

WMS SUMMER CAMPS

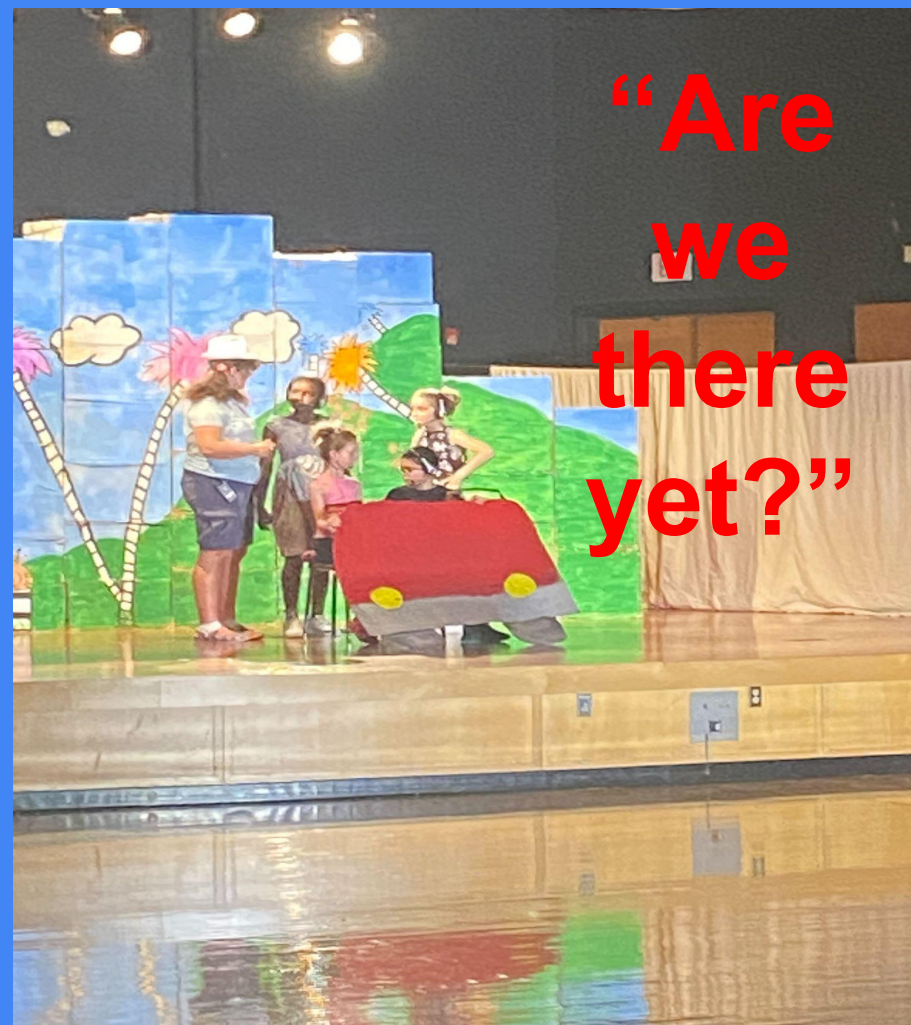

2023

- Theater July 10th-July 14th

During the week-long program, students moved through the production process of learning and performing a musical - from being cast in roles, putting together sets, props, and costumes, learning character development, choreography, and acting skills. Students then put on their show to friends and family at the end of the week.

Jewelry Making July 17-21

Students designed and created different types of jewelry using many forms of materials. Materials they used included metal, beads, rubber bands, yarn, etc. Prior to creating a piece of jewelry, the students sketched out what they would like to make (with labels), chose their desired materials, and then produced the jewelry.

Students were given the opportunity to decide how many ROAR tickets their jewelry should cost, based on the materials needed to make it, in order to find an appropriate price for the PBIS-run School Store.

A Week of Dance July 24-28

Students learned about, choreographed, and performed different types of dance each day. They learned about the history and elements of each type of dance. They worked to choreograph and perform a dance before the end of each day. For each type of dance, students demonstrated knowledge and understanding of the vocabulary incorporated daily. Types of dances included Contemporary, Modern, Hip Hop, Ballet, Tap, and Jazz. The class researched and provided input toward which dances were learned about each day.

Beginning Band Boot Camp July 31-Aug 4

Any incoming 5th grader, who signed up for Band, was eligible to participate in the Beginning Band Boot Camp. Returning Band students were eligible to apply for a leadership position.

The “Dance Camp” ran a second week. It was decided that the “Band” and “Dance Camps” combine their skills. They played instruments and danced to a choreographed number for others to enjoy!
