2021 and 2020 is as follows:

Condensed Statement of Net Position

Unrestricted	10,292,532	8,353,692
Total net position	\$ 11,613,846	\$ 9,853,186

Several aspects of the School's financial operations contributed to the improvement in the total unrestricted governmental net position:

- The School adopted an annual budget for all funds. The School's performance was measured using these budgets on a monthly basis, allowing changes in spending as needed to stay within the budget.
- The School applied for and was awarded several federal grants to assist with the expenses of meeting the education needs of exceptional children.

Union Academy
Management's Discussion and Analysis
June 30, 2021

- The School's deferred inflows of resources decreased by \$640,588 due to the change in the value of the swap because of interest rate fluctuations from the impact of COVID.
- Long-term liabilities decreased by \$673,711, mainly due to principal payments made during the year. Other liabilities increased slightly by \$199,686 primarily due to the increase in accounts payable and accrued salaries and wages payable.

Revenues, expenses, transfers and the change in net position is summarized in the following condensed statement of activities for the years ended June 30, 2021 and 2020:

Condensed Statement of Activities

Figure 3

	Governmental Activities	
	2021	2020
Revenues:		
Program revenues:		
Charges for services	\$ 51,485	\$ 567,258
Operating grants and contributions	664,735	248,858
General revenues:		
County and State funds	16,750,785	16,114,494
Other	181,115	678,459
Total revenues	17,648,120	17,609,069
Expenses:		
Instructional services	10,185,623	10,445,981
System-wide support services	5,068,461	4,943,858
Debt service	633,376	748,064
Total expenses	15,887,460	16,137,903
Change in net position	1,760,660	1,471,166
Net position, beginning	9,853,186	8,382,020
Net position, ending	\$ 11,613,846	\$ 9,853,186

Governmental activities: Governmental activities increased the School's net position by \$1,760,660, when compared to the prior year. This change is attributed to the following:

- County and State funds of \$16,750,785 increased by \$636,291 and make up 94.9% of total revenues. \$392,454 (46%) of this is an increase in funds from Union County Public Schools. The amount received per student went up to \$2,496 from \$2,291 in the prior year. The remainder of this variation is due to an increase in state funding over the prior year by \$468,588. \$236,766 (50.5%) is due to an increase in amount received per student from \$5,403 to \$5,514. The remaining \$231,822 was received as part of the Coronavirus Relief Funds. Federal revenues increased 76.8% or \$191,126. \$72,338 of the increase is due to an increase in the number of exceptional children by 15.6% to 208 from 180 for the FY 2021 to FY 2020, respectively. Exceptional children student population stands at 10.6% which is below the funding cap of 12.5% of the total student population. The remaining increase of \$118,788 was due to the receipt of ESSER (Elementary and Secondary School Emergency Relief) funds from the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

*Union Academy
Management's Discussion and Analysis
June 30, 2021*

- During fiscal year 2021, we did not offer on-campus activities, off-campus field trips nor overnight field trip opportunities for students due to the coronavirus pandemic; therefore, charges for services decreased \$515,773.
- Other revenues decreased \$497,344 primarily due to receiving a \$250,000 contribution from the Union Academy Foundation in FY 2020. Due to the pandemic, the UAF was unable to make any contribution in the current year. The remaining decrease of \$247,344 was due to not offering catered lunch to students during the year coupled with decreased numbers enrolled in afterschool care.
- Instructional services and related expenses of \$10,185,623 and system-wide support services expense of \$5,068,461 account for 64.1% and 31.9% of total expenses respectively. Instructional services decreased \$260,358. \$79,193 of this decrease is related to the decrease in depreciation expense from prior year. The remaining \$181,165 decrease is related to cancelation of overnight field trip and other activities during the fiscal year 2021 school year. System-wide support services increased \$124,603. \$64,560 is related to refinancing costs related to debt service. The remaining increase of \$60,043 is related to the Head of School working part-time from January 2020 to June 2020 and full time for the entire fiscal year of 2021.
- The remaining 4.0% of total expenses is the interest expense of \$633,376. This interest expense is related to debt service and decreased \$114,688 due to refinancing. The school was able to lower the all-in interest rate to 3.07% compared with 3.775% in FY 2020.

Financial Analysis of the School's Funds

As previously noted, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the School's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the School's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the School. At the end of the current fiscal year, the assets in the General Fund consisted primarily of cash and cash equivalents which equaled 98.5% of total fund assets. Accrued salaries and wages payable accounted for 82.5% of General Fund liabilities. The unassigned fund balance of the General Fund was \$8,386,264, or 85% of total fund balance, while total fund balance reached \$9,857,664. The primary source, 95.4% of General Fund revenue was \$4,869,249 in reimbursements by various counties for their students attending the School. Other school and club activities amounted to \$216,120, or 4.2% of General Fund revenues. 73.4% of total General Fund expenditures are composed of salaries and benefits included in both Instructional and System-wide services. Instructional support services of \$1,880,168 and System-wide support services of \$868,293 represented 63.5% and 29.3% respectively of General Fund expenditures. Additional capital outlay of \$92,222 and debt service of \$118,266 accounted for 3.1% and 4.0% and respectively, of General Fund expenditures.

At June 30, 2021, the government funds of the School reported a combined fund balance of \$9,857,664, a 27.8% increase over last year.

Union Academy
Management's Discussion and Analysis
June 30, 2021

Capital Asset and Debt Administration

Capital assets. The School's investment in capital assets for its governmental activities as of June 30, 2021, totals \$1,321,314 (net of accumulated depreciation). These assets include storage units, furniture and fixtures, food service equipment, computer equipment, leasehold improvements, other equipment, and vehicles.

