This same week we will be organising meaningful employer/college/university encounters for any students not able to secure work placements; this could be an activity, presentation, Q&A session or anything else!? and could be as little as a 1 hour slot, up to as much time as you feel you can give throughout the week.

If you feel you would be able to attend/assist with any of the above, please let me know and reserve the date in your diaries. Further details regarding events will then be sent nearer the time.

Many many thanks in advance for ANY offers of support.

Kind Regards
