

The Hubbard Fund for British Cultural Travel

The purpose of the fund is to support the travel of Wilbraham & Monson Academy students to England so as to instill in them an appreciation for the history and culture of England and to understand through first-hand experience the connectedness of our two nations.

Mr. Hubbard provides funding for yearly travel to England over seven days for four WMA students with preference given to those who have never traveled abroad before, as well as two faculty members.

Mr. Hubbard's funding will pay for travel expenses including transportation (airfare, transfers and ground transport), accommodations (mid-priced hotels or equivalent), and cultural activities (museums, historical sites, guided tours and performances) while in the U.K. Students and faculty members are responsible for personal purchases.

Interested students must submit an essay detailing why they would like to travel to England for further study and to include any previous travel experience to the Faculty Trip Leaders by Dec.1, 2023.

Essay prompt: How will the experience of visiting cultural, historical landmarks, and immersing yourself in British culture enhance your understanding of the relationship between Britain and the United States?

If accepted, students are expected to write a brief post-trip essay about their experience and share at least three photos from the trip.

Trip cost: \$500

When: June 2024

Faculty Leaders: Mr. Bloomfield and Mrs. Crocker RN