Capital assets experienced a net decrease of \$178,180. This is primarily due to the current year depreciation expense of \$503,989 offset by additions of only \$325,809. Instructional computer hardware such as chromebooks and smartboards represented 88.8% or \$289,414 of capital expenditures as the School continues to increase the use of technology in the K-12 classrooms. Thirteen chromebook carts were added this year in order to better serve the K-7 population, as grades 8-12 are each assigned their own chromebook for home and class use. The carts allow mobile use of the chromebooks throughout several classrooms on a weekly or even daily basis if needed. Leasehold improvements make up 7.7% or \$24,995 of the additions for FY21. These improvements consisted of an HVAC unit for the school as well as replacement of the roof and HVAC unit on the stadium pressbox. The remaining additions, 3.5% or \$11,400, for this fiscal year consisted of the purchase of two Cushman Haulers which are used by maintenance department for the day to day upkeep of the facilities and grounds.

The following schedule summarizes the School's capital assets as June 30, 2021 and 2020:

Capital Assets, Net of Depreciation

Figure 4

	Governmental Activities	
	2021	2020
Storage units	\$ 16,027	\$ 20,351
Furniture and fixtures	254,191	344,466
Food service equipment	4,501	5,943
Computer equipment	428,691	419,726
Leasehold improvements	529,426	596,221
Equipment	61,975	75,021
Vehicles	26,503	37,766
Capital assets, net	\$ 1,321,314	\$ 1,499,494

Additional information on the School's capital assets can be found in note II.A.4. of the basic financial statements.

Long-term Debt. At June 30, 2021, the School had total debt outstanding of \$18,649,112. The debt consists of revenue bonds.

The School's outstanding debt at June 30, 2021 and 2020 is summarized in the following schedule:

Long-term Obligations

Figure 5

	Governmental Activities	
	2021	2020
Revenue bonds	\$ 18,649,112	\$ 19,332,123

*Union Academy
Management's Discussion and Analysis
June 30, 2021*

The School issued a \$20,000,000 Educational Facilities Revenue Bond Series 2017 for the purpose of refunding the outstanding principal amount of the Series 2010 Revenue Bond and for prepayment of an educational facilities expansion that included the lower school building and competition gym. The School's total debt decreased by \$683,011 during the past fiscal year due to principal payments.

Economic Factors

The following key economic indicators reflect the growth and prosperity of the School:

- The pandemic caused considerable disruption to the business in the county as well as the school's learning environment. Union County's unemployment rate climbed as high as 7.4% and averaged 4.85% during the fiscal year 2021. County appropriations to the public school remained relatively consistent with only a 1.3% increase in the per student allotment.
- In spite of the pandemic, demand for enrollment in the School remains strong. The School had over 1,500 applicants for the lottery. A waitlist is currently maintained that continues to include more than 1,100 students in grades K-12. This can be attributed the school's ability to be adaptive to the environmental circumstances and to quickly change from remote to in-person instruction and vice versa.

Impact of Coronavirus on School. During the fiscal year, the state and the nation were affected by the spread of a coronavirus. The School's response to the coronavirus included:

- Ability to furlough two employees during the year due to remote instruction. These employees' positions related to operations, such as catered lunch and activities related to field trips.
- The School applied for and received \$350,610 in Coronavirus Relief Funds from the state and federal government.
 - \$107,537 was received and spent on a Jump Start program during the summer of 2020 targeting students in grades 2-4 and summer programs for students grades 2- 8 during June 2021.
 - \$206,544 was spent on a learning management system, along with student and staff devices which allowed us to provide remote instruction at various times throughout the year.
 - Additional funds in the amount of \$23,381 were received to supplement psychological testing to help identify students with disabilities.
 - \$13,148 was used for school health support and personal protective equipment, temperature scanning devices, and disinfectant cleaners to address health concerns due to the pandemic.
- The School successfully navigated between in-person instruction and remote instruction at various times throughout the year in response to the current trends of the pandemic.

Requests for Information

This report is designed to provide an overview of the School's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to Lynn Kroeger, Chief Financial Officer, Union Academy, 675 North Martin Luther King Jr. Blvd., Monroe, NC 28110, telephone (704) 238-8883. Additional information is available at the School's website, www.unionacademy.org.

Union Academy **Exhibit 5**
Reconciliation of Statement of Revenues, Expenditures and Changes in Fund Balance
Governmental Funds
June 30, 2021

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$	2,142,900
---	----	-----------

The governmental funds statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances - total governmental funds and changes in net assets of governmental activities reported in the government-wide statement of activities. Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The details of this difference are as follows:

Capital outlay expenditures recorded in the fund statements but capitalized as assets on the statement of activities.	\$	325,809
Depreciation expense that is recorded on the statement of activities but not in the fund statements.		(503,989)
		(178,180)

The fund financial statements record interest expenditures on the current financial resource measurement focus whereas the government-wide financial statements recognize interest expense on the accrual basis. The reconciling amount was the change in accrued interest from the prior year.		4,896
---	--	-------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts and prepaid insurance when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items:

Debt issued or incurred:		
Principal payments on debt	683,011	
		683,011

Expenses reported on the statement of activities that do not require the use of current resources are not recorded as expenditures in the governmental funds. The detail of this difference is as follows:

Amortization of prepaid lease	(891,967)	
		(891,967)

Total changes in net position of governmental activities	\$	1,760,660
--	----	-----------

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

I. Summary of Significant Accounting Policies

The accounting policies of **Union Academy** (the School) conform to generally accepted accounting principles (GAAP) as applicable to governments. Charter schools are established by non-profit entities, such as Union Academy. Because of the authority of the State Board of Education (the “SBE”) to terminate, not renew or seek applicants to assume a charter on grounds sent out in the North Carolina General Statutes at G.S. 115C-218.95 with all net assets purchased with public funds reverting to a local education agency (G.S. 115C-218.100), the charter schools in North Carolina follow the governmental reporting model as used by local education agencies. The following is a summary of the more significant accounting policies:

A. Reporting Entity

Union Academy is a public charter school located in Monroe, North Carolina. The School is governed by a local non-profit corporation and serves 1,959 students. The School operates under an approved charter received from the SBE and applied for under the provisions of General Statute (G.S.) 115C-218.1. G.S. 115C-218.6(b)(1) states that a charter school shall be subject to the audit requirements adopted by the SBE, which includes the audit requirements established by G.S. 115C-447 of the School Budget and Fiscal Control Act (SBFCA), and requires financial statements to be prepared in accordance with GAAP. The School is located at 675 North M.L. King Jr. Blvd. in Monroe, NC.

The current charter is effective until June 30, 2025 and may renew for subsequent periods of ten (10) years unless one of the conditions in G.S. 115C-218.6(b) applied in which case the SBE may renew the charter for a shorter period or not renew the charter. Management believes that the charter will be renewed in the ordinary course of business.

The School has been recognized by the Internal Revenue Service as exempt from Federal income taxation under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3).

As required by generally accepted accounting principles, these financial statements present the School and its component unit, a legally separate entity. The discretely presented component unit described below is reported in a separate column in the School’s financial statements in order to emphasize that it is legally separate from the School.

Union Academy Foundation (the “Foundation”) is a legally separate, nonprofit corporation, served by a self-appointing board of directors. The Foundation was established to provide support, both financial and otherwise, to the School and other non-profit educational ventures, which seek to increase learning opportunities for all students. The School, under an agreement with the Foundation, leases a significant portion of the Foundation’s assets. These Foundation assets are held as collateral on the School’s revenue bond payable. Based on the significant resources provided by the Foundation to the School, the Foundation is reflected as a component unit of the School. The Foundation’s financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, “Financial Statements for Not-for-Profit Organizations.” The most recent separately issued accrual basis financial statements for the Foundation for the year ended June 30, 2021, can be obtained from the entity’s administrative office at Union Academy Foundation, 675 North M.L. King Jr. Blvd., Monroe, NC 28110.

*Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021*

I. Summary of Significant Accounting Policies - Continued

The School shows a custodial fund in Exhibits 6 and 7 in the Basic Financial Statements. This custodial fund belongs to Union Academy Private PreKindergarten (UA Pre-K). UA Pre-K is organized for educational purposes and to provide support, both financial and otherwise, to Union Academy and to other non-profit educational ventures that qualify as exempt organizations under Sections 501(c)(3) and 170(c)(2) of the Internal Revenue Code of 1986 (herein the "Code") (or the corresponding provisions of any future United States Internal Revenue Code), especially those ventures which seek to increase learning opportunities for all students. The UA Pre-K was incorporated in February 2017 and began operations in July 2017. The mission of the UA Pre-K is to educate the whole child, provide challenging, high quality instruction, strong character development in all of its students and collaborative family involvement. The vision is to be a pathway by which children mature and grow into confident young students who are highly prepared and motivated to make positive contributions to their school community. The School is the sole external financial contributor and ensures that the necessary resources and funds are available for UA Pre-K daily operations. UA Pre-K enrollment does not secure or guarantee enrollment at the School. The UA Pre-K is located at 3828 Old Charlotte Hwy, Monroe, NC 28110.

B. Basis of Presentation

In accordance with GASB Statement No. 34, Basic Financial Statements – and Management Discussion and Analysis – for State and Local Governments ("GASB 34"), the School is a special-purpose government that is engaged in governmental activities and is not a component unit of another government. Therefore, the financial statements are prepared in the same manner as general-purpose governments.

Government-wide Statements: The statement of net position and the statement of activities display information about the School and the Foundation. These statements include the financial activities of the overall government activities and the component unit, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements would distinguish between the governmental and business-type activities of the School, in the event such activities existed. Governmental activities generally are financed through intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. The School had no significant business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the School's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the School's funds. A separate statement for major governmental funds is presented. All remaining governmental funds are aggregated and reported as non-major funds.

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

I. Summary of Significant Accounting Policies - Continued

The School reports the following major governmental funds:

General Fund. The General Fund is the general operating fund of the School. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund.

State Public School Fund. The State Public School Fund includes appropriations from the Department of Public Instruction for current operating needs of the School and is reported as a special revenue fund.

The School reports the following fiduciary fund:

Custodial Fund. The Custodial Fund is used to account for the funds of a private not-for-profit organization operating a prekindergarten program.

C. Measurement Focus and Basis of Accounting

Government-wide Financial Statements. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the School and Foundation gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants, contributions, and donations. Revenue from grants, contributions, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The School considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. These could include federal, State, and county grants, and some charges for services. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the School funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unassigned net position available to finance the program. It is the School's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

D. Budgetary Data

The School adopts an annual budget that reflects all revenues and expenditures for the School. The budget is prepared using the modified accrual basis of accounting.

The governing board has voluntarily established the policy, as a sound business practice, that expenditures may not exceed appropriations based on the adopted budget and subsequent amendments. During the year, several amendments to the original budget were necessary. The budget presented in these financial statements represents the budget of the School at June 30, 2021. All appropriations lapse at year end.

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

I. Summary of Significant Accounting Policies - Continued

In accordance with the Governmental Accounting Standards Board, governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the general fund and each major special revenue fund are required to present a budgetary comparison schedule as required supplementary information based on the fund, organization or program structure that the government uses for its legally adopted budget. This is presented on page 40 and explains the differences between budgetary sources and uses of funds and GAAP revenues and expenditures for the total governmental funds.

E. Assets, Liabilities, Deferred Outflows and Inflows of Resources, and Fund Equity

1. Deposits

All deposits of the School and the Foundation are made in a local bank, whose accounts are FDIC insured. The School has established an interest-earning checking account. The School's deposits are essentially demand deposits and are considered cash and cash equivalents. The Foundation considers all highly liquid unrestricted investments with maturities of three months or less to be cash equivalents.

2. Investments

The Foundation measures the fair value of its financial instruments in accordance with accounting guidance that requires an entity to base fair value on exit price and maximize the use of observable inputs and minimize the use of unobservable inputs to determine the exit price. Accounting guidance defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

The Foundation categorizes its financial instruments, based on the priority of inputs to the valuation technique, into three-level hierarchy, as described below:

Level 1 – Observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

Level 2 – Observable inputs other than Level 1 that are based upon quoted market prices for identical assets or liabilities within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

3. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The School's main prepaid balance is a lease to the Foundation and uses the consumption method of accounting to expense rent based on the operating lease agreement. Accordingly, the Foundation has unearned rental revenue relating to the School's prepayment of the lease. Please see Note II.B.4.a. for further information about the lease.

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

I. Summary of Significant Accounting Policies - Continued

4. Pledges Receivable (Component Unit)

Unconditional promises to give are recognized by the Foundation in the period when the promise was received. Contributions that are restricted by the donor are reported as increases in net position without donor restrictions if the restrictions expire in the fiscal year in which the contributions or grants are received. All other donor-restricted contributions are reported as increases in net position with donor restrictions. When a restriction expires, net position with donor restrictions are reclassified to net position without donor restrictions. Pledges receivable are stated net of any uncollectable amounts and discounts to present value. The Foundation uses the reserve method for accounting for uncollectible promises to give, based on historical data.

5. Capital Assets

The School's and Foundation's capital assets are recorded at original cost and depreciated over the useful lives of the assets using the straight-line method of depreciation. Donated assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation or forfeiture. Donated capital assets received after July 1, 2015 are recorded at acquisition value. The total of these estimates is not considered large enough that any errors would be material when capital assets are considered as a whole.

It is the policy of the School to capitalize all capital assets costing more than \$5,000 with an estimated useful life of two or more years. In addition, other items that are purchased and used in large quantities, such as student desks and, office furniture, are capitalized and reported as general capital assets. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

The School's capital assets are depreciated over the following estimated useful lives:

	<u>Years</u>
Storage Units	8
Leasehold Improvements	10
Furniture and Fixtures	5-10
Food Service Equipment	7
Equipment	3-7
Vehicles	3-5
Computer Equipment	3-5

The Foundation's capital assets are depreciated over the following estimated useful lives:

	<u>Years</u>
Buildings	20-40
Building Improvements	10-40
Land Improvements	15-40
Furniture and Equipment	3-10

*Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021*

I. Summary of Significant Accounting Policies - Continued

6. Long Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position.

7. Deferred outflows or inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The School has no items that meet this criterion. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The School has one item that meets the criterion for this category, which is the interest rate swap. The interest rate swap agreement is stated at fair value. The fair value of the interest rate swap agreement is the estimated amount that the bank or financial institution would receive or pay to terminate the swap agreement at the reporting date, taking into account current interest rates and the current creditworthiness of the swap counterparties.

8. Compensated Absences

The School does not have any liability for compensated absences which would be reported in the government-wide financial statements. The sick leave policy of the School provides for an accumulation of up to 10 earned sick leave days per year without carryover. Sick leave does not vest. Since the School has no obligation for accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

9. Net Position/Fund Balances

Net Position

Net position in the government-wide financial statements is classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors or contributors, or laws or regulations of other governments, or imposed by law through State statute.

Fund Balance

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. As of June 30, 2021, the School had no nonspendable fund balance amounts.

Restricted Fund Balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law. As of June 30, 2021, the School had no restricted fund balance amounts.

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

I. Summary of Significant Accounting Policies - Continued

Committed Fund Balance – portion of fund balance that can only be used for a specific purpose imposed by the governing body (highest level of decision-making authority). Any changes or removal of the specific purpose requires a formal resolution enacted by the governing body that approved the original action.

Operating Reserve – reserve used in any fiscal year to cover an unexpected loss of revenue or an extraordinary expenditure. The reserve is to be funded at 8% of the total expenditures of the succeeding year's budget. Expenditures from this reserve must be approved by the Board.

Assigned Fund Balance – portion of fund balance that the School intends to use for specific purposes. The Chief Financial Officer assigns these amounts for a specific purpose which is governed by the School's Internal Fiscal Control Policy 5.1, established by the governing body of the School.

Clubs and Activities – revenue sources assigned for expenditures for the various clubs and organizations, athletic events, and various fund raising activities for which they were collected.

Unassigned Fund Balance – the portion of fund balance that has not been assigned to another fund or restricted, committed, or assigned to specific purposes within the general fund. The General Fund is the only fund that can report a positive unassigned fund balance.

The School has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Chief Financial Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local funds, School funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Chief Financial Officer has the authority to deviate from this policy if it is in the best interest of the School.

10. Reconciliation of Government-wide and Fund Financial Statements

The governmental fund balance sheet (Exhibit 3) includes a reconciliation between governmental funds' total fund balance and governmental activities' net position reported in the government-wide statement of net position (Exhibit 1). The net adjustment totaled \$1,756,182.

11. Accounting for Uncertainty in Income Taxes

The School adopted ASC 740-10 as it related to uncertain tax positions effective for the year ended June 30, 2021 and has evaluated its tax positions taken for all open tax years. However, the School is not currently under audit nor has the School been contacted by these jurisdictions. Based on the evaluation of the School's tax positions, management believes all positions taken would be upheld under an examination. Therefore, no provision for the effects of uncertain tax positions has been recorded for the year ended June 30, 2021.

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

I. **Summary of Significant Accounting Policies - Continued**

12. **Estimates**

The School's management uses estimates and assumptions in preparing the financial statements. Those estimates and assumptions affect reported amounts of assets and liabilities, and reported revenues and expenses. Actual results could differ from those estimates.

F. **Revenues, Expenditures, and Expenses**

1. **Funding**

Union Academy is funded by the State Board of Education, receiving (i) an amount equal to the average per pupil allocation for the average daily membership (ADM) from the local school administrative unit allotments in which the school is located (Union County Board of Education) for each child attending the School except for the allocation for children with special needs and (ii) an additional amount for each child attending the School who is a child with special needs [G.S. 115C-218.105(a)].

Subject to certain limitation, funds allocated by the SBE may be used to enter into operational and financing leases for real property or mobile classroom units for use as school facilities for charter schools and may be used for payments on loans made to charter schools for facilities, equipment, or operations (G.S. 115C-218.105(b)).

Additionally, the School receives for each student an amount equal to the per pupil share of the local current expense fund of the local school administrative unit in which the child resides (G.S.115C-218.105(c)). Amounts transferred that consist of revenue from supplemental taxes shall be transferred only to a charter school located in the district where the taxes are levied and the child resides.

For the fiscal year ended June 30, 2021, **Union Academy** received funding from the Boards of Education for Union County Schools (\$4,671,344), Charlotte-Mecklenburg County Schools (\$143,405), Anson County Schools (\$30,760), Cabarrus County Schools (\$20,381), and Stanly County Schools (\$3,359).

Furthermore, **Union Academy** has received donations of cash and/or equipment from private organizations and individuals. The cash has been used primarily for the purchase of new assets or various costs related to instructional materials used in the classrooms.

2. **Reconciliation between government-wide and fund statements**

The governmental fund statement of revenues, expenditures, and changes in fund balance is followed by reconciliation between the change in fund balance of the governmental funds and the change in net position of the governmental activities as reported on the government-wide statement of activities. The net difference between the governmental fund statement of revenues, expenditures and changes in fund balance (Exhibits 4 and 5) and the government-wide statements of activities (Exhibit 2) totaled (\$382,240).

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

II. Detail Notes on All Funds

A. Assets

1. Deposits

The School's deposits are maintained in a public fund account with Truist Bank (Truist). The public fund account provides deposit insurance coverage for cash balances that would not otherwise be insured by the Federal Deposit Insurance Corporation ("FDIC"). This program sweeps cash balances in excess of the \$250,000 FDIC insured amounts to various FDIC insured depository institutions.

At June 30, 2021, the School had deposits with a bank and a carrying amount of \$10,784,678. The bank balance with the financial institution was \$10,976,687. Of the bank balances, \$250,000 was insured by the FDIC and \$10,726,687 was insured by Truist's public fund insured deposit program.

At June 30, 2021, the Foundation had deposits with a bank with a carrying amount of \$234,757. The Foundation did not have any uninsured cash balances at June 30, 2021.

2. Investments

Investments for the Foundation as of June 30, 2021 are as follows:

	Value at Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of June 30, 2021
Beneficial interest in assets held by FFTC	\$ -	\$ 137,702	\$ -	\$ 137,702
Mutual Funds	-	-	1,161,170	1,161,170
Investment cash	6,285	-	-	6,285
Total Investments	\$ 6,285	\$ 137,702	\$ 1,161,170	\$ 1,305,157

The following is a description of the valuation methodologies used for investments for which fair value is presented.

Investment Cash

Value based on pricing information provided by quotation services or other sources, which are considered reliable but not guaranteed.

Beneficial interest in assets held by FFTC (Foundation for the Carolinas)

Value based on the values of the underlying investments held by the Active Long-Term Growth Pool maintained by FFTC. The underlying investments are made up of exchanged-traded funds with quoted market values, comprising of broad domestic and international large and small cap stocks in developed and emerging markets.

Mutual Funds

Value based on pricing information provided by quotation services or other sources, which are considered reliable but cannot be guaranteed.

B. Liabilities

1. Retirement Plan

The 401(k) plan allows plan participants to make salary deferral contributions to the plan in an amount not in excess of the maximum allowed by the Internal Revenue Code. The School contributes a 100% match on the voluntary contributions up to the first 3% of the annual compensation of each plan participant.

The participants may make voluntary contributions, pursuant to a salary reduction agreement, of a percentage of annual compensation not to exceed the limits set by the Internal Revenue Code. For the year ended June 30, 2021 the Board of Directors approved a discretionary match; therefore, the School contributed a 100% match on the voluntary contributions up to the first 3% of the annual compensation of each eligible employee this year.

At June 30, 2021, all eligible employees of the School were included in the Plan. The School made all required contributions. For the year ended June 30, 2021, the pension cost was \$197,283, with participants contributing \$368,809.

2. Deferred Inflows of Resources

The balance in deferred inflows of resources at year-end is composed of the following:

Description	Unearned Revenue
Interest Rate Swap	\$ 1,430,447
	<u>\$ 1,430,447</u>

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

II. Detail Notes on All Funds - Continued

3. Risk Management

The School is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School maintains general liability and errors and omissions insurance coverage of \$1 million per occurrence with a commercial carrier. In addition, the School also maintains an umbrella policy in the amount of \$10 million per occurrence.

The School carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage during the year, and claims have not exceeded coverage during the past three fiscal years.

In accordance with G.S. 115C-442, the School's employees who have custody of the School's monies at any given time are performance bonded through a commercial fidelity bond. The Headmaster and Chief Financial Officer are bonded for \$1,000,000.

The School does not carry coverage for loss due to flood damage.

4. Long-term Obligations

a. Operating Leases

The School leases educational facilities under a lease agreement from the Foundation. The lease expires in December 2034 and requires the School to pay maintenance, insurance and other expenses. The School prepaid the lease using long-term debt proceeds. Lease expense in the amount of \$891,967 for the year ended June 30, 2021 was charged to the governmental function of system-wide support services. Accordingly, the Foundation recorded the prepaid rent as a long-term liability and will recognize rental income in the year which it is earned. The Foundation's rental income for the year ended June 30, 2021 was \$891,967.

On May 18, 2017, the above referenced lease agreement was amended to include additional rent of educational facilities and to extend the lease period through December 1, 2042. Rent expense for the additional educational facilities will be \$20,000,000 through the expiration of the lease. In conjunction with the lease amendment the School entered into a financing agreement, as described in Note II.B.4.b, to prepay the rent as balances become due on the construction of the educational facilities. Amortization of rent expense for the facilities began upon receipt of the certificate of occupancy in July 2018.

As of June 30, 2021, the School's prepaid rent under the lease agreement and lease amendment was \$19,102,968. This amount is presented as prepaid rent on the statement of net position and the School will record rent expense based on the amortization schedule. The prepaid rent received by the Foundation is recorded as a liability on the statement of net position and the Foundation will recognize revenue using the following amortization schedule.

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

II. Detail Notes on All Funds - Continued

The future prepaid lease will be expensed by the School and recognized as revenue to the Foundation, as follows:

June 30, 2022	\$ 891,967
June 30, 2023	891,967
June 30, 2024	891,967
June 30, 2025	891,967
June 30, 2026	891,967
July 1, 2026 – June 30, 2031	4,459,837
July 1, 2031 – June 30, 2036	4,459,837
July 1, 2036 – June 30, 2041	4,459,837
July 1, 2041 – December 1, 2042	1,263,622
	<u>\$ 19,102,968</u>

In addition, the School leases various equipment under non-cancelable operating leases through June 2025. Total equipment lease expense for the year ended June 30, 2021 was \$67,534.

The following is a schedule of future minimum lease payments:

June 30, 2022	\$ 55,902
June 30, 2023	903
June 30, 2024	903
June 30, 2025	903
	<u>\$ 58,611</u>

b. Revenue Bonds

Effective May 18, 2017, the Public Finance Authority issued the \$20,000,000 Educational Facilities Revenue Bond (Union Academy Project) Series 2017 (the “Bond”) to provide funds to refund the Educational Facilities Revenue Bond (Union Academy Project) Series 2010, finance the prepayment of a facility lease between the School and Foundation, and to pay certain expenses incurred in connection with the issuance of the Bond. The proceeds received by the Foundation for payment of the lease are used to fund the construction of educational facilities. The Foundation is contingently liable as a guarantor of the revenue bond. Also, effective May 18, 2017, the Public Finance Authority sold the Bond to Branch Banking and Trust Company (now Truist Bank) where it effectively functions as a commercial loan.

The proceeds were used to finance the acquisitions, construction, and equipping of the following:

- i. 34,500 square foot expansion of an existing building to expand the multipurpose room and add additional classrooms
- ii. 68,703 square foot lower school building for classroom and administrative offices
- iii. 40,360 square foot building to house a competition gym, field house and fine arts room.

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

II. Detail Notes on All Funds - Continued

In January 2021, the School refinanced the Bond with Truist Bank. Interest is based on 81.5% of 30 day LIBOR plus 1.25%. The interest rate at June 30, 2021 was 1.32%.

Revenue bond outstanding at year end was as follows:

Educational Facilities Revenue Bond (Union Academy Project),
 Series 2017, principal due monthly in amounts commencing in
 June 2021 ranging from \$42,524 to \$81,470 through May 2042.
 Interest is due monthly. \$ 18,649,112

The future payments of the revenue bonds for the years ending June 30 are as follows:

Year Ending June 30	Variable Rate Bonds		
	Principal	Interest	Total
2022	\$ 516,978	\$ 238,859	\$ 755,837
2023	533,239	231,834	765,073
2024	550,002	224,589	774,591
2025	567,296	217,116	784,412
2026	585,137	209,408	794,545
2027-2031	3,213,508	922,662	4,136,170
2032-2036	3,747,599	690,302	4,437,901
2037-2041	4,379,628	419,027	4,798,655
2042	4,555,725	-	4,555,725
	<u>\$ 18,649,112</u>	<u>\$ 3,153,797</u>	<u>\$ 21,802,909</u>

c. Changes in General Long-Term Obligations

The following is a summary of the changes in the School's general long-term obligations for the year ended June 30, 2021:

	Balance July 1, 2020	Increases	Decreases	Balance June 30, 2021	Current Portion
Governmental activities:					
Revenue Bonds	<u>\$ 19,332,123</u>	<u>\$ -</u>	<u>\$ 683,011</u>	<u>\$ 18,649,112</u>	<u>\$ 516,978</u>

d. Interest Rate Swap/Derivative Instrument

The School follows accounting guidance for derivative instruments. All derivatives are to be reported on the statement of net position at fair value, and depending on whether a derivative is deemed a hedge or an investment instrument, the changes in fair value are either reported on the statement of net position as a deferral, or in the statement of activities as investment revenue or loss.

On November 13, 2017 the School has entered into an interest rate SWAP agreement in connection with the revenue bond issuance of \$20,000,000. This mechanism is intended to be a partial cash flow hedge against changing interest rates of the School's variable rate bonds. The agreement provides the School with a synthetic fixed interest rate on the bond. During the term of the agreement, the School expects to effectively pay a fixed rate on the debt while in return, the counterparty pays interest to the School based on an agreed upon variable rate. The interest rate SWAP is classified as an effective cash flow hedge, since the SWAP payments received substantially offset the payments made on the associated debt and changes in fair value are

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

II. Detail Notes on All Funds - Continued

deferred. In January 2021, in conjunction with the Bond refinance, the School terminated the existing SWAP agreement and entered into a new SWAP agreement.

Terms: The interest rate SWAP agreement matures on January 28, 2036 for a notional amount of \$18,186,639, the face amount of the variable-rate bonds. The notional value of the SWAP is reduced by principal payments on the associated debt. The School receives a variable interest rate based on the 81.50% LIBOR Index, which at June 30, 2021 was .055%, plus 1.25% and pays a fixed rate of 3.099%. Conversely, the variable interest rate is based on the actual floating rate marketed weekly.

Fair Value: The mark-to-market valuation was established by market quotations obtained by the counterparty, representing estimates of the amounts that would be paid or received for replacement transactions. The SWAP had a fair value of (\$1,430,447) at June 30, 2021 due to changes in interest rates since the execution of the SWAP. The School has reported the fair value on the government-wide statement of net position as a governmental activities asset, offset by a deferred inflow of resources.

Credit Risk: The School is exposed to credit risk on the interest rate SWAP that has positive fair value (asset position). When interest rates decline and the fair value of the SWAPs are negative, the School is not exposed to credit risk. However, should interest rates change and the fair value of the SWAP become positive, the School would be exposed to credit risk in the amount of the interest rate SWAP's fair value. The SWAP counterparty was rated A and A1 by Standard & Poor and Moody's, respectively.

Basis Risk: Basis risk is the risk that the interest rate paid by the School on underlying variable rate bond to the bondholder temporarily differs from the variable SWAP rate received from the applicable counterparty. The School bears basis risk on its SWAP. The SWAP has basis risk since the School receives a percentage of LIBOR to offset the actual variable bond rate the School pays on its bond. The School is exposed to basis risk should the floating rate that it receives on a SWAP be less than the actual variable rate the School pays on the bonds. Depending on the magnitude and duration of any basis risk shortfall, the expected cost of the basis risk may vary.

Termination Risk: The School or the counterparty may terminate the SWAP if the other party fails to perform under the terms of the contract. An additional termination event occurs if the counterparty's credit rating falls below investment grade. Termination risk is the risk that the associated variable rate debt no longer carries the synthetic fixed rate and if at the time of termination, a SWAP has a negative fair value, the School is liable to the counterparty for payment equal to the SWAP's fair value.

Rollover Risk: The School is exposed to rollover risk since the SWAP matures prior to the associated debt. When the SWAP terminates, the School will not realize the synthetic rate offered by the SWAP.

5. Claims and Judgments

At June 30, 2021, the School was a defendant to various lawsuits. In the opinion of management and the School's attorney, the ultimate effect of these legal matters will not have a material adverse effect on the School's financial position.

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

II. **Detail Notes on All Funds - Continued**

C. **Interfund Balance**

Interfund balances at June 30, 2021, consisted of the following:

Governmental funds:

Balance Sheet:

Due from fiduciary fund \$ 105,000

Fiduciary fund:

Balance Sheet:

Due to general fund \$ 105,000

D. **Fund Balance**

The School has a revenue spending policy that provides a policy for programs with multiple revenue sources. The Chief Financial Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-board of education funds, School funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly, unassigned fund balance. The Chief Financial Officer has the authority to deviate from this policy if it is in the best interest of the School.

The total unassigned General Fund balance of \$8,386,264 is available for appropriation.

III. **Related Party Transactions**

The School pays the salaries for employees of the Foundation and the Foundation then reimburses the School. The total payroll, payroll taxes and benefits reimbursed to the School for the year ended June 30, 2021 was \$138,207.

The School leases educational facilities under a lease agreement from the Foundation as described in Note II.B.4.a.

The School pays the salaries for the employees of the UA Pre-K and the UA Pre-K then reimburses the School to the extent they are able. If the UA Pre-K is unable to reimburse the full amount, the School increases the amount due from other fiduciary funds for repayment at a later date. The total payroll, payroll taxes, and benefits reimbursed to the School for the year ended June 30, 2021 was \$125,502. Of that, \$42,000 was not reimbursed by the UA Pre-K but was recorded as due from fiduciary funds.

IV. **Summary Disclosure of Significant Contingencies**

Federal and State Assisted Programs

The School has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

Union Academy
Notes to Basic Financial Statements
For the Year Ended June 30, 2021

V. Subsequent Events

Management has evaluated subsequent events and transaction through October 28, 2021, the date of issuance of these financial statements for required recognition or disclosure.

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the School’s financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation and its potential impact on its financial condition, liquidity, operations, suppliers, industry and workforce. Given the daily evolution of the COVID-19 outbreak and the global resources to curb its spread, the School is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2022.

