Job Title: IT Budget Procurement Specialist

Qualifications:

Credentials:

Valid Oklahoma Driver's License, and acceptable driving record;
Education: High school diploma and specialized vocational experience in or after high school in computers, bookkeeping and basic office skills.

Training or Experience Required: At least 3 years accounting or general bookkeeping experience required. Experience in accounting, purchasing, accounts payable, property accounting or related business and/or financial services field, preferably in an educational or governmental environment, desirable. Must have experience using word processing, databases, and spreadsheets, as well as working with computerized accounting software.

Experience in operational budgets for Oklahoma school districts preferred. Knowledge and experience in working with Oklahoma Cost Accounting System (OCAS) and related State Department of Education regulations.

Experience working with automated property accounting systems/records, and scanning and bar-coding equipment, is also desirable. 3-4 years of secretarial and/or clerical experience in an educational environment is desirable.

Special Skills, Knowledge, Abilities:

Knowledge of informational and instructional technology, computer hardware, software, device distribution, device inventory, help desk support/ management, technology systems, procedures, policy, and networks is strongly recommended. An incumbent in this position must be flexible, have a positive attitude and be willing to learn; also have keyboard entry skills and analytical problem solving abilities.

Serves as a Technology Center liaison with vendors, classroom teachers, building administrators, and district personnel in interfacing district needs with new technologies. Plans and implements purchasing and procurement of technology in areas related to information technologies and instructional technology. Consults with instructional staff, accounting department, and asset control on a regular basis. In collaboration with the Director of Technology or designee, plan and implement programs, trainings, events, and other district initiatives.

Communication Skills (oral, written, or business): Exceptional communication skills to exchange information give/receive complex instructions and respond to inquiries. Includes filling out forms. Communicates on the phone in clear, grammatically correct English.

Data Recording/Record Keeping: Performs data recording/record keeping operations determining what changes need to be made to existing records, including computerized records.

Mathematical Skills: Performs routine computations requiring knowledge of addition, subtraction, multiplication and division using whole numbers, fractions, decimals and/or percentages.

Reading and Interpreting: Reads and interprets routine to complex written or printed materials such as charts, contracts, application forms, or instruction material.

Business Machines (like computers, copiers, etc.): Uses business machines that can be easily learned from manuals or verbal instructions. Such machines include but are not limited to photocopiers, FAX machines, computers, 10-key calculators, and multi-line telephone consoles. Intermediate level experience in word processing and spreadsheet software packages is desired.

Office Filing and Retrieving: Responsible for establishing and/or maintaining an existing filing system.

Spelling Skills: Incumbent needs to spell correctly and proofreads work of others concerning spelling and grammatical structure.

Typing Skills: Typing/Word Processing at 60 required.

Site: Technology Center

Reports To: Director of Technology

Job Goal (Purpose of Position): Performs skilled-level secretarial duties under general supervision to assist the Director in the efficient functioning of the office and to assist the Technology Department. Assists in ensuring the accuracy and integrity of the financial accounting for the Bond Funds overseen by the Technology Department. An incumbent in this position will follow generally standardized operating policies and procedures.

This position works to develop procedures and plans for technology deployments for district, staff, and students. This individual manages inventory of these assets, develops and recommends replacement schedules, and develops, coordinates, and implements technology deployment and support. This position covers planning and delivery of customer support services including installation, and troubleshooting.

Performs purchasing duties under limited supervision to assist the Technology Director to receive, review, and process purchase orders and reports. These include data entry, preparation of various reports, and verification of accounting codes, authorized buyers, and authorized vendors. The dollar amount of purchases must be reviewed to ensure State statutes are being followed.

Under minimal supervision, performs fixed asset accounting duties, maintaining a “perpetual” system that records all district property transactions on a timely basis, and any other duties and responsibilities as may be assigned by the Director of Technology.

An incumbent in this position will follow generally standardized operating policies and procedures. On occasion this individual will need to utilize discretion, ingenuity and independent judgment due to the complexity of the job. Since there may be several ways to solve a problem, an incumbent is empowered to choose the solution based on best practice and in accordance with the servant oriented vision for the Technology Center team.

Contact with Others: An incumbent in this position has regular contact by telephone or in-person with the public to determine actual information needed. Must be able to elicit necessary information and make important screening decisions for administrative supervisors.

Other Performance Measures:

Successful performance of the job requires good customer service/people skills to elicit information, resolve problems and provide information as requested. It requires following safety guidelines and policies to reduce personal accident or injury. It requires following school dress standards, proper attendance or leave policies, and other work-habits concerns. Creativity, initiative, and effective problem solving are important to the success of the position. In addition, must maintain a positive attitude and be cooperative toward other staff members, the public, and students within the educational system.

Essential Job Functions:
