

## Setting up QuikLunch Restrictions

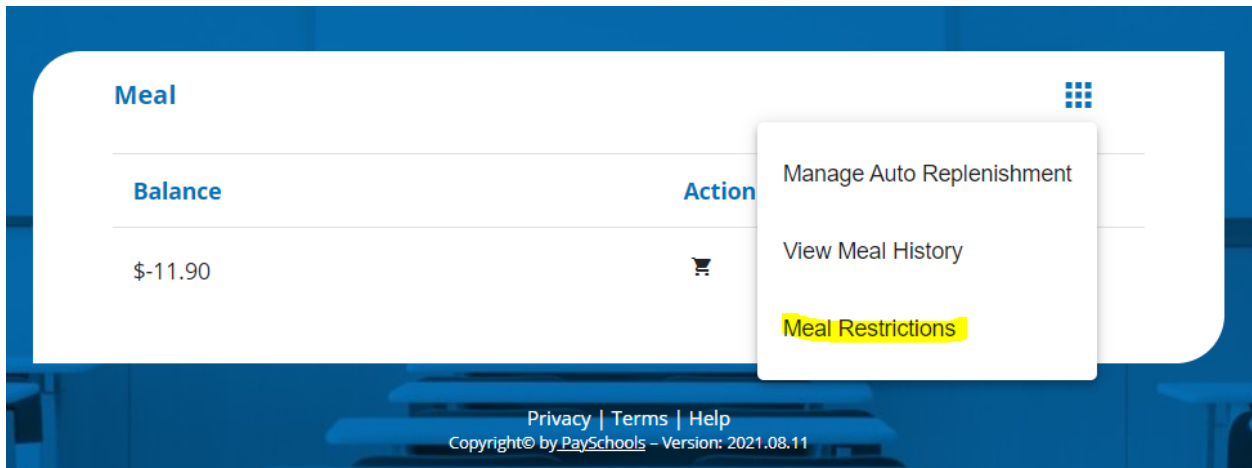

When a parent logs onto PaySchools Central they will land on the Dashboard.

On this page, they should see their student and their meal balance.

The icon made of squares can be clicked to manage the student's meal account.

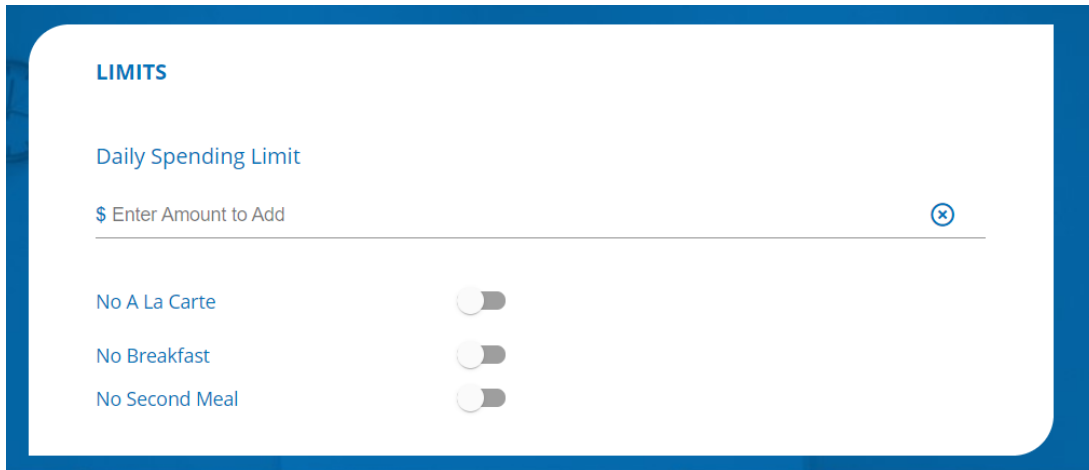

You can view the meal history (a record of transactions), set up recurring payments and go to meal restrictions.

Here you can set your student's spending limits.

**Understand**, a spending limit would need to include Lunch and any other items your student may purchase in a day.

**LIMITS**

Daily Spending Limit

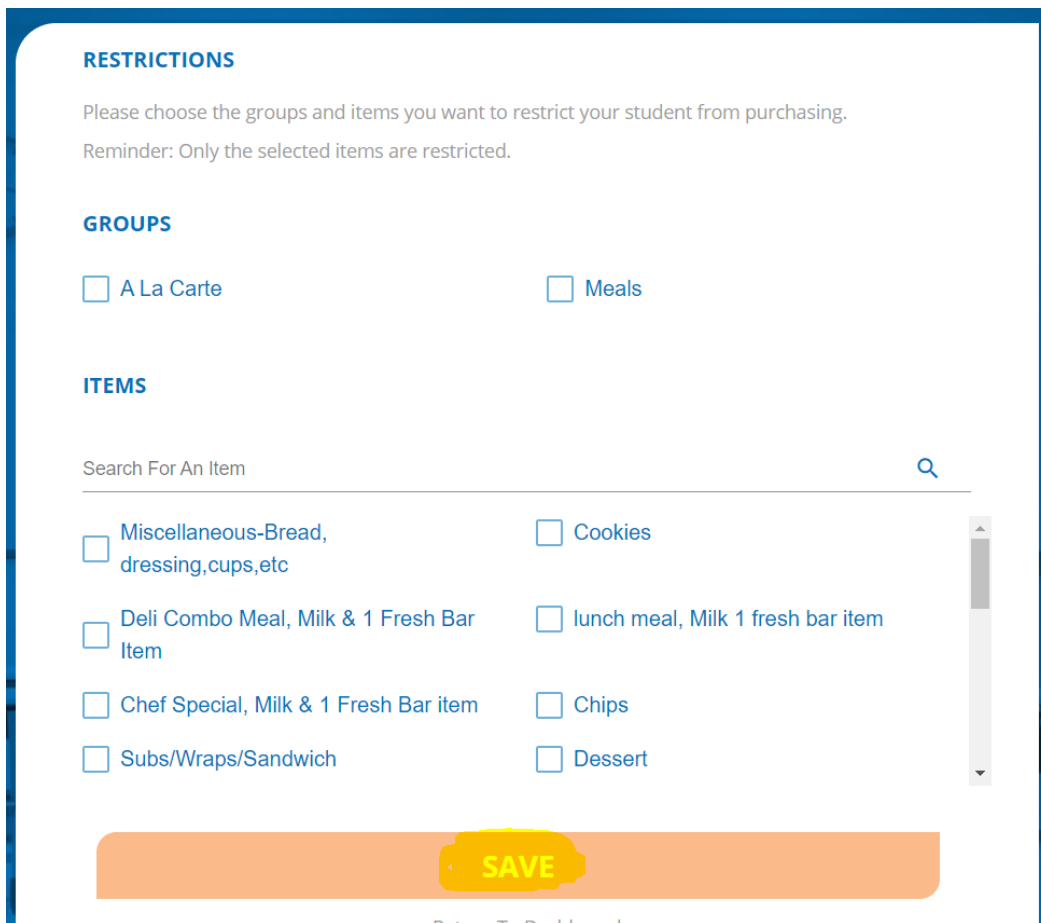

\$ Enter Amount to Add ✕

No A La Carte

No Breakfast

No Second Meal

### And Restrictions

**RESTRICTIONS**

Please choose the groups and items you want to restrict your student from purchasing.  
Reminder: Only the selected items are restricted.

**GROUPS**

A La Carte  Meals

**ITEMS**

Search For An Item 🔍