Union Academy
Note to Supplementary Information
Budgetary Comparison Schedule
For the Fiscal Year Ended June 30, 2021

Note A. Explanation of differences between budgetary sources and uses of funds and GAAP revenues and expenditures for total governmental funds

Funding sources:

Actual amounts (budgetary basis) "total revenues" from the budgetary comparison schedule - All Fund Types	\$ 17,648,120
Adjustments	-
Total revenues for all funds on a GAAP basis of accounting	17,648,120
Reclassifications:	
The Academy reports sources of funds in the budget as revenues in nonmajor funds for GAAP reporting:	
Federal Grants Fund	(439,984)
Club and Activities Fund	-
Total revenues for general fund and major special revenue fund	<u>\$ 17,208,136</u>
Total revenues as reported on the statements of revenues, expenditures, and changes in fund balances:	
General Fund	\$ 5,101,849
State Public School Fund	12,106,287
Total revenues for general fund and major special revenue fund	<u>\$ 17,208,136</u>

Uses:

Actual amounts (budgetary basis) total expenditures from the budgetary comparison schedule - All Fund Types	\$ 15,505,220
Adjustments	
Proceeds from debt service are not budgeted as they have no net cash effect on the School, however they are recognized for GAAP purposes:	-
Total expenditures for All Fund Types on a GAAP basis of accounting	15,505,220
Reclassifications:	
The Academy reports uses of funds in the budget as expenditures in other nonmajor funds for GAAP reporting:	
Federal Grants Fund	(439,984)
Club and Activities Fund	-
Total expenditures for general fund and major special revenue fund	<u>\$ 15,065,236</u>
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances:	
General Fund	\$ 2,958,949
State Public School Fund	12,106,287
Total expenditures for general fund and major special revenue fund	<u>\$ 15,065,236</u>

STATISTICAL SECTION

Statistical Section

The Statistical Section presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information say about Union Academy's overall financial health. The schedules included in this section can be categorized as follows:

Financial Trends Schedules

These schedules contain trend information to help the reader understand how the School's financial performance and well-being have changed over time.

Revenue Capacity Schedules

These schedules contain information to help the reader assess one of the School's most significant local revenue sources. Information regarding Union County's property tax base have been included since the School received a significant amount from the County.

Debt Capacity Schedules

This schedule presents information to help the reader assess the School's current levels of outstanding debt and the School's ability to issue additional debt in the future. Data from Union County is not included in this section as charter school debt issuances are not reliant upon the county for funding.

Demographic and Economic Information Schedules

These schedule offer demographic and economic indicators to help the reader understand the environment within which the School's financial activities take place.

Operating Information Schedules

These schedules contain service and infrastructure data to help the reader understand how the information in the School's financial report relates to the services the School provides and the activities it performs.

Sources: Unless otherwise noted, the information in these tables is derived from the annual comprehensive financial reports to the relevant year.

Note: 1. The Union County Board of Education granted the Lower Campus property to Union Academy via a Special Warranty

Deed with Reverter clause on December 20, 2004. Should Union Academy cease to occupy the property or if the charter is terminated or not renewed, it shall revert to the Union County Board of Education.

2. The Upper Campus is leased from Union Academy Foundation.

3. Primary use for Lower Campus as of July 1, 2018 is a professional development and testing site on an intermittent basis. Capacity used varies daily.

4. Gymnasium percentage of capacity used varies widely depending whether being used for assemblies, ballgames or gym class.

5. Multi Purpose Room percentage of capacity used varies.

6. Percentage of capacity used varies depending on fine arts classes offered at various times throughout the day.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Independent Auditors' Report

To the Board of Directors
Union Academy
Monroe, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of **Union Academy**, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprises **Union Academy's** basic financial statements, and have issued our report thereon dated October 28, 2021. Our report includes a reference to other auditors who audited the financial statements of Union Academy Foundation, as described in our report on the Union Academy's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of Union Academy Foundation were not audited in accordance with *Governmental Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered **Union Academy's** internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of **Union Academy's** internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether **Union Academy's** financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB UNIFORM GUIDANCE AND THE STATE SINGLE AUDIT IMPLEMENTATION ACT

Independent Auditors' Report

To the Board of Directors
Union Academy
Monroe, North Carolina

Report on Compliance for Each Major State Program

We have audited **Union Academy's** compliance with the types of compliance requirements described in the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission that could have a direct and material effect on its major State program for the year ended June 30, 2021. **Union Academy's** major State program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its State programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for **Union Academy's** major State program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), as described in the Audit Manual for Governmental Auditors in North Carolina and the State Single Audit Implementation Act. Those standards, Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State program occurred. An audit includes examining, on a test basis, evidence about **Union Academy's** compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for its major State program. However, our audit does not provide a legal determination on **Union Academy's** compliance.

Opinion on Each Major State Program

In our opinion, **Union Academy** complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major State program for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of **Union Academy** is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered **Union Academy's** internal control over compliance with the types of requirements that could have a direct and material effect on a major State program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for its major State program and to test and report on internal control over compliance with the Uniform Guidance and the State Single Audit Implementation Act, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a State program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance and the State Single Audit Implementation Act. Accordingly, this report is not suitable for any other purpose.

Notes to the Schedule of Expenditures of Federal and State Financial Awards:

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of Union Academy under the programs of the federal government and the State of North Carolina for the year ended June 30, 2021. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a select portion of the operations of Union Academy, it is not intended to and does not present the financial position, changes in net assets or cash flows of Union Academy.

Note 2: Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursements.
